## INTRODUCTORY

The sixth edition of the R. L. Polk Directory Co.'s Salida City and Chaffee County Directory is herewith presented.

The earlier pages are devoted to useful miscellaneous information relating to Salida and the county in general. This information has all been obtained from original sources and is brought down to the latest possible date before publication. It embraces city officers, county government, courts, postoffice data, banks, churches, with location, name of pastor and hours of service, clubs, associations and societies, colleges and schools, labor organizations, parks, lakes, public buildings, halls and blocks, secret and benevolent organizations, a street guide, ward boundaries, etc. Succeeding these is an alphabetically arranged directory of all the inhabitants of the City of Salida. The same plan is followed for Buena Vista, and is followed by a descriptive sketch and alphabetically arranged list of names for Centerville, Garfield, Granite, Hortense, Nathrop, Newett, Poncha Springs, St. Elmo and Turret. The succeeding pages contain the Classified Directory. Here appear the names of all persons and firms in the county engaged in business, arranged in the class to which they belong; thus every kind of business and the number and names of its representatives may be separately seen at a glance.

Then comes the Farmers, and Land Owners Directory of Chaffee County.

The publishers desire to express to the business and professional men of Chaffee County their acknowledgment of the generous support accorded the work and to extend the promise of unvarying efforts to fill the field in the future as in the past.

## Buena Vista Directory 1916-1917

Buena Vista is the county seat of Chaffee County, situated in the valley of the Arkansas River, 235 miles southwest of Denver and 25 miles west of Salida, at an elevation of 7,957 feet. It has a population of 1,500.

The town is beautifully located on the lines of the Denver & Rio Grande, Colorado Midland and Colorado & Southern Railways. Many substantial homes and business houses are located here. An abundance of pure water is a feature of the town.

The Colorado State Reformatory is located one mile south of the city.

The Princeton and Buena Vista Hot Springs are located near by—the waters of which are noted for their healing properties, and many tourists from all parts of the country are to be found there during the summer season.

As a health resort it is unsurpassed.

## Polk's Medical Register and Directory

FIRST PUBLISHED IN 1886

Has been published at regular intervals ever since without variation in price or purpose. It has received the generous support of the profession at large and in return, its publishers have striven to give the profession a Directory in all that term implies, not usurping any functions belonging to the members of the profession, or the authorities in whom reliance is placed for the enforcement of existing laws. It was the pioneer, and in its scope and arrangement must have been wisely conceived, as evidenced by the closest imitation by other publications of a later date. It has been the standard work of its kind for years, and no effort will be spared to maintain the place earned for it in the esteem of the profession.
