This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To cooperate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

INTRODUCTION

R. L. POLK DIRECTORY CO., publishers of the Salida and Chaffee County Directory, present to subscribers and the general public, this, the 1930-31 edition of the Salida Directory, which also includes directories of Buena Vista, Centerville, Garfield, Nathrop, Poncha Springs and Turret, together with a directory of the rural free delivery box holders on routes which are pivotal from the Salida, Garfield and Turret Post Offices.

Confidence in the growth of the community's wealth and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting the community to the world.

The enviable place occupied by R. L. POLK DIRECTORY CO.'s directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Salida Directory will fulfill its mission as a source of authentic information pertaining to the community.

Population

The estimated population of Salida is 5,700, based on the number of individuals' names in the alphabetical section of the directory, with due allowances for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory. The population of Buena Vista is estimated at 800.

Seven Major Departments

The several essential departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT for Salida, pages 13 to 16, presents a variety of information, such as lists of city, county, and federal officials; church, post office, public school and fraternal organizations; statistical summary; historical sketch; manufacturing, trade and civic surveys, etc. A similar department for Buena Vista is included in page 113.

THE BUYERS' GUIDE, pages 17 to 24, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Salida. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The necessity of having this kind of information immediately available, is very great and, frequently, pressing. General appreciation of this fact is evidenced by the support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Salida is included in pages 25 to 88. A similar list for Buena Vista is contained in pages 114 to 124, Centerville page 124, Garfield page 124, Nathrop page 125, Poncha Springs page 126, and Turret page 128.

THE DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE for Salida covers pages 89 to 111. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character "o", placed immediately after the name of the householder.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 129 to 148 This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE CHAFFEE COUNTY DIRECTORY, including the small towns of the county, arranged in alphabetical order, covers pages 124 to 128.

THE RURAL ROUTES DIRECTORY, pages 149 to 153, includes the box holders on the rural routes served by the Salida Post Office.

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence and as a business location. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Salida and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is.

Directory Library

Through the courtesy of the publishers of the Salida and Chaffee County Directory, a Directory Library is maintained in the offices of the Colorado Springs Chamber of Commerce, for free reference by the general public. This is one of the 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

SALIDA

"The Gem City of the Rockies"

The Center of Colorado—The Playground of America

The climate of Salida has no peer in Colorado. The statement is made advisedly. The average number of clear days is 328 in a year. The percentage of sunshine during the year is about 90. A day on which the sun does not shine a part of the time is exceedingly rare. Years have been recorded in which the sun was seen every day. Storm seasons at all times of the year are short. The rains come in showers, not in days and weeks.

With our many hot springs, grand scenery, the very best in the Rocky Mountain region, sunny days, cool nights, pure water and delightful central location, Salida is the place to find health and pleasure.

The Gateway to ten National Forests, good fishing, camping, and the finest mountain scenery in America. Visit it once and you will stay or come again.

Salida is Division point for four branches of the Denver and Rio Grande Western Railroad. The railroad shops and the Headquarters of the Division Superintendent and Master Mechanic are located here. The Railroad payroll is large.

The Salida Granite Corporation, also the Mountain Cross Granite Company have granite finishing plants at Salida; our monumental granite is becoming internationally known, because of its exceptional high qualities, which are not surpassed by any other granite for monumental purposes, and Salida Rose Pink granite is fast attaining International prominence as the finest sculptural granite in the world. Some of the finest artistic structures and memorials in the United States are using this granite in preference to all others.

Salida is headquarters for the Cochetopa National Forest, which is being extensively developed. Creosoting plant for the treatment of railroad ties, telephone poles, timbers, etc., is located here supplying the Western Territory.

Salida is the center of the greatest complex ore district in the world. The Rawley Mines in the Bonanza District, is the heaviest producer in the State, the iron mines at Orient continue a steady production, and the immense Lime deposits in the Monarch District will be developed to production of 600 tons daily.

Dairying, stock raising, and the gardening of the famous mountain head lettuce and other high altitude vegetables are important industries, especially head lettuce which is of the finest grade known; the soil in this valley is especially adapted to the raising of certified seed wheat, barley, oats and telephone peas of the best grade.

Mount Shavano Trout Farm, the largest raiser and distributor of Mountain Trout in the world. You are invited to visit Mt. Shavano Farm, which is only one and one-half miles west of Salida. You will consider your visit to the Farm well worth while.

Salida has excellent schools. The Baptist, Christian, Catholic, Christian Science, Methodist, Presbyterian and Church of God denominations have churches here. The finest Railroad Hospital in the State is located in Salida, also the Red Cross Hospital, having patients from all of the Southern half of Colorado. The City has excellent Mountain water. The scenic attractions of Salida are so beautiful, and so numerous and varied in their character that a detailed description in this allotted space is out of the question. Salida is the gateway to the Cochetopa, Leadville and San Isabel National Forests embracing more than two million acres of a rugged and picturesque portion of the Rocky Mountains. Salida has good hotels and garages for the accommodation of motorists, and an attendant is in charge of the Information Bureau and Chamber of Commerce Headquarters, at 123 E. 3rd Street, the entire year, where you are always welcome and can secure road information.

POLK'S SALIDA

Street and Avenue Guide and Directory of Householders 1930-31

Copyright, 1930, R. L. Polk Directory Co.

In the following list the streets are arranged in alphabetical order. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupant or householder. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the street are included in one list. To find occupation of householders, refer to Alphabetical List of Names.

(o) denotes ownership of the property.

EXPLANATORY

The streets south of and running parallel with the D & R G W R R are First, Second, Third and so on up to Seventeenth Street. The streets running east and west and crossing the above named streets at right angles are the Alphabetical streets. Arkansas River is the eastern boundary line of the city and O Street is the western boundary line, and the D & R G W tracks form the northern boundary line. Rainbow blvd is the southern boundary line. F Street is the main thoroughfare and is the dividing line between east and west of the numerical streets. First Street is the dividing line between north and south of the alphabetical streets. The streets are not laid out on a square with the compass, but for convenience we speak of them as North, South, East and West.

Miscellaneous Information

For information not found in this department see regular Alphabetical Section or under proper heading in the Classified Business Directory.

Buena Vista is the county seat of Chaffee County, situated in the valley of the Arkansas River, 235 miles southwest of Denver and 25 miles northwest of Salida, at an elevation of 7,968 feet. It has a population of 800.

The town is beautifully located on the Denver & Rio Grande Western Railway. Many substantial homes and business houses are located here. An abundance of pure water is a feature of the town.

The Colorado State Reformatory is located one mile south of the city.

The Princeton and Buena Vista Hot Springs are located nearby—the waters of which are noted for their healing properties, and many tourists from all parts of the country are to be found there during the summer season.

As a health resort it is unsurpassed.

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?
