## Airplane Brings Serum to Salida To Save Family after Two Die: Poison in Food Eaten by Victims

Poison in cold pickled tomatoes had caused the death of two children of Louis Corsi of Calcite within twenty-four hours, at the Rio Grande hospital, had brought down the father, and a third child was beginning to attack the mother when the cause was discovered Wednesday and the battle for life was begun. The poison acts so quickly that trains and automobiles were too slow. An airplane was dispatched from Denver with a serum to combat the poison. The plane arrived in Salida at 2:59 o'clock Wednesday afternoon bearing its precious burden.

The serum was administered to the patients at 3:30 o'clock. Two hours later there were signs of improvement. The third child was snatched from the jaws of death and has a good chance for recovery. The poison was headed off in the father's case and the symptoms disappeared in the mother. Without this relief it is practically certain that all would have been dead in a few days.

Botulinus, a poison which comes from the earth and is nurtured in green vegetables but which is killed by cooking, was the deadly enemy that struck the household of Mr. and Mrs. Louis Corsi and their seven children. It was the same poison that caused the death of several people who were guests at the Mary Murphy mine at Romley about twenty years ago. It was the same poison that caused the death of a score of people in California in 1903 after they had eaten fresh olives.

The occurrence of this poison in human beings is so rare that a diagnosis is difficult, but it is of more frequent occurrence in fowl and is known as limberneck. After the poison has progressed it causes complete paralysis of the muscles of the neck so that the patient is unable to raise the head and if lifted the head will fall back, dead-like. It paralyzes the throat and makes swallowing impossible. Strangulation follows and the patient dies. There is some fever and no great suffering until death is at hand.

Elizabeth Corsi, aged 7 years, became sick last Friday and Dr. C. Rex Fuller was called to attend her. She was removed to the Rio Grande hospital Sunday evening. She died at 6:30 o'clock Tuesday morning. Her brother, John, 9 years old, was brought to the hospital Monday morning and he died at 2:00 o'clock Wednesday morning. The parents refused to permit Dr. Fuller to hold an autopsy to determine the cause of death.

The ordering of the serum was handled by the Waggener Pharmacy. A long distance call was made to Parkersburg, West Virginia, laboratory

### MRS. CAMPBELL SURPRISED BY FRIENDS FRIDAY

A group of friends composed of Mrs. Vernon Lyons, Mrs. Anita Finnessey and the Misses Helen Perschbacher, Kathleen McDonald and Marie Fields delightfully surprised Mrs. Bonnie Campbell Friday evening at her home.

Mrs. Campbell was presented with a lovely set of green tinted goblets. A social evening was enjoyed and at a late hour delicious refreshments were served.

### Royal Gorge Bridge Approved by Canon

Canon City, April 18—Canon City is to have an automobile bridge spanning the Royal Gorge.

That was definitely decided by the city council Monday night when it unanimously entered into a contract with Lon P. Piper of San Antonio, Texas, to construct it.

Work on the proposed bridge will begin within sixty days, and it must be completed, under the terms of the agreement, by June 1, 1930.

Mr. Piper binds himself to pay \$2,000 a year into the city treasury during the life of the contract and to employ so far as possible Fremont county labor in the construction of the bridge. The plane circled the golf course once, but finding automobiles and people in its way, did not land until it had made another turn. Captain Reavis made a perfect landing, bringing the machine to a stop within twenty-five yards.

Mr. and Mrs. Park came to Colorado in 1890 and located in the San Luis Valley where they engaged in farming. In 1897 they removed to Cripple Creek where Mr. Park engaged in mining for several years. Their next move was to a ranch near Salida.

Mrs. Park died in 1909. Mr. Park went to California for the benefit of his health in 1920. The change in climate proved beneficial and he enjoyed fair health until the last two years.

Two weeks before his death on April 4, he began to fail rapidly. He died at the home of his daughter, Mrs. Bard in Los Angeles.

The body was brought to Salida by the son, W. G. Park, and the funeral services were held at 2 o'clock last Wednesday afternoon at the Stewart Chapel, the Rev. L. Harold Forde officiating. The services were attended by many friends, and there were many beautiful floral offerings. Interment was in Fairview in the lot where Mrs. Park is buried.

Mr. Park and his family had a wide acquaintance in Chaffee County and the San Luis Valley and they were highly respected.

W. G. Park will remain here for thirty days to visit his boyhood friends.

He is in the employ of the Southern Pacific railroad in California.

the Denver Post for a Colorado National Guard airplane. It was a Douglas observation type and it arrived here in one and a half hours.

The serum was attached to a small parachute, it being the intention of Captain Carlos Reavis, pilot, and Jean Bosquet of the Denver Post, to drop the serum if they could not land.

"I was married to Mr. Corsi a year ago. His first wife died in childbirth two years ago at Calcite. Mr. Corsi had four children and I had three when we were married. Three of his children have been attacked by the disease but none of mine.

"But I have symptoms of it, the

### Council Assures Police of Full Cooperation

Mayor Proudfoot called an informal meeting of the city council Wednesday evening and invited the police force to attend. The police were informed by the mayor and council that they would not meet with any interference from the city officials in the discharge of their duties and that they should perform their duties in accordance with their oath of office.

The council did not give any specific instructions to the police but merely assured them that they would be upheld in the performance of their duties.

Chief Chesnut yesterday served notice on soft drink parlors that the old style saloon bars will not be permitted and that the partitions must be taken down.

### Obituary

John Knox Park was born Dec. 20, 1857 at Keosauqua, Iowa. He was united in marriage to Fannie B. Trites, April 19, 1881. Three children were born to this union, Mrs. D. Byron Hinton of Pueblo, Col., Walter G. Park of Los Angeles, Cal., and Mrs. Homer C. Bard of Los Angeles.

The city has the option of buying the bridge and its concessions on, or after June 30, 1950 by paying a stipulated sum based on the total net income from the bridge tolls for the last ten years of the concession. A toll of not exceeding seventy-five cents will be charged for each person crossing the bridge.

Mrs. Park died in 1909. Mr. Park went to California for the benefit of his health in 1920. The change in climate proved beneficial and he enjoyed fair health until the last two years.

Mr. Waldero went to the bank and discovered that his wife had drawn out \$700, all their savings. He applied to Assistant District Attorney W. S. Rush for help.

He stated that he had had a few quarrels with his wife and that lately she had been asserting her rights rather freely.

"If she will return \$350 to me and the boy she can keep the other half of the money and the girl and be on her way," Mr. Waldero told Mr. Rush.

Waldero is 37 years old and his wife is 23 years old.

Mr. Clements formerly was employed as a laborer at the creosoting plant. A friend of Waldero reported that he saw the Clements in a car near Pueblo. Waldero thinks his wife is with them, and that they are all heading toward Kansas City, Mo.

Terrific Dynamite Blast To Be Set at Climax

### PHILATHEA BIBLE CLASS GIVES WAFFLE SUPPER

The Waffle supper given Wednesday evening by the Philathea Bible class of the Baptist church was well attended regardless of the fact that there were a number of other social affairs on the same evening.

The new wiring and electrical outlets were used for the first time and proved very satisfactory. The class plans to serve waffle suppers at frequent intervals.

### Check Artist Sought Cashes Bogus Paper

A check artist passed through Salida the latter part of last week and left a souvenir in the shape of a check apparently drawn by A. T. Hartwick of Poncha Springs for \$22.75. The check was passed in a Salida store but the bank detected the forgery. Mr. Hartwick declared the check was not drawn by him.

The police were given a description of the man who passed the check.

### Wife and \$700 Gone; Husband Asks Warrant

Theodore Waldero of 402 D street returned from his work as a railroad laborer Wednesday evening, and found his home deserted. His wife and two children were gone and all their clothes were missing. He found also that Mr. and Mrs. G. A. Clements, who lived next door with their five children, had left their home.

Mrs. Park died in 1909. Mr. Park went to California for the benefit of his health in 1920. The change in climate proved beneficial and he enjoyed fair health until the last two years.

Mr. Waldero went to the bank and discovered that his wife had drawn out \$700, all their savings. He applied to Assistant District Attorney W. S. Rush for help.

He stated that he had had a few quarrels with his wife and that lately she had been asserting her rights rather freely.

"If she will return \$350 to me and the boy she can keep the other half of the money and the girl and be on her way," Mr. Waldero told Mr. Rush.

Waldero is 37 years old and his wife is 23 years old.

### Forty-niners Will Revel Two Nights Big Fun Starts Tonight at Garage

in the Argys garage where beer will be on draught, and poker, faro, roulette, twenty-one, black jack and other games will be in progress. There will be dancing and a rip roarin' time for everybody.

The Chamber of Commerce is staging this stunt and will keep it going two nights, Friday and Saturday. Everybody is welcome and those who want to see how times have improved and how the "good old days," were not so good from a moral point of view will be given the opportunity. The gambling will be as near to the real thing as the draught beer.

The proceeds will go to the Boy Scout fund and to the payment of the current debts of the Chamber of Commerce.

The committee in charge is composed of W. E. Patterson, E. S. Whitcomb, Aylmer Reeves, Dr. Swartz, Louis Schneider, M. E. Hill and F. E. Kimble.

### METHODISTS ENJOY BANQUET FOLLOWED BY MEETING

Twenty people attended the Methodist banquet Tuesday evening at the Sherman Coffee Shoppe and were informed of a campaign which is being conducted for a pension fund.

The speakers were Dr. W. L. Powell of Chicago, Illinois and Dr. E. N. Edgerton of Denver. It was learned that about \$50,000 has been subscribed by the Methodist ministers of Colorado toward the endowment of a pension fund and there is sought a fund of \$300,000 among the members of the churches for this fund.

After the dinner the group adjourned to the church where Bishop Charles L. Mead of Denver gave an address. The Bishop in his talk called attention to the unique place of the minister, and his place in the community. He also cited many cases of ministers refusing business positions at very large salaries in order to go on with the work of the ministry. Two are of more than usual interest. A Methodist minister in Boston was asked repeatedly to accept the presidency of an eastern railway and the position was kept open for him for five years. Last year the minister of the First Methodist church of Seattle, Washington, was interviewed by a committee and offered the presidency of a large insurance company at a salary of \$50,000.

The address by Bishop Mead was enjoyed by several fire people.

Elizabeth Corsi, aged 7 years, became sick last Friday and Dr. C. Rex Fuller was called to attend her. She was removed to the Rio Grande hospital Sunday evening. She died at 6:30 o'clock Tuesday morning. Her brother, John, 9 years old, was brought to the hospital Monday morning and he died at 2:00 o'clock Wednesday morning. The parents refused to permit Dr. Fuller to hold an autopsy to determine the cause of death.

The ordering of the serum was handled by the Waggner Pharmacy. A long distance call was made to Parke, Davis & Company laboratories in Kansas City Tuesday night. The manager of that company got out of bed and went to his office to get the address of Dr. Herman, 3854 Federal Boulevard, Denver, who had a supply. On receipt of this information the Waggner Pharmacy called Dr. Herman and he arranged through the Denver Post to have the serum dispatched by airplane.

