# SALIDA

Situated at the base of the mountains on the eastern slope, has a population of 5908.

Municipally owned water works supply abundant pure water from springs in the nearby mountains. Has excellent fire department.

Has well equipped municipal camping grounds for tourists.

Its public schools are unsurpassed and additional buildings have recently been erected, costing \$110,000.00.

It has many churches.

The Elks have a very beautiful and well appointed and equipped Home at Salida, and this organization is very active.

The altitude is 7,050 feet, and climatic conditions both winter and summer are excellent.

Salida is surrounded by a rich farming and dairying country. Mountain vegetables are extensively grown, including head lettuce, telephone peas, cauliflower, etc.

A marked revival in mining has occurred, because of our immense deposits of gold, silver, copper, zinc and other precious metals.

Industrially Salida is widely known. Excellent monumental granites, both gray and pink, are being shipped in both finished and natural states to various parts of the United States.

There have been erected during the year 1926 a creosoting plant by the National Lumber & Creosoting Co. and also a plant for the extraction of precious metals by the Gordon Metals Extraction Co.

A Tourist Bureau is located at "F" and Third Streets for the information of auto tourists. A rest room is also provided for out-of-town visitors in the same building.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

## STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

## INTRODUCTION

The eighth edition of R. L. Polk Directory Co.'s Salida and Chaffee County Directory is herewith presented to its patrons with the assurance of the publishers that no effort or expense has been spared on their part in the endeavor to produce a complete and comprehensive work, and that the Directory contains all available data relative to the civic, commercial and industrial interests and activities of the county.

The Directory is compiled in several departments in the order following:

THE MISCELLANEOUS DEPARTMENT, pages 11 to 15, is a complete and comprehensive guide to the County and City government, churches, public schools, courts, clubs, secret societies, etc.

THE ALPHABETICAL LIST OF NAMES commencing at page 25, contains the names of all business firms and corporations and the inhabitants of the city, together with the occupation and residence address of each individual. Following this department will be found directories of Buena Vista, Centerville, Garfield, Nathrop, Poncha Springs and Turret.

THE LAND OWNERS OF CHAFFEE COUNTY, starting at page 115 is a directory in itself. It shows the landowner's postoffice address. This department is invaluable to the directory user.

THE CLASSIFIED BUSINESS DIRECTORY, the concluding department of the work, forms a complete exhibit of the commercial, manufacturing, professional, financial and other business interests of Salida and the above named towns, arranged in alphabetical order under their respective headings. This feature will be appreciated as a "Buyers' Guide."

### POPULATION

After a careful check of all the information contained in this Directory we estimate the population of Salida to be 5,908. We consider this a very conservative figure and might add that our estimate is taken by all large concerns of the country as being very reliable and more correct than figures obtained from other sources.

We beg to express our thanks for courtesies extended our representatives and for the patronage accorded the work.

**NATIONAL ADVERTISERS**

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the City Directory. Put "See the City Directory for our local agent" on all your advertising, and see to it that he is listed under all the classifications of your line.

**LOCAL ADVERTISERS**

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

ONE OF 200 POLK DIRECTORY LIBRARIES

## This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS —  
SAVE MANY MILES, MINUTES and DOLLARS

There are over 300 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents—the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

## Miscellaneous Information

For information not found in this department see regular Alphabetical Section or under proper heading in the Classified Business Directory.

Buena Vista is the county seat of Chaffee County, situated in the valley of the Arkansas River, 235 miles southwest of Denver and 25 miles west of Salida, at an elevation of 7,968 feet. It has a population of 1,000.

The town is beautifully located on the Denver & Rio Grande Western Railway. Many substantial homes and business houses are located here. An abundance of pure water is a feature of the town.

The Colorado State Reformatory is located one mile south of the city.

The Princeton and Buena Vista Hot Springs are located near by—the waters of which are noted for their healing properties, and many tourists from all parts of the country are to be found there during the summer season.

As a health resort it is unsurpassed.

**Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?**

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

*"Fly-by-night," "fire-sale"* and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

*May we explain how and why it will pay you?*

**The Publishers of this Directory**

# It Pays To Be Prominently Displayed

To let people know WHO you are, WHERE you are and WHAT you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so CONSTANTLY used as the City Directory.

For Business and Pleasure Trips Use D & C Line Steamers

## The Delights of a Lake Trip

**R**EST after work is necessary to human endurance, and holidays are a wise economy. The Great Lakes of America offer more vacation opportunities than any other source in the country. The steamers of the Detroit and Cleveland Navigation Company operating to all important ports are unrivalled in point of elegance, comfort and quality of service—the perfect freedom offered by the saloon and promenade decks, the commodious state rooms, luxurious furnishings and excellence of cuisine make life aboard these floating palaces a solace to the weary mind and body.
