INTRODUCTORY

The fourth revised edition of our Salida City and Chaffee County Directory is herewith presented with the confidence that it will be found fully up to the standard of like publications issued for the large metropolitan cities. The information contained herein has been secured from reliable sources, by men well trained in this particular line of business, and no expense or labor has been spared to make this publication up-to-date in every way.

The several sections of the work have been arranged as heretofore, and attention is called to the General Index (page 7), which will be found helpful in looking up any desired information.

The Salida alphabetical list contains 3247 individual names, and by using the very conservative multiple of 2, we estimate the present population of the city and its environs to be 6,494.

We thank the business and professional men of the entire county for assistance rendered us in various ways, and for their liberal patronage, and beg to announce that the fifth revised edition of the Directory will be issued by us in due time.

THE CITY DIRECTORY is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyer's Guide on earth---a modern up-to-date method of getting what you want.

Buena Vista Directory

VOL. 1911-1912 IV.

(Copyright Secured 1911.)

Buena Vista is the county seat of Chaffee County, situated in the valley of the Arkansas River, 235 miles southwest of Denver and 25 miles west of Salida, at an elevation of 7,957 feet. It has a population of 1,300.

The town is beautifully located on the lines of the Denver & Rio Grande, Colorado Midland and Colorado & Southern Railways. Many substantial homes and business houses are located here. An abundance of pure water is a feature of the town.

The Colorado State Reformatory is located one mile south of the city.

The Princeton and Buena Vista Hot Springs are located near by—the waters of which are noted for their healing properties, and many tourists from all parts of the country are to be found there during the summer season.

As a health resort it is unsurpassed.