Arrangements were made through

#### ALPINE CLUB MEETS WITH MRS. COWAN

Mrs. Earl Cowan delightfully entertained the Alpine club Thursday afternoon at her home.

Bridge formed the diversion of the afternoon and games were played at three tables. At the count of scores first prize was awarded to Mrs. Orval Cope and the consolation prize to Mrs. J. M. Dalsant. A delicious lunch was served at the close of the afternoon.

The next meeting of the club will be held at the home of Mrs. Ellen Roberts.

#### Walter Snell Released Baby Seriously Ill

Owing to the serious illness of his baby, who is not expected to survive an attack of pneumonia, Dr. G. W. Larimer suggested to Assistant District Attorney Rush today that he try to secure the release of Walter Snell from the Pueblo county jail where he is serving a thirty day sentence.

Mr. Rush called the United States marshall who agreed to release Mr. Snell in the custody of Mr. Rush.

#### Horse Buyer Wanted on Confidence Charge

Harry Henry, formerly employed in a Salida garage, as a mechanic, is wanted by the police on a charge of working a confidence game. He had been sent to the Western Slope by Horace G. Frantz to buy horses for the trout farm and he shipped several car-loads here.

A few days ago he telegraphed from Rifle to send him \$375 by wire for the purchase of a string of horses. The money was telegraphed and, the police declare, he has not been heard from since.

Assistant District Attorney W. S. Rush issued a warrant for Henry's arrest on a charge of operating a confidence game.

County Commissioner Myron Beswick was a business visitor in Salida today.

of the future. She is 26 years old and intelligent.

"They tell us it is something we ate," said Mrs. Corsi, "But I do not know what it could have been. We had some home made sausage. Perhaps that caused it."

"I was married to Mr. Corsi a year ago. His first wife died in childbirth two years ago at Calcite. Mr. Corsi had four children and I had three when we were married. Three of his children have been attacked by the disease but none of mine."

"But I have symptoms of it, the doctor tells me. I hope this serum will prove beneficial. We must think of our little ones at home."

Mr. Corsi, who is 39 years old, called for a basin. He was choking but he could not swallow. He could talk, move his arms and limbs freely, and his neck muscles were only slightly impaired but his condition was rapidly growing worse. Nurses came from all parts of the building to see these unusual cases.

Dr. Fuller took samples of all the foodstuffs in the household and had them analyzed at the hospital. It was found Thursday morning that green tomatoes sliced and packed in vinegar last fall were the breeding place of the germ which brought on the attack.

The bodies of the two victims of the poison lay on a couch at the Travers funeral parlors yesterday afternoon, dressed in their best. They were strong, healthy children and there was no sign of diseases upon them. They lay in perfect repose as if they were taking a nap after returning from a child's party. A special casket was ordered and they will be placed in it side by side and taken to Pueblo for interment.

Dr. Fuller received several telegrams yesterday from doctors who had read of the case and who wanted a complete description of the disease and the effects of the serum. The case will be fully described in a medical journal.

The poison is not related to ptomaine which attacks the intestines while this attacks the neck and throat.

The airplane left Salida Wednesday afternoon and returned to Denver.

The Denver Post was harsh in its criticism of the landing field in Salida, but perhaps it will do Salida good.

This city needs an airport instead of a makeshift landing field.

Many pilots have landed here safely but all have stated that it is nothing more than an emergency landing place.

Mr. Swain received a black eye and a badly swollen wrist in the accident.

The W. B. A. plans to give a card party once a month during the summer.

Mrs. George Pyle of Buena Vista is a business visitor in Salida today.

than the construction of highways on the south side of the river linking up the bridge with Parkdale and South Canon, which, it is believed, can be done without great expense.

The bridge will not only be the highest in North America, but one of the longest of the suspension type. It will have a clear span of nearly 1,800 feet, but will be approximately 2,800 feet above the river. It is so notable in character as to attract international attention and a picture of the proposed bridge will, no doubt, be published in every scientific journal and newspaper in the United States and in many foreign lands. It is expected that the bridge will attract thousands of visitors to Canon City every year; more than doubling, perhaps, its annual tourist business.

Superintendent L. C. Moore of the local plant of the Southern Colorado Power company and J. W. Hendricks, cashier in the company's office here, moved to the top of the Royal Gorge Wednesday to make an informal survey of a route for the building of an electric lighting and power line there for the use in the construction and illumination of the bridge.

In addition to supplying power for work in connection with the construction of the bridge, the line will furnish current for the lighting of the grounds and buildings at the bridge approaches. When the bridge is completed it will be brilliantly lighted at night and a half a dozen or more search lights will be used for illuminating the depths of the Gorge. Only tentative arrangements thus far have been made by Mr. Piper for building the contemplated power line.

PARTY THURSDAY EVENING**

BROKEN WHEEL CAUSED WRECK  
IN WHICH MORGAN WAS KILLED

John Swain, driver of the car which overturned near Mount Princeton Monday, killing H. Griffith Morgan, declares he was driving at not to exceed twenty miles an hour and that the accident was due to a broken front wheel.

Mr. Swain says that when the wheel broke the car nosed into the ground, swerved to the side and turned bottom up, pinning both men underneath. He declares that statements made by others that the car turned over three times are incorrect.

At the close of the evening delicious refreshments were served.

The W. B. A. plans to give a card party once a month during the summer.

Mrs. George Pyle of Buena Vista is a business visitor in Salida today.

Wednesday afternoon at the Stewart chapel, the Rev. L. Harold Forde officiating. The services were attended by many friends, and there were many beautiful floral offerings. Interment was in Fairview in the lot where Mrs. Park is buried.

Mr. Park and his family had a wide acquaintance in Chaffee County and the San Luis Valley and they were highly respected.

W. G. Park will remain here for thirty days to visit his boyhood friends. He is in the employ of the Southern Pacific railroad in California.

#### MRS. EMILY D. HARRIS DIES IN GRAND JUNCTION

Half an hour after arriving in Salida Wednesday evening enroute to Denver, Mr. and Mrs. Harry Waggoner of Grand Junction received word of the death of Mrs. Emily D. Harris, also of Grand Junction, mother of Mrs. Waggoner. Mrs. Harris died following a lingering illness. Mr. and Mrs. Waggoner were on their way to Denver where Mr. Waggoner, who also has been ill, was to consult a specialist.

Mrs. Waggoner and Mrs. Ray Waggoner left for Grand Junction Wednesday night on train No. 3 and are expected back today with the body. Mr. and Mrs. Harry Waggoner will accompany the body on to Denver where the funeral will be held.

Mrs. Harris is well known in Salida. She lived here with Mr. and Mrs. Waggoner for a number of years and accompanied them to Grand Junction.

#### W. B. A. GIVES CARD PARTY THURSDAY EVENING

Thirty-five people attended the card party given Thursday evening at the K. of P. hall by the W. B. A. The party followed the regular lodge meeting.

Five hundred was played at four tables and Bunco was played at three. Mrs. Richard Davie was the winner of first prize for five hundred and Mrs. T. L. Carlin received the consolation prize. Mrs. Lloyd Fleck was awarded first prize for bunco and Mrs. C. H. Hilles received the consolation prize. Mrs. William Phibbs received the door prize.

Judge Charles L. Poston, prominent Salida man, died Thursday morning at the home of a son, Charles L. Poston, Jr., of Joplin, Missouri, according to word received here yesterday by friends. Particulars were not given.

Judge and Mrs. Poston left for Joplin in the first of the year to visit their son and they planned to locate in that city.

At the close of the evening delicious refreshments were served.

The W. B. A. plans to give a card party once a month during the summer.

Mrs. George Pyle of Buena Vista is a business visitor in Salida today.

Miss Rose Boutwell of Monte Vista spent a few days of last week in Salida with Mr. and Mrs. F. W. Gloyd.

Mr. and Mrs. C. H. Thomas, Miss Rose Correll and Frank Angerman will leave Saturday for Denver where they will spend the week-end.

M. & H. Store Saturday Candy Special: 1 lb. Junior Chocolate Caramels, with a half pound Orange Slices free.

The Gibson Motor company is offering for sale a used Chevrolet sedan on an interesting plan. The original price on the car was \$350 but each day the price is dropped \$10. The buyer is interested in getting the lowest price possible but if he waits too long some one may beat him to it.

The plan is causing considerable discussion and the window is watched every day to see when the price will be acceptable to a buyer. This plan has been tried several times by the Gibson Motor company and has always created much interest.

**Charles L. Poston Dead;  
Former Peace Justice**

Judge Charles L. Poston, prominent Salida man, died Thursday morning at the home of a son, Charles L. Poston, Jr., of Joplin, Missouri, according to word received here yesterday by friends. Particulars were not given.

Judge and Mrs. Poston left for Joplin in the first of the year to visit their son and they planned to locate in that city.

Two hundred and sixty-six employees at the Rawley mine were vaccinated in one day this week on account of the presence of smallpox in Salida.

A. N. Sweet, manager of the Rawley mine has been called East on account of the serious illness of his father.

See the Roosevelt, the Marmon built eight cylinder car at the Y. & R. Auto company.

First showing of the Roosevelt, the new eight cylinder Marmon built car at the Y. & R. Auto company.

Miss Phyllis Goddard recently resigned her position as superintendent of the Red Cross hospital. Miss Goddard received her training at the Red Cross hospital and had been superintendent for more than a year. Miss Goddard has been offered a position in an Arizona hospital but her plans for the future are incomplete.

Mrs. R. M. Davidson returned Wednesday evening from Denver where she had visited several days with her daughter, Mrs. Harold Haneborg, and other relatives. She was accompanied home by a sister, Mrs. Minnie Dougherty who will spend two weeks here.

ter, and his place in the community. He also cited many cases of ministers refusing business positions at very large salaries in order to go on with the work of the ministry. Two are of more than usual interest. A Methodist minister in Boston was asked repeatedly to accept the presidency of an eastern railway and the position was kept open for him for five years. Last year the minister of the First Methodist church of Seattle, Washington, was interviewed by a committee and offered the presidency of a large insurance company at a salary of \$50,000.

The address by Bishop Mead was enjoyed by seventy-five people.

### Salida Harness Co. Will Hold Big Removal Sale

The Salida Harness company will remove about May 1 to the storeroom formerly occupied by the Kessel Beauty Shoppe. The storeroom is being remodeled and the store front is to be modernized.

The Salida Harness company has put on a sale in order to save the expense of removing the stocks. The sale is coming at a fortunate time for those wishing to buy leather goods for graduation gifts, because the store carries a pretty line and the prices have been greatly reduced. The sale includes all merchandise in the store.

**MRS. M. K. MILLER DIES  
IN SANTA MONICA**

Friends in Salida have learned of the death, on Easter Sunday, of Mrs. M. K. Miller of Santa Monica, California, formerly of Salida. Mrs. Miller was the widow of M. K. Miller, who was in business in Salida with E. J. Templeton for many years.

Mrs. Miller is survived by a daughter, Mrs. Walter Todd, of Santa Monica and two sons, Harvey of Santa Monica and Eurie of Texas. A third son, A. R. Miller, former Salida lawyer died in Denver several years ago.

