# INTRODUCTORY.

25.9

We present herewith the first volume of R. L. Polk & Co.'s Salida City and Chaffee County Directory, with the confident assurance that it will fill a long-felt want among the business and professional men of Salida and the surrounding towns in Chaffee County. We believe it to be the only complete work of the kind ever issued for this City and County and that it can correctly answer any directory question asked concerning Salida, its people, its churches, banks, schools, societies, manufacturing interests, jobbing and retail trade.

The general features of the work consists of a complete alphabetical list of the business firms, corporations, professional men and private citizens of Salida, Buena Vista, Alpine, Bath, Centerville, Granite, Hortense, Monarch, Nathrop, Newett, Poncha Springs, Riverside, St. Elmo, Turret and Winfield, all of which will be found properly listed on pages 55 to 249 inclusive. The Salida alphabetical list commences first, beginning on page 55 and ending on page 192. The alphabetical lists of each of the other towns follow after Salida in the order mentioned above. (Pages 193 to 249.)

Following this (pages 249 to 269) is the list of Land Owners and Farmers of Chaffee County. These names have been obtained from the Official Tax Lists at Buena Vista and are therefore considered correct. Following the name of each Land Owner is given: first, the number of acres owned: second, the assessed valuation of same: third, the owner's postoffice address.

The last section of the book from pages 270 to 317 contains the names of all manufacturers, business and professional men, classified under appropriate headings, which brings all persons of like business together. It will be found useful in purchasing wares of any description, as the names and locations of all persons engaged in any line of trade will be seen at a glance.

This Directory is placed in the libraries of the Directory Offices of all the important cities of the country, where it is frequently consulted by non-residents, persons seeking investments, travelers, etc., and where it serves as a lasting advertisement for the city, its business men and its public and private citizens. To the many friends who have kindly furnished needed information and to the business and professional men of the city and county who have stood by us so loyally in this publication, we return our hearty thanks and promise on our part that we will publish the Second Edition of this work in due time, with such improvements as the wants of our patrons may require. Labor and expense have not been considered in making this work equal to the best of its class. With confidence in the superiority of the publication, we submit it to an exacting public and the severe tests to which it will be subjected daily.

# CAUTION.

Deal only with well-known publishers when giving orders for Directory advertising.

**READ ALL ORDERS CAREFULLY BEFORE SIGNING,** and do not sign duplicate "vouchers" as they are invariably used fraudulently.

**PAY NO MONEY IN ADVANCE.** All well-known publishers instruct their men to collect nothing prior to publication, and any attempt to collect needs immediate investigation.

### RATES OF POSTAGE.

Office of the First Assistant Postmaster General, Washington, D. C.

Be sure you have sufficient postage on packages.

Inquire at postoffice if in doubt, and avoid delay of packages in postoffice or in Dead Letter Office at Washington.

Packages sealed require letter rates. Packages unsealed, with writing on inside in the nature of correspondence, require letter rate.

Certain articles of merchandise, sealed or unsealed, to foreign countries, are stopped in the Dead Letter Office unless fully prepaid at foreign letter rates.

Many articles of merchandise are absolutely prohibited transmission in the mails; therefore inquire before mailing.

Parcels to Canada or Mexico must never be closed against inspection.

Full payment of postage on foreign mail matter secures cheaper postage in all cases, and should be en-

couraged by postmasters whenever advice or information may be afforded by them to senders of such matter.

The name and address of the sender should be on each parcel before mailing. This is to facilitate a return to the sender in the event of non-delivery.

On letters, sealed packages, mail matter wholly or partly in writing (except proof sheets and corrected proof sheets, and manuscript copy accompanying the same, and except local or drop letters or United States postal cards); all printed matter so marked as to convey any other or further information than is conveyed in the original print, except the correction of mere typographical errors; all matter otherwise chargeable with postage, but which is so wrapped or secured that it cannot be conveniently examined by postmasters without destroying the wrapper or envelope; all packages containing matter not in itself chargeable with letter postage, but in which is inclosed or concealed any letter, memorandum or other things chargeable with letter postage, or upon which is any writing or memorandum; and manuscript for publication in newspapers, magazines or periodicals, two cents for each ounce or fraction thereof. On local or drop letters, at offices where free delivery by carriers is established, two cents for each ounce or fraction thereof.

