Out-of-Town Calls As Easy As Calling Local Numbers

Nine out of ten long distance calls are completed while you hold the line.

Tell the operator—

1. The city or town you want.
2. The out-of-town telephone number, if available, or the name under which it is listed.

For example—

"I am calling Omaha—Walnut 3456."

(If you do not know the telephone number)

"I am calling Omaha—Anyone at Mr. J. Lowell's residence, 34 Blank Street."

This is a station-to-station call because you have not asked the operator to connect you with a particular person.

When you want to talk with a particular person simply tell the operator the town, telephone number, if available, and the name of the person desired. This is a person-to-person call.

REVERSING CHARGES

If you wish to reverse the charges on a call, tell the operator when you place the call.

If it is a station-to-station call and the initial period rate is twenty cents, charges will be reversed at the station-to-station twenty-five cent rate; and if the initial period rate is less than twenty cents, reversal of charges is made at the corresponding person-to-person rate; otherwise, no additional charges apply.

APPOINTMENT CALLS

On person-to-person calls, the called person can be notified that you wish to talk at a definite time, convenient to you. No extra charge is made for this service.

MESSENGER CALLS

If the called person does not have telephone service, the telephone company will send a messenger. The rate for the call is the same as the person-to-person rate, plus the cost of sending the messenger.

GENERAL INFORMATION

SERVICE SUGGESTIONS

After you place a call, be sure to allow what you consider a sufficient length of time to enable the called person to reach his telephone, before concluding there is no one there to answer.

Answering your telephone promptly will secure you better service and avoid abandoned calls or other attempts to reach you. Time is saved by identifying yourself, your Company, or your Department immediately.

Be sure the receiver is properly restored at the close of a conversation. Otherwise your line may be "out-of-order" when someone is trying to call you.

SERVICE DIFFICULTIES

Our every effort is devoted toward providing you with the best possible telephone service. We shall appreciate your cooperation in reporting promptly any service troubles or defective equipment, such as broken mouthpieces, frayed cords, or loose wiring. Repairs and replacements necessitated by ordinary usage or unavoidable accidents are made without charge.

CHANGES AND ERRORS IN DIRECTORIES

No liability shall attach to or be assumed by the Company for any errors or omissions in the compiling, printing or distributing of its directories. In order that the directory records may contain correct listings at all times, notification of changes or errors should be given at once at the Business Office of the Company.

ATTACHMENTS TO DIRECTORIES

To insure the usefulness of the directory, no attachment, holder or auxiliary cover, except such as may be furnished by the Company, shall be used in connection with any telephone directory furnished by the Company.

ATTACHMENTS TO TELEPHONES

The equipment, apparatus, and lines furnished you are as follows:

connection with such telephone equipment, apparatus and lines. You are requested, therefore, not to use or permit the use of such instruments, appliances or devices. The Telephone Company reserves the right to remove such devices, when found, in order to protect the telephone service.

ADVERTISING TELEPHONE NUMBERS

Many subscribers find it convenient and profitable to use their telephone numbers on stationery and business cards, as well as in their advertising. We encourage this practice, but it should be understood that the assignment of the telephone number does not vest in the subscriber a property right thereto.

We exert every effort to avoid changing telephone numbers, but the needs of the service occasionally compel us to do so. Obviously, when you display your telephone number, the value to you, and to the service as well, depends upon the number being carried correctly at all times. Therefore, in the event your number is changed, it is suggested that corrections be made as promptly as possible.

IDENTIFICATION OF EMPLOYEES

All employees who are authorized to represent this Company are provided with a photographic identification card. This card, which is properly countersigned, shows the employees name, signature and photograph. Subscribers are earnestly requested to refuse admittance to their premises to anyone who cannot furnish this means of identification.

HOW TO SEND TELEGRAMS AND CABLEGRAMS BY TELEPHONE

To file a telegram, cablegram or radiogram by telephone follow the instructions given in this directory under the name of the particular Telegraph Company desired.

IMPROPER LANGUAGE

Profane or obscene language over the Company's wires is prohibited. Subscribers are responsible for the enforcement of this rule. Failure to observe this will constitute cause for discontinuing service.