L. B. Stewart who had been ill of smallpox for nineteen days was able to be at his office today.

C. C. Hormel of Denver is spending the week here visiting Mrs. E. E. Burnworth and family. Mr. Hormel is a brother-in-law of Mrs. Burnworth.

Mrs. Mabel Ford left Thursday for Glenwood Springs after a three weeks' visit in Salida. She was a sister of the late Mrs. A. P. Staples.

Mrs. E. E. Burnworth of San Francisco, Cal., who was called here on account of the illness and death of her mother, Mrs. A. P. Staples, will leave today for her home.

Mrs. R. M. Davidson returned Wednesday evening from Denver where she had visited several days with her daughter, Mrs. Harold Haneborg, and other relatives. She was accompanied home by a sister, Mrs. Minnie Dougherty who will spend two weeks here.

## Snodgrass Store Will Remove To Former Mary Stokes Location

The Snodgrass Food company has leased the storeroom formerly occupied by the Mary Stokes company and will remove its grocery and meat market to the new location in about a week. A large force of carpenters is

laying a hardwood floor, remodelling the store front and installing counters and shelving. It is planned to make the store one of the prettiest in the state.

The store will be operated on the new Snodgrass system of self serve. The meat counter will be on the North side of the room and the grocery shelves will be arranged along the South wall. There will be floor cases in the center. The floor will be hardwood and the shelving will be the latest type. The decorations will be orange, white and black, the colors of the company.

The company already has six self-serve stores and is installing more of them all the time. The Salida store will be one of the finest in the chain. The store front will be so arranged that the show window will be conspicuous. The window will be arranged to accommodate a large amount of merchandise in effective display.

## Blossom Day Attracts Crowd to Canon City

Canon City, May 6.—Averaging four persons to the automobile, it is conservatively estimated that at least 20,000 people visited the orchard districts and the scenic points about this city on "Blossom Day," Sunday. Boy scouts tallied more than 5,000 cars coming into the city on the main highways during the day.

It was the first perfect spring day this region has enjoyed this year and the bloom was practically at its zenith. There were no serious accidents to mar the pleasure of the day. Hundreds of picnic parties used the city and state parks, Red canon park and the top of the Royal Gorge.

The capacity of the Colorado state prison was taxed and many were unable to gain admittance to make the trip thru, altho every available guide was on duty and the visitors were conducted in groups of 25 and 50. From 11 a. m. until the outside prison gate was closed at 5 p. m. there was a long waiting line extending outside of the administration building. The first public concert of the prison band on the balcony of the administration building was delayed until 4 o'clock because of the rush of visitors. Despite complete policing arrangements, the jam of cars was so great about State park that traffic was constantly tied up during the afternoon.

At one time during the afternoon, two solid lines of automobiles extended from Soda Point on Main street for a distance of two miles.

About 300 Puebloans came here on the Royal Gorge-Cannon City special train run by the Denver & Rio Grande railroad. The train arrived here from Pueblo about 10 o'clock and after a number from here had boarded, it continued on to the Gorge, where it stopped for 15 minutes. It returned here about 11:30 and remained until 5 o'clock.

Hundreds of Puebloans and others from the Arkansas valley came here in the automobiles. From morning until

### MR. AND MRS. MORRIS HOSTS AT DINNER

Mr. and Mrs. T. T. Morris entertained at a lovely one o'clock dinner Sunday afternoon at their home honoring the birthday of their son, Thomas.

A large birthday cake formed the centerpiece of the table. Covers were laid for Miss Margaret Morris and M. Bendekovic of Denver, Miss Mona Hutchinson, Lorraine Szynske, Miss Kathryn Morris, Thomas Morris and the host and hostess.

### Part of Still Located; Woman Is Arrested

Federal Prohibition Officer Nusbaum came up from Pueblo Sunday night and on Sunday morning made a raid on a secluded spot in the hills near Centerville where he found a remnant of a still, a large amount of mash and a small quantity of whiskey.

He said he had been summoned by George McDonald, who reported that the still belonged to Mrs. Wilford Woll. McDonald and Mrs. Woll were placed under arrest charged with violating the prohibition law.

McDonald declared to the officers that Mrs. Woll hired him to operate a still and was to divide the profits with him, but that when the proper division was not made, he called the federal agent.

Mrs. Woll denies any knowledge of the still or any agreement with McDonald.

### PUBLIC SERVICE COMPANY EMPLOYEES ENJOY PARTY

Forty-five persons, employees of the Public Service company and their families and friends enjoyed a party Saturday evening at the Public Service offices on F street.

Square dances with violin and accordian music furnished by S. R. Blunkall and Henry Roll, contest games and radio music formed the diversion of the evening. At a late hour a lovely two course lunch was served.

Those enjoying the affair were, C. H. Kelleher, Mr. and Mrs. Frank Booten, Mr. and Mrs. Fay Bennett, Mr. and Mrs. Max Price, Mr. and Mrs. Walter Bates, Carl Johnson of Alamosa, Homer U. Willis, Miss Ruth Cole, Miss Pearl Bates, Miss Margaret Morris and M. Bendekovic of Denver.

Mr. and Mrs. C. E. Grandy, Mr. and Mrs. V. C. Mangus, Mr. and Mrs. C. H. Preston, Mr. and Mrs. William Thompson, Mr. and Mrs. James Sheehan, Mr.

and Mrs. Lester Hartman and children.

### Local Legion Members Attend Pueblo Banquet

Sixteen members of the local American Legion post and auxiliary heard the address by Paul V. McNutt, national commander of the American Legion Sunday evening at a banquet at the Minnequa University club in Pueblo. Salida had the largest delegation present excepting that of Pueblo, and the local delegates were permitted to sit at one table. Those attending from Salida were Mr. and Mrs. Neil Davenport, Mr. and Mrs. G. V. Travers, Mr. and Mrs. Lewis Glenn, Mr. and Mrs. H. R. Koster, Mr. and Mrs. Robert Bone, Mr. and Mrs. Delacey Ramsey, Mr. and Mrs. Solon Duncan and Mr. and Mrs. J. A. McKinney.

An account of the banquet and address is taken from the Pueblo Star Journal of May 6.

"By reason of the address being broadcast over KGHF, local broadcasting station, thousands last night heard Paul V. McNutt, national commander of the American Legion, talk to the 200 Legionnaires who gathered at Minnequa university club to greet the commander.

Previous to the address by McNutt, Earl E. Ewing, state commander, gave a short talk, as did M. M. David, state chairman of Legion junior baseball, Cecil Nipps, local commander, acted as toastmaster, introduced the speakers and Sam Parlapiano, McNutt's schoolmate, introduced the national commander.

The hall was beautifully decorated with emblems, shields, flags, guns and swords. The banquet started at about 6:30 and McNutt began his address at about 8 o'clock.

In part, his address was as follows: "The first thing on our program today as it has been since the very inception of our organization is adequate service to the disabled ex-service man."

"Very early in the history of our organization, we saw the waste, the extravagance and the red tape which surrounded the relief of the disabled men. The American Legion brought about the formation of what we know as the veterans' bureau. The American Legion has been responsible for every single bit of liberalizing legislation placed upon the national statute books for the benefit of the disabled men."

"For the most of us the war ended with the armistice, but for the disabled man the war is all of the days, all of the days, if you know what that means. He gave all that a man has and all that a man hopes to be to the nation. Nothing within the power of this government is too good for him."

### BIRTHDAY CLUB HONORS MISS WHITE AT SHOWER

Sixteen members of the Birthday club surprised Miss Dorothy White with a farewell handkerchief shower Monday afternoon at her home. Miss White left this morning for Seattle Washington, where she will visit relatives and attend school.

Needlework and conversation formed the diversion of the afternoon at the close of which dainty refreshments were served.

### Salida Golfers Win in Canon City Tourney

The Salida golf team captured first place in the golf tournament held Sunday in Canon City between the teams of Canon City, Monte Vista, Alamosa and Salida. Salida totaled 103 points.

Canon City won second place with 94½ points, Monte Vista third with 73 points and Alamosa fourth with 35½ points. Al Miller of Salida tied for low medal score with Arthur Quinlan of Canon City and Crawford of Monte Vista, a professional player. In the toss up Crawford won the prize, a dozen U. S. Royal golf balls.

Sixty-eight players competed in the tournament making seventeen foursomes. Eighteen holes were played, nine in the morning and nine in the afternoon.

The Salida players winning their foursomes were Al Miller, R. C. Boles, H. R. Koster, Dr. F. N. Cochems and Dr. C. Rex Fuller. They received golf balls for prizes. Other Salida players were Richard Davie, Wallace Schoolfield, Jr., W. E. Patterson, Dr. H. T. Ostrum, Jean Pearce, Harry Clary, F. E. Kimble, Claude Davis, Guy Hall, Rex Graham, Horace G. Frantz and Harry Malaby.

Three paving engineering firms were represented at the council meeting to explain the benefits of street paving. The city council took no action.

Permission was given the Methodist church to remove a tree from the curb in front of the church.

The council ordered 500 feet of new culvert to be used in replacements.

### OPERETTA GIVEN BY S. H. S. GLEE CLUBS

A romantic musical comedy entitled "The Gypsy Rover," was given by the Boys' and Girls' Glee clubs of Salida High school Friday evening in the High school auditorium, under the direction of Miss Jewell Newton, school music supervisor. The operetta related the romance of Rob an English nobleman who was stolen when an infant by his nurse Meg who became a gypsy and Lady Constance Martendale also of the English nobility. Much credit is due the cast for a clever portrayal. The lighting effects which were handled by Mrs. Harry Rubin and Miss Thelma Bogler assisted

in making the operetta one of

## Air Mail Officer Visits Salida; Urges Building of Airport Here

If you should be looking into the sky and see an airplane with a wing spread of 100 feet carrying thirty-two passengers and getting ready to land in Salida, what would be the sensation? It will be an every day occurrence before many years. E. J. Fluke, district air mail superintendent of the Western Air Express, the company which operates the air mail lines from Cheyenne to Pueblo, from Los Angeles to San Francisco, and Los Angeles to Salt Lake City, was a Salida visitor yesterday. He declares the airplanes are coming as soon as Salida gets a landing field.

"The first essential is to have the air above you surveyed and then to select the landing field. Captain Lewis Goss of the Western Air Express will be glad to make that survey for you and assist you in laying out a field. Most cities lay out the field first but this is the wrong way to go about it. The size of the field depends on the air conditions and the runway of the field depends on the prevailing wind directions.

"It is usually figured that 2,800 feet are needed for safety in taking off and landing, but some of the big planes will roll a mile after landing.

"An airport is not a mere expense. The hangars are rented, gasoline and other supplies are sold and there are other sources of revenue. Oakland, Cal. has one of the finest landing fields in the United States and it is already paying big dividends to the city.

"Salida should get a landing field at once. It may be more expensive later on.

"I had a consultation with Assistant Postmaster Densmore, officers of the American Legion and officers of the Chamber of Commerce, and I think they will get the movement started.