Second-Class Matter.—Mailable matter of this class embraces all newspapers, magazines and periodicals, exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark or sign, and addressed to regular subscribers, one cent per pound. By act of March 3, 1879, sample copies may be sent at the same rate. Postage on this matter when sent by other than the publisher or news agent, is one cent for each four ounces or fraction thereof, postage to be prepaid by stamps affixed to said matter.

Third-Class Matter.—The following articles are mailable at the rate of one cent for every two ounces or fractional part thereof: Pamphlets, occasional publications,

books, photographs, handbills, posters, sheet music, (printed), prospectuses, maps, proof sheets, regular publications designed primarily for advertising purposes or free circulation at nominal rates, corrected proof sheets, seeds, cuttings, roots, scions and plants.

Fourth-Class Matter.—Mailable matter of the fourth-class embraces: Labels, patterns, playing cards, visiting cards, address tags, paper sacks, wrapping paper and blotting pads, with or without printed advertisements thereon, bill heads, letter heads, envelopes, with or without printed addresses thereon, ornamental paper and all other matter of the same general character. This class includes merchandise and samples, models, samples of ores, metals, minerals, etc., and any other matter not included in the first, second or third classes, and which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail bag or harm the person, postage rate one cent for each ounce or fractional part thereof.

Rates of Postage to Canada.—The Dominion of Canada embraces all the British North American provinces except Newfoundland.

Letters and Postal Cards.—Same rates and conditions of prepayment of postage as for domestic letters and postal cards.

Rates of Postage to Postal Union Countries.—Letters, five cents per half ounce or fraction thereof (fifteen grams being the postal equivalent of half an ounce), postal cards two cents each, registration fee ten cents, printed matter and samples of merchandise, one cent for each two ounces or fraction thereof.

Rates to Other Foreign Countries.—For rates of postage, conditions of prepayment, limits of size and weight and manner of wrapping matter addressed to other foreign countries, ask your postmaster, who is furnished with a monthly Official Postal Guide, containing all necessary information on this subject.

Unmailable Matter.—Obscene books, letters, papers, pictures and postal cards, lottery circulars and letters,

liquids (except as permitted in the regulations); gunpowder and other explosives; live reptiles, animals and insects (except queen bees), poisons and any other article liable to injure the mails or the persons of those handling them, and all other matter otherwise mailable by law upon the envelope or outside cover or wrapper of which, or postal card upon which indecent, lewd, lascivious, obscene, libelous, scurrilous, or threatening delineations, epithets, terms or language reflecting injuriously upon the character or conduct of another may be written or printed, are hereby declared to be non-mailable matter.

Weighing Packages—If you have no scales, have all packages weighed at the postoffice. Postage must be prepaid in full, or the package will not be forwarded.

Forwarding Letters.—Letters and postal cards only may be forwarded from one postoffce to another without prepayment of postage, if remailed without unnecessary delay.

Letters Returned to Writers.—All letters unclaimed, upon which are endorsed the names and addresses of the writers, will be returned, whether a specific request for such return is endorsed or not, provided the original postage has been prepaid according to law.

### BUENA VISTA.

Buena Vista is the county seat of Chaffee county, situated in the valley of the Arkansas river, 235 miles southwest of Denver and 25 miles west of Salida, at an elevation of 7,957 feet. It has a population of 1200.

The town is beautifully located on the lines of the Denver & Rio Grande, Colorado Midland and Colorado & Southern Railways. Many substantial homes and business houses are located here. An abundance of pure water is a feature of the town.

The Colorado State Reformatory is located one mile south of the city, its inmates averaging 118 young men.

The Princeton and Buena Vista Hot Springs are located near by—the waters of which are noted for their healing properties and many tourists from all parts of the country are to be found there during the summer season.

As a health resort it is unsurpassed.