"Our company has been operating airmail lines for three years, day and night. We have never had an accident to a passenger, a pilot or a plane. Our pilots must stand examinations every six months.

Mr. Fluke is on his way west over Tennessee Pass.

## Chaffee County Hog Gives Denver a Thrill

Last week Denver was excited over the discovery of a hog on the downtown streets of Denver. Someone called him a rent hog and the people let him alone but finally the real estate agents heard about it and called the police. They loaded the hog into a patrol wagon and took him down to police court.

The hog came from the Anderson ranch in Chaffee county. He had been in a truck but escaped in Denver and was not missed until the truck arrived at the stockyards.

The commission company that bought the hogs sent a check to Mr. Anderson for the full value of the

## LEGION INCORPORATES TO CARRY ON BUILDING PLANS AND AIR PORT

Incorporation papers for Ray Lines Post No. 64 were drawn up this week and presented to the post at its regular meeting last Wednesday evening. Certificate of incorporation has been sent to the state house at Denver and it is expected it will be returned some time this week. The articles of incorporation are as follows:

### Articles of Incorporation of

**Ray Lines Post, No. 64  
KNOW ALL MEN BY THESE  
PRESENTS:** That we, William S. Rush, Harold R. Koster and Thomas A. Nevens, all residents of the City of Salida, in Chaffee County, Colorado, and citizens of the United States, being desirous of associating ourselves for patriotic, fraternal, social and benevolent purposes, and not for pecuniary profit, and pursuant to a resolution heretofore duly passed and adopted by the members of Ray Lines Post No. 64 of the American Legion, an unincorporated association, of which we are members, and by virtue of the provisions of Sections 2379 and 2383, both inclusive, of the Compiled Laws of Colorado of 1921, and the acts amendatory thereof, do hereby associate ourselves together, and we hereby make execute and acknowledge this our certificate in writing of our intention so to become a body corporate, not for pecuniary profit; and we do state and set forth:

1. The corporate name of our said association shall be RAY LINES POST NO. 64, AMERICAN LEGION; and all members of the above mentioned, unincorporated association shall hereby become members of the incorporated association.

2. The particular business and objects for which our said association is formed shall be:

To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of

(Continued on page 6)

## SHALL SALIDA HAVE PAVING?

There has been more or less agitation in Salida for a number of years

### PUBLIC HEALTH CLINIC IS HUGE SUCCESS; MANY PEOPLE ATTEND

The public health clinic held Wednesday morning at the Public Library under the direction of local doctors and nurses, was one of the most successful ever held in Salida.

Through the efforts of the Mother's study club the clinic was made possible and much credit is due this organization that has been organized for only a short time.

Seventeen infants and sixteen preschool children were examined at the round-up clinic.

The committee in charge of the clinic wishes to thank all the doctors, nurses and ladies who so generously and kindly assisted in putting the clinic over, by giving their helpful service.

### LONGFELLOW-CENTRAL TRACK MEET SATURDAY

Saturday, May 18 the grade schools, Longfellow and Central schools will hold a track meet at the Salida high school track field.

The track meet will start at 2 p.m. on Saturday and events in running, jumping, vaulting and baseball will be held.

A concession stand at which hot dog sandwiches will be served is being erected, also pop will be served.

This annual event was won last year by Central school and the previous to that Longfellow school won the meet for several consecutive years.

A large pennant will be awarded to the school winning the meet and ribbons will be awarded for individual first, second and third places.

### JUNIOR SENIOR PROM WILL BE HELD NEXT SATURDAY, MAY 25TH

The Salida high school Junior-Senior prom will be held Saturday, May 25th at the Assembly hall at 6 o'clock. The banquet will be served at 6 in the Elks' dining room. The seniors are the guests of the juniors at this annual event.

The banquet room will be decorated with gold and cerise. Large American beauty roses will be used to embellish the tables. Miss Mitchell will be toastmaster and a member of the senior class will give the response.

Following the banquet a dance will be held at the Elks' dance room on the top floor of the building.

The prom is the biggest event of the school year. It is at this event that the school year closes and the last school event the seniors will attend, as a whole class.

### SHOPCRAFT BENEFIT DANCE

### MEXICAN WHO SHOT SELF IMPROVED AT HOSPITAL

Charles Velisquez who claims to have accidentally shot himself through the left chest Wednesday evening at his home in Salida, is reported as getting along nicely.

Neighbors reported Wednesday evening that Velisquez and another fellow were having a shooting scrape and when Chief Chesnut, Carson and Davidson arrived they found Velisquez wounded but he said he accidentally shot himself while fooling with a gun.

He was taken to a hospital where he was given treatment. Te bullet, fired from a 38 calibre gun pierced the body of Velisquez, going out in about the same place as it entered.

### TRIAL OF BUENA WOMAN CHARGED WITH VOLSTEAD ACT VIOLATION POSTPONED

The trial of Mrs. Woll of Buena Ta, who was arrested May 7th charged with having in her possession a still which was designed and intended for the manufacture of intoxicating liquor, which was to be held Thursday was indefinitely postponed due to the death of Mayor McDonald of Leadville.

### STREAMS TO OPEN NEXT SATURDAY FOR FISHING

Fishermen of Salida and near Salida will soon be able to cast their flies and other kinds of bait into the well stocked streams around Salida. Not many fish have been turned into the rivers above Salida but between Salida and Canon City several thousand fingerlings have been set free.

In Southern Colorado a consignment of 30,000 fingerling salmon fish were placed recently in lakes. It is thought that as soon as the fish become a good fishing size that the lakes will be open for the public. Lake Minequa at Pueblo has been stocked with salmon.

### SISTER OF C. H. BUNBURY DIES AT CANON HOSPITAL

Miss Frances S. Bunbury, a pioneer school teacher of Canon City, died in Canon City Wednesday morning at 4 o'clock. Funeral services were held in Canon City with interment at Fairview cemetery in Salida. Father Nelson had charge of the grave services.

The death of Miss Bunbury was caused from complications which followed an accident in which Miss Bunbury suffered a broken hip.

She had been ill for some time and Miss Merle Bunbury of Salida had been with her during her illness.

### WORK STARTED AT MONARCH TO OPEN LIME QUARRIES

Ten local carpenters under the employment of the C. F. and I. went to Monarch yesterday where they will do general carpenter work to help along the opening of the lime quarry at that place.

A daily train will be run from Salida to Monarch and it is hoped that several hundred tons of lime rock can be shipped weekly to Pueblo when the quarry officially opens.

Calcite, the former lime quarry situation for the C. F. and I. has almost been exhausted and will probably close on June 1st or near that date. It seems that Monarch will prove to be the more adequate of all the present known lime quarries. The narrow gauge trains will run to Monarch, although surveys for standard gauge has been made.

The quarry will revive Monarch again, it having been in a run down condition for the past several years because of the fading of the great mining days and the decrease in ore consumption.

Several new cabins will be erected during the next few months and several hundred persons will make their home there during the summer months working at the quarry.

Warren Burton, manager of the quarry has been shipping lime rock for some time and has received a contract for one thousand tons per day which he hopes to fulfill at an early date. At Calcite only about three-hundred pounds of rock have been shipped daily and the expense of transportation has been very great, whereas the quarry at Monarch is close to the railroad and hauling expenses would not be very great.

The Rio Grande will have to make extensive road improvements on the narrow gauge tracks to Monarch and it is expressed that a heavier rail will have to be laid in order to bear the weight of the heavily loaded trains that will make daily trips over the rails.

### SWEDHIN-BLOOMGREN WEDDING WILL BE HELD HERE SUNDAY

Announcement has been made of the wedding of Miss Novera Swedhin and Neil Bloomgren to be held Sunday afternoon at 2 o'clock at the Swedhin home by the Reverend Tuck of the Methodist church who will read the ceremony. Only the immediate family will be present at the wedding.

Mr. and Mrs. Roy Shirk will attend the couple.

The future Mrs. Bloomgren will be beautifully gowned in an elaborate blue georgette dress trimmed with soft old ivory lace; she will wear light hose and slippers and carry a bridal

### POLICE OF ALAMOSA SEEK RELATIVES OF WANDERING WAR VET

Alamosa, May 15th—Civil War veteran, Albert Parsons, about 80 years old, is in custody here believed to be suffering from amnesia.

He arrived here from Durango Monday and is unable to remember where he is going or the names of his family and friend. He has been unable to give police any information concerning his past but talks intelligently and apparently realizes his loss of memory.

When he was taken into the custody of the authorities here Parsons wore a good business suit and carried \$230 in a buckskin sack around his wrist.

The sheriff at Durango notified the police here by telegram that Parsons arrived at Durango last fall, apparently suffering from loss of memory and that he spent the winter at Farmington, New Mexico.

### NEW CONCRETE WALK FOR SALIDA CANDY CO.

A new concrete walk has been installed in front of the Salida Candy company. The side walk has been put in by Wm. Kasling.

Directly in front of the door a tile walk will be laid within the next few days. This completes the remodeling done recently by the owners of the store. The interior of the store is newly decorated and re-modled, the windows and front of the store as well have been re-modled until they are of the latest design.

### PAILROAD MEN HURT IN CRASH NEAR CANON CITY WEDNESDAY NIGHT

Three Pueblo railroad men were severely injured west of the Royal Gorge near Canon Wednesday when the locomotive in which they were riding left the track, turned over and pinned its three victims beneath.

Robert C. Charlesworth, the engineer, is in the Graves hospital in Canon City and is in a serious condition.

Late Thursday it was reported that hope for his recovery was being held altho his condition is critical.

Mr. Charlesworth is suffering from severe burns about his face, shoulders, arms, body above the waist and his mouth.

Bert C. Dougherty, fireman, and Fred L. Collins, retired railroad man who was riding without a permit, were less dangerously injured and left for their homes in Pueblo after having their wounds dressed at the Graves hospital in Canon City.

Dougherty's right arm was injured and Collin's leg, tho not fractured, was badly bruised and cut.

The lone engine of the Denver and Rio Grande Western railroad, was go-

### LEADVILLE MAN KILLED IN MINE DISASTER FORMERLY OF SALIDA

News of the death of Oscar E. Roberts of Leadville on May 12th, was received as a great shock to his many friends and relatives. Mr. Roberts was contracting in the Greenback mine at Leadville when he was caught under a large slide of loose dirt at the mine on Sunday. Miners working nearby extricated the body of Mr. Roberts within a short time but efforts to revive him failed, death being due to suffocation.

Sunday being mother's day, his parents, Mr. and Mrs. A. E. Roberts, at Edwards, Colorado, has prepared a dinner for all their children. Guy and Earl Roberts, brothers of Oscar went into Leadville to get Oscar to have dinner with the rest of the family and returned to the Roberts' home bearing the sad news that Oscar had been killed a few hours previously.

After learning the news the family drove to Leadville where funeral arrangements were made. On Tuesday morning the body was shipped from Leadville to Edwards, accompanied by the grief-stricken family. Funeral services were held from the Edwards' school house and were largely attended by those paying final tribute to the much respected and loved Oscar Roberts. Interment was held at the Edwards cemetery.

The deceased was born in Kansas and came to Colorado with his parents when a small child, he grew into manhood in Edwards and has made his home in Salida.

Thirteen years ago he married a Boulder girl who died during the influenza epidemic, leaving two little girls; later he was married to Lucille High of Edwards and with three more children was living in Leadville at the time of his death.

Mr. Roberts is survived by his wife, and five daughters; his parents, Mr. and Mrs. A. E. Roberts of Edwards; his brothers Guy of Salida and Earl of Minturn and a sister, Mrs. James Terry of Edwards.

At one time Mr. Oscar Roberts held trainman and fireman rights out of Salida. Many of Mr. Robert's friends from Salida and Glenwood Springs attended the funeral in large groups.

### RUTH AVERY APPOINTED VALEDICTORIAN FOR '29

## AMERICAN LEGION SECURES AIRPORT TO PLACE SALIDA ON AIRWAYS

One Hundred and Forty Acres at Poncha to Make One of the Best Mountain Aviation Fields in State.

4430 Feet of Runway

On Tuesday, the Ray Lines Post No. 64, American Legion purchased a parcel of land near Poncha which is to be made into an aviation field. This far sighted move by the Legion will put Salida far ahead of other small towns in the field of aviation.

The field purchased by the Legion is naturally level and free from rocks and obstructions. Very little work will be needed to make a first class landing field of this site.

There is no question but that Salida will be put on the regular air mail routes before many months.

The power and telephone lines, which now cross part of the lower end of the field, will soon be moved affording one of the longest and smoothest runways in the mountain areas.

Salida owes much to its Legion Post. Those men who are continually looking into the future so that our city will be among the foremost in the country.

## PLANS FOR 4TH OF JULY BEING MADE

Salida will have a Fourth of July celebration with a bang to it if plans now being formulated by the American Legion materialize.

It is possible that the celebration will be held three days, July 4th, 5th and 6th. Tentative plans include a large ten passenger plane, a mail plane to pick up the regular Salida air mail and a few stunt planes.

The mail plane can be secured if sufficient air mail is on hand at that time. It is entirely possible that Salida will later be put on the regular air mail route.

The passenger planes will be piloted by the most competent aviators obtainable.

## PETE ARCHER COACHES WINNING SWIMMING TEAM IN CALIFORNIA

Alva, "Pete," Archer, student coach of the Long Beach Junior college swimming team, gained considerable honor when his team won the Southern California swim title last Saturday.

## NORMAN PARKER OF SALIDA HEADS UNIVERSITY ENGINEERS

Norman Parker of Salida, junior mechanical engineer at Colorado University at Boulder has been elected president of the Combined Engineers for the 1929-1930 school year.

Mr. Parker graduated from Salida high school here a few years ago and following his graduation, moved to Boulder where he has since been attending the University.

The other members elected to the society were: Alvin Franks of Silver City, New Mexico, vice president; Marshal Pitney of Cheraw, secretary and Pat Maloner of Boulder treasurer.

## EVANGELISTIC CAMPAIGN WELL RENDERED BY MR. AND MRS. SCOVILLE

The first mid-week services of the union evangelistic campaign being conducted in the church of Christ by the Scoville evangelistic party was observed Thursday morning when a fine representative audience greeted evangelist Scoville and the members of his team.

Three masterful addresses featured the opening services Sunday with other equally strong sermons following each night this week. The outstanding feature of the preliminary services has been the excellent vocal solos by Arlene Dux Scoville, by far the preeminent gospel singer in the country today. The accompaniment on the piano by Professor Isaac N. Farris is also the cause of considerable and favorable comment.

## CHILDREN SATURDAY NIGHT

One hundred children, members of the Booster Choir, who have been drilling under the direction of Mrs. Scoville this week will present their initial recital in the church Saturday evening preceding the preaching service. Mrs. Scoville has enjoyed unusual success in drilling children in nearly every part of the United States and the children, under her direction will present a fine recital. Following the recital Dr. Scoville will preach a sermon on the theme, "God's Love Illustrated by Mother's Love."

## FOUR SERVICES SUNDAY

Four great services will feature the Sunday program chief among them

## YOUNG AND RORER MAKING CHOICE OF PLANES IN DENVER THIS WEEK

R. D. Young and Earl Rorer are in Colorado Springs and Denver today looking at planes one of which they expect to purchase for Salida in the near future.

The final choice in the end will be between a Waco, an Eaglerock or a Travelair. These planes will be demonstrated in Salida before a final purchase is made.

## MANY ACRES PLANTED TO LETTUCE NEAR HERE

Lettuce bulletin No. 1 issued by the Denver & Rio Grande Western railway, under the direction of W. H. Olin, supervisor of agriculture, states that a total of 6,570 acres of lettuce, 9,200 acres of peas and 2,345 acres of cauliflower have been planted in the San Luis valley, Eagle valley Buena Vista, and Wet Mountain valley. The total in the Wet Mountain valley, Westcliffe and Hillside districts is 745 acres, and in the Cotopaxi-Texas Creek district 450 acres. San Luis valley tops the list of 14,200 acres.

While there is no material increase in lettuce, there is a considerable increase in both pod peas and cauliflower acreage as a whole in the state. According to the report, there is an abundance of winter snow in the region where these vegetables are being grown to give assurance of a good water supply for the crop growing season.

While planting on account of the late season is backward, present growing conditions are all that could be asked for. It is thought that the crop will mature about the usual time.

## LLOYD FORDE TO RECEIVE B. S. DEGREE FROM C. C.

Albert Lloyd Forde of Salida will graduate from Colorado College at the final commencement exercises on June 12th.

He will receive a Bachelor of Science degree with a major in Civil Engineering.

Forde is a well known figure on the Colorado College campus. He is a member of Delta Alpha Phi, a social fraternity; is a member of Delta Epsilon, a nation scientific fraternity; was a member of the Glee Club; and is a member of The Growlers Club, a pep organization.

## COLORADO AGRICULTURE TO BE NATIONALLY ADVERTISED

The beginning of work toward development of Colorado Agriculture as one of the major activities of The Colorado Association was announced this week by Dr. B. M. Rastall, executive vice president. Almost at the same time he made public unexpectedly large results from the first advertising in the organization's summer advertising campaign of Colorado throughout fifteen eastern and southern states.

In the agricultural work formation of a special research committee has been formed for study of ways to develop Colo-

## WOLF CREEK PASS HIGHWAY IS OPEN

Del Norte—A volunteer crew of workmen employed by the businessmen of Monte Vista, Del Norte and South Fork have cleared a path thru the snow on this side of the Wolf creek highway, working with the state highway employees, and a similar body of volunteers have accomplished the same work on the Pagosa Springs side. The roadway is now passable.

## COLORADO LIVESTOCK AND RANGE REPORT

Colorado livestock is in fair to good condition. Range growth is slow. Moisture conditions are favorable and late range prospects above average according to the monthly livestock and range report of the Colorado office of the United States Division of Crop and Livestock Estimates.

RANGES: Grass has been late in starting and high ranges have made little growth. Moisture conditions are generally excellent except in Northeastern counties and a few Southeastern and south central counties. Prospects are good for late ranges.

June 1st range condition is 90 per cent of normal compared with 87 per cent last month, 99 per cent a year ago, and the five year average of 93.2 per cent.

Fay has been fed close and there will be a very light carry over.

CATTLE: Cattle are a little thinner than usual at this season, due to late feed following a severe winter. There are some thin cattle, with more than the usual loss of calves. The early calving crop is a little short. There has been a strong demand for stock cattle at good prices but few have changed hands. The condition of cattle is 91 per cent of normal compared with 89 per cent on May 1, 99 per cent a year ago, and the five year average of 94.6 per cent.

SHEEP: Sheep are not in as good flesh as usual, with some thin ewes. The lamb crop is generally fair to good with losses a little above normal. A large number of lambs have been contracted at 11 to 12 1-2 cents. Wool has moved slowly with offers of 27 to 31 cents. Sheep condition on June 1 was reported at 88 per cent compared with 88 per cent a month ago, 98 per cent a year ago, and the five year average of 97 per cent.

CENTRAL: (Chaffee, Gilpin, Fremont, Jefferson, Lake, Summit, Teller) Range feed very late. Warm weather needed. Heavy snowfall has furnished abundance of moisture. Prospects good for late grass. Lamb losses above average. Some lambs contracted at 12 cents.

## ZENE WILLINGHAM GRADUATES FROM COLORADO U MONDAY

Zene Willingham of Salida will graduate from Colorado University Monday with one of the largest classes ever graduated from C. U.

Miss Willingham graduated four years ago from Salida high school and the C. U. scholarship which she

SALIDA, COLORADO, FRIDAY, JUNE 7, 1929

## EARLE EHRHART TO BE BURIED SUNDAY CENTERVILLE CEMETERY AT 1 O'CLOCK

Served As County Commissioner; President of Upper Arkansas River Protective Association; Member of Masons at Buena Vista

## MRS. JULIA HULL WILL BE BURIED HERE SATURDAY

Funeral services for Mrs. Julia Hull, who died Tuesday in Lexington, Kentucky, will be held in Salida Saturday morning at 10:30 o'clock from the Stewart funeral parlors. Interment will be made at Fairview.

About a year and a half ago, Mr. Hull, husband of Mrs. Hull, died in a hospital following a prolonged illness and since that time Mrs. Hull has been failing rapidly. She was visiting in Lexington hoping to restore her lost health.

Mrs. Hull was employed at the Sandusky Dry Goods Store for a good number of years and became well known in Salida. She left the Sandusky Dry Goods store about two years ago and went to Pueblo where she had since made her home prior to her departure for Kentucky.

Mrs. Hull has a few survivors in the state but it is not survived by any children.

## SHOPCRAFT BAND GAVE PROGRAM LAST NIGHT

Last night the Shopcraft band held their first concert at Alpine park. A large number attended the lovely concert lasted for about an hour and a half was very enjoyable.

The men wore the attractive shopcraft band uniforms which are worthy of much praise.

The band played in the park pavilion and the cars lined along both sides of the streets on four sides of the park. It seemed the biggest part of the crowd remained in their cars.

Every Thursday evening the band will give similar concerts.

## Cooking School Held Next Week at Public Service Office Here

Starting Monday and continuing until Wednesday a free Hotpoint Electric Cooking School will be held in the sales rooms of the Public Service office with Mrs. Duncan, expert cook in charge. The school is held under the supervision of the local offices.

Funeral services for Earle Ehrhart, county commissioner who died Thursday morning at 9:45 o'clock in a local hospital following an illness of a few months will be held at the Centerville Cemetery Sunday at one p. m. Reverend Geisen of the Episcopal church in Gunnison officiating. The Masonic order will have charge of the burial services.

Earle Ehrhart was elected County Commissioner last November by a large majority of votes and was installed into office in January of this year. His health has permitted him to attend all meetings of the commissioners held this year; other than the one held last Monday. H. Lovel Johnson of Salida and Myron Beswick of Buena Vista were on the commission board with Mr. Ehrhart.

Mr. Ehrhart was born at the Ehrhart ranch-estate at Centerville, forty-four years ago and has since that time made his home there. The Ehrhart ranch has become famous throughout the state for its cattle and sheep. Mr. Ehrhart was often praised for the thorobred cattle that he raised. One of the most modern and cleanest dairies in the state is found at the Ehrhart ranch. His father was born on the same estate which was built by the grandfather of Earle. The parents of Mr. Ehrhart, Mr. and Mrs. Thomas J. Ehrhart, former Chaffee county residents, have made their home in Denver for a good number of years and the eldest son of Mr. and Mrs. Earle Ehrhart, Thomas J. Ehrhart,

## Legion Purchases Land for Airport; Aerial Circus Planned for Two Days

Salida has an airplane landing field. A deal was made yesterday by Ray Lines post of the American Legion to purchase 130 acres of level land at Poncha Springs from the Poncha Hot Springs company for \$2250. The land is located on the mesa alongside the highway which leads to Monarch.

Plans were made immediately to have the air and the land surveyed and an Eagle Rock plane with two engineers will be here sometime today to make the survey. After the air has been surveyed the ground plans will be made.

As soon as word was received that the papers for the property were in the mails the officers of the Legion began to arrange for an air circus to be held here July 4 and 5. It is

## School Program Wins Praise by Audience

The entertainment given Wednesday night at the High school auditorium by the pupils of St. Joseph's school was a big success. The children played their parts very well and all the scenery, costumes and settings were much admired by the audience.

The attendance was large and the entertainment was a success financially. The children had been training for several weeks for the entertainment under the direction of the Benedictine sisters. There were clever dialogues and dancing and short plays with interesting plots.

## Funeral of Mrs. Moore Held Here Wednesday

Funeral services for Mrs. Arthur L. Moore, who died May 30, in Phoenix, Arizona, were held at 9 o'clock Wednesday morning at St. Joseph's church, the Rev. Edward Berkemeyer officiating. Requiem mass was sung by the Rev. M. Boyle and Miss Mary Elizabeth Dailey sang several solos.

The pall bearers were, Ray Pratt, Ed Finn, Walter Boots, Michael Hennessy, Claud Hewitt and Francis Jacobs.

There was a large attendance of

planned to have one army plane, two Eagle Rocks and several planes from Kansas. If possible, a parachute jumper will be secured.

R. D. Young is arranging for the purchase of a plane for himself and he expects to have it here in time to tour the surrounding country with advertising literature regarding the air circus. Mr. Young has a license to fly solo. Dr. C. Rex Fuller also is

planning to purchase a plane. It is

expected that 10,000 people from the San Luis valley, Gunnison valley, the South Park and the Arkansas valley

will attend the air circus if it can be arranged but the committee is pressed for time in making contracts because most of the planes already have been engaged by other towns for July 4

celebrations.

The field at Poncha is pronounced by airmen to be ideal for Salida. It is far enough away from the city to prevent the danger of flying low over the city and it is on convenient highways. The airports of many California cities are ten to twenty miles removed.

The establishing of the airport will place Salida on the air map and will make this city the stopping place for many planes that now travel over more northern or southern routes. Many planes will pass over Salida that now will not come this way because in case of forced landing they do not feel safe.

Thomas A. Nevens, W. S. Rush and Neil Davenport have been working out the legal and engineering details connected with the enterprise. It is planned to have Postmaster Ewing of Colorado Springs, dedicate the new field. He is state commander of the American Legion.

It is expected the landing field will be self-sustaining. A service station will be maintained on the field and there will be other concessions that can be leased. Hangars will be rented.

### CHARLOTTE PENDERGRAST WINS ESSAY CONTEST

Charlotte Pendergrast, daughter of Mr. and Mrs. R. J. Pendergrast, won first place in the essay contest sponsored this spring by the local union of the

### ALPINE CLUB MEETS WITH MRS. KOWALSKI THURSDAY

Mrs. P. A. Kowalski was hostess to the Alpine club Thursday afternoon at her home.

Bridge was played at three tables. Mrs. Earl Cowan won the prize for high score and Mrs. Ellen Roberts received the consolation prize. A lovely two course lunch was served at the close of the afternoon.

The Kowalski home was attractively decorated with sweet peas and lilacs.

The next meeting of the club will be held with Mrs. V. C. Mangus.

### C. C. Hunley Found Dead in Alamosa Hotel

Alamosa, Col., June 7—Heart failure caused the death of O. C. (Red) Hunley, pioneer gold mining prospector of Salida, at the Central rooming house, Main and State street, Wednesday night shortly after the victim's arrival from his home town in search of work here. He was about 72 years old and widely known in mining camp circles in the early days. His only known surviving relative is Lissie Hunley of Poway, Calif., identified through a letter found in Hunley's meager effects. He carried a keyring bearing a number of padlock keys, indicating that he had a cabin some

Hunley arrived in Alamosa with

place in the hills. Mr. and Mrs. J. A. Pope, of the Hotel Walsh, at about 4:30 o'clock Wednesday afternoon, they having given him a "lift" in their auto from Salida. They had no vacant room at the hotel so secured lodgings for him at the Central, Pope arranging to give the stranger a few days' work starting Tuesday morning. When no response was made to a requested early call, Mrs. Veronica Rutledge, proprietor of the Central, fearing something was wrong, summoned Chief of Police John Dorris.

He looked over the door transom and saw the lodger lying stretched out on the floor, apparently lifeless. He was fully clothed and evidently had been fatally stricken shortly after being shown to his quarters early Wednesday evening. A slight bruise on the left side of his head showed that he had fallen to the floor from a chair or the side of the bed.

It is expected the landing field will be self-sustaining. A service station will be maintained on the field and there will be other concessions that can be leased. Hangars will be rented.

Charlotte Pendergrast, daughter of Mr. and Mrs. R. J. Pendergrast, won first place in the essay contest sponsored this spring by the local union of the

Degitz-Jacobs

### William Burnett Dies on Visit to California

William Wallace Burnett, one of the first white men born in Chaffee county, died June 4 in Long Beach, Cal., after an illness of a year with heart trouble.

He left the Rio Grande hospital here three weeks ago after having been in the institution three weeks for treatment. He visited in Florence for a week, then went to Phoenix, Ariz., for ten days and then to the home of his brother-in-law, Edward White, in Long Beach, where he died. His wife was with him when he passed away.

The body will be brought to Salida and funeral services will be held at 4 o'clock Sunday afternoon at the Stewart chapel. The Masons will have charge. The Rev. A. E. Tuck of the Methodist church will officiate. The body will be sent to Florence on train No. 4 Monday morning and the Masons of that city will conduct the services at the grave. Interment will be in the cemetery at Florence alongside the grave of his first wife.

Mr. Burnett was born May 14, 1869 at Poncha Springs, on the ranch which was taken up as a homestead by his parents. At 16 years of age he entered the Rio Grande shops in Salida and learned the machinist trade. He worked at his trade in Salida, Leadville and Minturn and then went to Florence to enter the engine service of the Florence and Cripple Creek railroad. He was an engineer on that line until it was abandoned. He returned to the Rio Grande and served seventeen years as foreman of the roundhouse at Minturn until he removed to Salida a couple of years ago.

The article follows:

"Out of 35 candidates for a fellowship in psychology, Leland Stanford University has chosen Miss Helen Louise Campbell, 1361 S. Marion st., a student of Prof. Thomas R. Garth of the University of Denver. Miss Campbell, who will receive her master's degree at D. U., Wednesday night, will leave for California in the fall and spend two years earning her doctorate.

"The award is known as the Buckle scholarship and gives the recipient the privilege of doing advanced work under Dr. L. M. Terman, the noted Stanford psychologist.

"At her graduation at D. U. last year, Miss Campbell was elected to the honorary society Sigma Phi Alpha, with an average grade of 90 for her four years' work. She was a member of Kappa Delta Pi, national honorary educational fraternity; president of the Philote organization; secretary of the woman's student council; member of Rad Runne, a literary society, and recipient of the Kappa Delta Pi scholarship for 1928-1929. She went to D. U. on a scholarship from Manual Training High School. She is also a member of the American Association of University women."

### IVY CIRCLE, N. O. W. HOLDS MEMORIAL SERVICES

Memorial services were conducted by the Ivy circle, Neighbors of Woodcraft, Sunday evening at the Methodist church. A nice crowd attended.

The opening prayer and benediction were given by the Rev. Albert Tuck who also delivered a splendid memorial address.

The music for the services consisted of three solos. Mrs. R. J. Pendergrast sang "My Task," Harry Hampson sang "One Sweetly Solemn Thought" and Mrs. Arlene Dux Scoville rendered "The Last Mile of the Way."

### Former Salida Girl Winner of Honors

The Rocky Mountain News of June 3 contains an article about Miss Helen Louise Campbell winning scholarship at Leland Stanford university. Miss Campbell is a daughter of Mr. and Mrs. Louis Campbell and a granddaughter of the late Mr. and Mrs. James Droney who were pioneer residents of Salida. Mr. Droney was in business in Salida for many years.

The article follows:

"Out of 35 candidates for a fellowship in psychology, Leland Stanford University has chosen Miss Helen Louise Campbell, 1361 S. Marion st., a student of Prof. Thomas R. Garth of the University of Denver. Miss Campbell, who will receive her master's degree at D. U., Wednesday night, will leave for California in the fall and spend two years earning her doctorate.

"The award is known as the Buckle scholarship and gives the recipient the privilege of doing advanced work under Dr. L. M. Terman, the noted Stanford psychologist.

She went to D. U. on a scholarship from Manual Training High School. She is also a member of the American Association of University women."

## Earle Ehrhart Claimed by Death; Prominent Official and Ranchman

Earle Ehrhart, chairman of the board of county commissioners of Chaffee county, and one of the most widely known ranchmen in this section of the state, died at 9:45 o'clock Thursday morning at Red Cross hospital. He was taken to the hospital Saturday after a severe hemorrhage from the stomach and this was followed by a succession of hemorrhages until he died from loss of blood. Blood transfusion was resorted to Wednesday, his father, Thomas J. Ehrhart, and his wife, giving their blood to save him.

EARLE EHRHART

Hope of saving his life was practically abandoned Wednesday evening when the hemorrhages continued.

Mr. Ehrhart was first taken ill a few days before the election last November. He went to Mayo Brothers road work done, and he had already made a good start. He built a new road to Mount Princeton Hot Springs. He improved several farm roads along the Little River. He had arranged with the State

## PLANS FOR LEGION AIR CIRCUS WELL UNDER WAY, TO HAVE 12 PASSENGER PLANE

Committees in Charge Hard at Work to Make July 3rd and 4th One of Biggest Events in Salida; Col. Lindbergh Invited to Pilot Salida's First Air Mail

The American Legion in co-operation with the Salida Chamber of Commerce promises to give Salida a unique 4th of July celebration this year.

With the recent purchase by the Legion of a tract of land near Poncha Salida has come to the front in aviation. Now comes the dedication of the field with a big air circus which promises to bring people from great distances to Salida.

There will be a Ford Tri-motored plane piloted by two of the world's oldest tri-motored fliers. They will carry 12 passengers and will be at the service of the public for two days at a very nominal charge per passenger.

There will also be a Ryan Brougham four passenger cabin plane. This plane is a sister ship of "the Spirit of St. Louis" in which Col. Lindbergh made his historic flight from New York to Paris. This plane will also be at the service of those desiring to ride.

An Eaglerock open cockpit plane for acrobatic exhibition will also provide thrills for the crowds. This plane will be accompanied by the famous parachute jumper Mr. Jimmie Donohue, who made his 419th parachute jump last Sunday at Colorado Springs. Mr. Donohue is a former parachute jumper in the barnstorming days of Col. Lindberg. He is recognized as one of the world's greatest aerial entertainers in the way of wing walking and parachute jumping. Salida is fortunate in securing Mr. Donohue for its air circus.

Other plans include a golf tournament with handsome prizes, a baseball game, dayligh fireworks and many other events. There will be something going on every minute of the two days.

The proceeds of the air circus will go to defray the expenses incurred in the purchase of the airport.

Mr. G. V. Travers has charge of the advertising and believes this will be one of the biggest events in the history of modern Salida.

## LINDBERGH INVITED TO FLY FIRST AIR MAIL FROM SALIDA

The following telegram was last night sent to Col. Chas. A. Lindbergh: Col. Chas. A. Lindbergh, Bureau of Aeronautics.

Our Flag—152 Years!

By Albert T. Reid

## Fathers Day Set For Sunday June 16, As Time For Tribute

Nineteen years ago Mrs. John Bruce Dodge daughter of William J. Smart, a veteran of the Civil War, started as a tribute to her father the custom of observing Father's Day. Mr. Smart had reared his motherless children alone and this inspired his faithful daughter to honor her father by instituting a national movement by which one day each year would be set aside in memory of the nation's fathers.

While father has long been the butt of much humor, satire and cynicism, he is nevertheless, well entitled to his own distinctive day. In 1914 the congress of the United States endorsed the observance of one day each year in honor of fathers and set aside the third Sunday in June as the festive day. This year, June 16 will be celebrated throughout the nation as Father's day.

While the nation has always felt that it owes a great deal to mothers and has celebrated Mothers' day with a great deal of sincerity and spontaneity, at the same time Father's day has gradually grown in importance as an occasion for celebration and each year the head of the family, who for the balance of the year is salted principally with bills and complaints, receives on this one day the plaudits he deserves.

A great deal of sentiment has been written about mothers, and motherhood and without doubt many of the world's leading figures can attribute their success to the inspiration, guidance and the teaching of their mothers but the stern rule, the splendid example and the training of fathers the nation over has undoubtedly done much to mold the character of many of the nation's highest figures.

Unfortunately, the nation's humorists and columnists are inclined to pass rather lightly and facetiously over Fathers' day but the truth of the matter is that millions of men and women throughout the country honor their fathers on this third Sunday in June. They give them ties and bathrobes and slippers, golf clubs, golf balls, and cigars socks and handkerchiefs.

Many sons and daughters spending Fathers' day from the family hearth

## "AUNT LUCIA" TO VISIT IN SALIDA JUNE 24 AND 25

"Aunt Lucia," will be presented in Salida, June 24th and 25th having been postponed from dates of next week.

The play will be shown at the Empire.

"If you can't laugh, stay away," are lines written many months ago by some enterprising press agent who desired to show the comedy expressed in the play.

One hundred local people will take part in the play under the auspices of the Tuesday Evening Club. "Aunt Lucia," is a lively story built around the pranks played by college boys in a fraternity house. They have learned that a rich widow, Aunt Lucy, is expected to arrive soon from Florida to attend a home-coming of old grads of the school and the college heads

## Salida Legion Airport

Realizing that a town without an airport is as out of date as a town without an automobile, the Ray Lines Post of the American Legion has obligated itself for the purchase of a tract of land near Poncha to be used as an airport. Even the largest planes will be able to land at this airport.

The Salida Chamber of Commerce has obligated itself to support the Legion boys financially in their project and in order to defray expenses and pay part of the purchase price of the site, they have planned entertainment, the nature of which will be new to this section of the country.

There will be a big Ford Tri-Motored Passenger plane carrying 12 passengers and 2 pilots; a Ryan Brougham 4-passenger cabin plane the sister ship to the "Spirit of St. Louis;" An Eagle Rock stunt plane which will do Death Defying stunts each day of the 2-day celebration. A parachute jumper and wing-walker to give you thrills, besides many other forms of entertainment are being planned.

It will be necessary for the Chamber of Commerce to solicit subscriptions to defray expenses that will be incurred and we ask

## SALIDA BASEBALL TEAM TO MEET MONTE VISTA NINE HERE SUNDAY AT 2:30 P.M.

Salida baseball season will open here Sunday when the local bunch will meet the baseball nine of Monte Vista. The game is called for 2:30 at Marvin Park.

The following was submitted to The Record by a local fan.

The baseball season is here again after a hard winter with everyone trying to get warmed up, the baseball players as well as the fans.

The line-up for the local nine is not completely settled as yet but last Sunday's game at Alamosa shows that the home team has great ability.

The writer of this article has witnessed some fast and hard played games and is fully satisfied that last Sunday's game was one of the tightest ever witnessed in this section of Colorado.

Pasquale, who is pitching for Salida, pegged one real game of ball. He held Alamosa down to four hits. Michlich is holding down first base and is congratulated in the speech that he is a second "Sidey" who formerly played with Salida.

Young Rout is behind the bat again this year and last Sunday made two fine hits and runs that, due to tough luck were not counted. Frank Route is manager of the team this year and is deserving of credit due him in assisting the men. Lester and Charles Zingone are as usual doing their fast work in the field. The other players of the team, not above mentioned are going through some mighty fine although tough practices and will be up in the front when the season has a good start.

Everyone out for the game Sunday and show the local boys you are back of them.

## SALIDA GOLFERS TO MEET OPPONENTS IN ALAMOSA SUNDAY JUNE 16TH.

The final of a series of tournaments that have been played recently between the Salida, Monte Vista, Alamosa and Canon City teams will be held in Alamosa Sunday, June 16th.

The first of the tournaments was held in Monte Vista, the second in Canon City, the third in Salida and the fourth will be held in Alamosa Sunday.

Of the three tournaments already held Salida won two and according to Dr. Ostrum president of the Salida golf club, Salida will win three of the four meets.

Eighteen players from the four above

something going on every minute of the two days.

The proceeds of the air circus will go to defray the expenses incurred in the purchase of the airport.

Mr. G. V. Travers has charge of the advertising and believes this will be one of the biggest events in the history of modern Salida.

## LINDBERGH INVITED TO FLY FIRST AIR MAIL FROM SALIDA

The following telegram was last night sent to Col. Chas. A. Lindbergh:  
Col. Chas. A. Lindbergh,  
Bureau of Aeronautics,  
Washington, D. C.

Would like very much to have you assist in dedication American Legion Airport, Salida, Colorado, July 3rd and fly first air mail out of Salida stop Please reply.

FRANK WAREHAM,  
Commander Ray Lines  
Post No. 64

Col. Lindbergh is in Denver on many occasions and it is but a short flight to Salida now that there is an airport established.

## 50-GALLON STILL FOUND NINE MILES FROM HERE

Chief-of-Police J. Ed. Chesnut and Patrolman Bob Davidson brought a new still to Salida Wednesday evening and left the same at the city hall where it will remain for a short time prior to its destruction that will take place in a few days.

The still, which was only used once or twice and very thoroughly cleaned then, has a consumption of fifty gallons. Those who have viewed the still say its mechanism is very unusual and someone that is old at the game built the still of the heaviest copper obtainable.

The still was found in the loft of an old building near Squaw creek, nine miles northwest of Salida. Although no mash was found and no signs of operation were indicated it is thought that the still was being stored away temporarily and was to be moved soon to another spot or where the owner desired to have it erected.

The copper of the still will be sold and the city treasury department will increase slightly in wealth.

## MODEL AIRPLANE CONTEST FOR BOYS AND GIRLS

Get out the saw and hammer you boys and girls who are sixteen years and under and show your skill in building an airplane.

A contest has been arranged which will provide cash prizes for the best model airplane built by any boy or girl under sixteen. These planes are to be completed before the dedication of Salida's airport. The first prize is \$5, second prize \$3 and third prize of \$2. Start right now to build a model plane and perhaps win one of these prizes. Should Col. Chas. A. Lindbergh arrive in time for the dedication he will see the plane which you built.

Further information can be secured from Mr. G. V. Travers.

written about mothers, and motherhood and without doubt many of the world's leading figures can attribute their success to the inspiration, guidance and the teaching of their mothers but the stern rule, the splendid example and the training of fathers the nation over has undoubtedly done much to mold the character of many of the nation's highest figures.

Unfortunately, the nation's humorists and columnists are inclined to pass rather lightly and facetiously over Fathers' day but the truth of the matter is that millions of men and women throughout the country honor their fathers on this third Sunday in June. They give them ties and bathrobes and slippers, golf clubs, golf balls, and cigars, socks and handkerchiefs.

Many sons and daughters spending Fathers' day from the family hearth, avail themselves of the facilities of the Telegraph company and send greeting telegrams. Indeed, the telegraphic traffic amounts to such great proportions on this day that the Western Union has special operations and extra messengers at numerous points throughout the country to handle its business.

Despite the jokes, the cartoons and the humorous comments of editorial writers and columnists, Father's day is now one of the outstanding festive days of the nation and the sons and daughters of America have proven that father is well entitled to his own distinctive day.

## VOLUNTEERS CALLED TO CLEAR ROCKS FROM AIRPORT

Every person in Salida is asked to assist in clearing the aviation field of rocks in time for the dedication, July 3rd.

Trucks will be on the field Saturday and Sunday to haul off the rocks. Volunteers are needed to load the rocks.

The committee requests that if you have a day or a half day or even an hour to two to spare to drive out to the field and assist in clearing Salida's airport.

## ROAD CONDITIONS IN STATE REPORTED GOOD

Highways throughout the state are in good condition although rather dusty from lack of moisture and heavy traffic.

Tennessee pass is being repaired in places and on the east side a new strip of road is being built.

Independence pass is not open at present and is quite heavily laden with snow but work on the pass is progressing.

Fremont pass above Leadville is open for travel, this enabling fishermen to enter the famous frying pan country.

Lake county also has the road open to the Hagerman tunnel.

Wolf creek is dusty but the road bed is good for travel.

Monarch pass has been open several weeks and is in fine condition with the roads continually dampened from snow banks along the highway, keeping any dust down.

The road to Leadville is good between Salida and Buena Vista but rough from Buena Vista to Leadville. The Canon City road is fine and the South Park road is in good condition for travel. All valley roads are reported as in good condition.

"Aunt Lucia," will be presented in Salida, June 24th and 25th having been postponed from dates of next week.

The play will be shown at the Empire.

"If you can't laugh, stay away," are lines written many months ago by some enterprising press agent who desired to show the comedy expressed in the play.

One hundred local people will take part in the play under the auspices of the Tuesday Evening Club. "Aunt Lucia," is a lively story built around the pranks played by college boys in a fraternity house. They have learned that a rich widow, Aunt Lucy, is expected to arrive soon from Florida to attend a home-coming of old grads of the school and the college heads immediately begin forming plans to relieve the old lady of a half million dollars for a new football stadium.

Meanwhile the college boys induce Jerry, a college youth to fake as the aunt. It is a real scream from beginning to end.

Flappers of every type will take part in the show and the "Tired" business men will form the chorus.

Seats are on sale at the Waggoner Drug Co.

The cast of the play reads: Jerry (fake aunt) Harold Koster; George (college boy) Truman Spencer; Betsy (George's girl) Dorothy Allan; Dick (football star) Theodore Jacobs; Molly (Dick's girl) Beatrice Hanks; Ethelyn (Jerry's girl) Goldie Warren; Prof. Goddis (eccentric bachelor) A. F. Reeves; Dean Howard Mrs. D. C. Kern; Butter and egg man of Omaha, G. M. Rawson; Mr. Collins, (Dick's dad) Leslie Bush; Pres. of college, Ted Everett; President's wife, Mrs. W. G. Benham; Fraternity President, Russell Peck; First Freshman, James Lewis; second freshman, Robert Kasling.

## SATURDAY NIGHT DANCE AT WELLSVILLE WILL BE NOVEL AFFAIR SAYS MANAGER

The dance at Wellsville tomorrow night promises to be a very unusual treat. Mr. Quaranto, the leader, of the 9-piece Arcadian orchestra who has charge of the music for these dances, has just returned from California where he has been attending the Shriners' Convention. He has had the privilege of hearing many of the noted musicians among them being Ted Lewis, Paul Whitman and others.

Mr. Quaranto reports a very pleasant trip and lots of new ideas which will be featured at the dance Saturday night.

## CANON ELK'S CAR WRECKS AND BURNS

Charles, "Chuck" McKissick of Canon City, formerly foreman of the Gibson Motor Company at Salida, in company with Coleman Spurgeon and John Pease of Canon City received only minor injuries when the car that he was driving turned over and was completely destroyed by fire Thursday morning. The other occupants in the car escaped unhurt.

The three men had been at an Elk's meeting at Westcliffe and were on their way home when a bad rear wheel forced the car to turn over on a curve.

Pease was thrown clear of the wreck when it turned over but McKissick and Spurgeon were forced to crawl out thru the front window of the car. All three sat by the side of the road and watched the car burst into flames and burn until completely destroyed.

## SALIDA SHOPCRAFT BAND FINE ASSET TO SALIDA

The Salida shopcraft municipal band of Salida is giving programs every Thursday evening at Alpine park. Last night the second program was given and a large crowd was in attendance.

This band is a fine community asset and deserves the support of the many Salida people. Everyone is invited to hear these concerts every Thursday evening.

Legion has obligated itself for the purchase of a tract of land near Poncha to be used as an airport. Even the largest planes will be able to land at this airport.

The Salida Chamber of Commerce has obligated itself to support the Legion boys financially in their project and in order to defray expenses and pay part of the purchase price of the site, they have planned entertainment, the nature of which will be new to this section of the country.

There will be a big Ford Tri-Motored Passenger plane carrying 12 passengers and 2 pilots; a Ryan Brougham 4-passenger cabin plane the sister ship to the "Spirit of St. Louis;" An Eagle Rock stunt plane which will do Death Defying stunts each day of the 2-day celebration. A parachute jumper and wing-walker to give you thrills, besides many other forms of entertainment are being planned.

It will be necessary for the Chamber of Commerce to solicit subscriptions to defray expenses that will be incurred and we ask that you be generous in your donations when our representative calls on you.

THE SALIDA CHAMBER OF COMMERCE, INC.,  
E. W. MAYS, Pres.

## MILLER-GIBSON WEDDING SOLEMNIZED AT HIGH NOON ON WEDNESDAY

## DE MOLAY'S TO BANQUET AT ELKS MONDAY EVENING

One of the loveliest weddings of June took place Wednesday at high noon when Ruth Miller, daughter of Mr. and Mrs. James Miller of Salida became the bride of Fredrick Gibson of Colorado Springs. The wedding took place in the 7th Day Advent church with Elder W. L. Rice of Denver reading the ceremony.

J. S. Ramey played a beautiful wedding march on the violin and was accompanied on the piano by Mrs. Johnson. The church was made lovely with pink bouquets and wild flowers. The bride was beautifully gowned in a white satin dress and wore a long bridal veil charmingly draped and gathered giving it a lovely fullness; she carried a bouquet of ophelia roses and lily-of-the-valley. The bridesmaid Miss Sara Miller, sister of the bride was dressed in pink chiffon voile.

Mr. and Mrs. Gibson were attended by Miss Sara Miller, bridesmaid, Alfred Shaffer of Colorado Springs best man and Mr. and Mrs. Earl Koke of Colorado Springs.

Mrs. Gibson is the charming daughter of Mr. and Mrs. James Miller of Salida. She attended Salida high school and graduated in 1922. In 1924 she graduated from Junior College at Chattanooga, Tennessee and later attended Western State College and Union College at Lincoln, Nebraska. Recently she has held a position in a Colorado Springs hospital.

Mr. Gibson is manager at the Crestone Heights sanitorium in Colorado Springs.

Immediately following the wedding a lovely bridal-luncheon was served at the Miller home. The table was artistically decorated with single roses in rose bud vases. A large bridal cake formed the centerpiece of the table and during luncheon the bride cut the cake and served it to the 18 guests present.

The young couple, Mr. and Mrs. Fredrick Gibson are spending their honeymoon at Twin Lakes.

## PLAY TO BE PRESENTED SUNDAY SUNDAY AT METHODIST CHURCH

"The Red-velvet Pocket-book Dog" is to be presented Sunday, Children's Day at the Methodist Episcopal church at ten o'clock. Some of the characters are Robin, Sparrow, Owl, Weasel, Balboa, Oak Tree and Maple Tree. These will all be in costume.

The committee in charge are: Mrs. W. H. Allen, Mrs. Elmer Read, Mrs. Clarence Darby, Mrs. F. E. Park, Mrs. Tom Pierce and Mrs. Albert Tuck.

Everybody out to Salida's new airport to help the Legion boys and Chamber of Commerce clear the field.

Nearly all business houses displayed flags today—Flag Day.

SUNDAY JUNE 16TH.

The final of a series of tournaments that have been played recently between the Salida, Monte Vista, Alamosa and Canon City teams will be held in Alamosa Sunday, June 16th.

The first of the tournaments was held in Monte Vista, the second in Canon City, the third in Salida and the fourth will be held in Alamosa Sunday.

Of the three tournaments already held Salida won two and according to Dr. Ostrum president of the Salida golf club, Salida will win three of the four meets.

Eighteen players from the four above mentioned towns will play Sunday.

The Salida players are Dr. Ostrum, W. E. Patterson, R. Davie, H. Koster, Harry Malaby, Jean Pearce, Claude Davis, Dr. Bender, Dr. Fuller, Dr. Swartz, Al Miller, Dr. Cochems, R. Bolles, H. Frantz, F. Kimbel, H. A. Clary, M. Snell, and Guy Hall.

## ORIN WEICHEL, LOCAL TELEPHONE MANAGER IS MARRIED WEDNESDAY

Miss Helen Evans of Littleton and Orin Weichel manager of the Salida telephone office were married in Littleton at the Evan's home Wednesday as the clock hands pointed twelve o'clock. Reverend J. R. Phipps, Presbyterian minister read the ring ceremony.

The couple were attended by Mrs. H. V. Evans, a bride of June 5th, as matron of honor and Harry Hultz acted as best man.

Mrs. Weichel is the charming daughter of Mr. and Mrs. S. T. Evans of Littleton.

The bride was charmingly dressed in beautiful peach shaded dress and carried a bouquet of pink bridal roses.

The Evan's home was beautifully decorated for the wedding with peonies and roses of various shades.

The couple are spending their honeymoon at Grand Lake after which they will make their home in Salida at the MacKenzie terrace.

## FORMER SALIDA RESIDENT SUCCUMBS IN CALIFORNIA

Jefferson B. Waldron, former Salida man, who died in Pasadena, California, June 5th of hemorrhage of the brain, was buried June 6th from the Baptist church in Pasadena.

Mr. Waldron's death was the result of sinus trouble and his death was very sudden and unexpected.

During his stay in Salida Mr. Waldron was employed at the J. D. Randolph grocery store and will be remembered by his many friends through this.

The survivors of Mr. Waldron are his widow and a son, Albert Waldron.

## BATES—ELSWORTH

Miss Pearl Bates and James Ellsworth, Salida couple stole a march on their friends Wednesday evening when they were married.

No other information could be obtained and it is thought that they are on a few days honeymoon.

Both Mr. and Mrs. Ellsworth have been living in Salida at the Rolls home on Maxwell street. Mr. Ellsworth is employed at the Public service office in Salida.

I saw it in the Salida Record.

## LOCAL GOLFERS WIN TOURNAMENT IN ALAMOSA LAST SUNDAY

W. E. Patterson won the low score golf trophy Sunday at Alamosa and the Salida golfers won the tournament with 78 points in their favor.

Monte Vista rated second in the tournament with 70 points and Alamosa third with 68 points. This is the third of four tournaments to be won by Salida.

The tournament started at 10 a. m. Sunday morning. At noon a lunch was served to the golfers. Patterson was tied with Crawford, pro. of Monte Vista for low score man.

### BRUNK'S COMEDIANS HERE NEXT WEEK STARTING MONDAY EVENING

Starting June 24th, Monday evening, the Brunk's comedians will give a week's entertainment in Salida.

The group of forty people have been entertaining in many states and throughout Colorado. They play under an extremely large, waterproof tent and give good clean plays every evening.

The opening play Monday night will be "Tommy," a clever and attractive comedy.

A large orchestra entertains at the shows and gives programs every night

## DEMOLAY BANQUET HELD MONDAY EVENING AT ELKS

The De Molay annual banquet and dance held last evening at the Elk's home was one of the season's loveliest affairs.

The banquet tables were decorated with American Beauty Roses and at each place pretty programs were placed. During dinner the group was entertained by toastmaster, Robert Reams, Dr. Ostrum, Mr. Berry and Mr. Agnew, all of the advisory board.

Lorraine Szynske, Harry Stewart, and John Gloyd were also on the evening's program. Mr. and Mrs. Dinkins served the banquet.

The De Molay basketball men were each presented with small gold basket balls.

John Gloyd was chairman of the entertainment committee and is to be congratulated on the evening's huge

### NEPHEW OF JOE CARSON, NIGHT MARSHALL ESCAPES, DEATH IN ACCIDENT FRIDAY

L. J. Koroshetz of Leadville was instantly killed when the car he was driving rolled down the side of Battle Mountain shortly after midnight Friday and hurled him to the rocks below. Four others riding with Koroshetz escaped with cuts and bruises, none being seriously injured. Koroshetz, who was driving the car, struck in the boulders 500 feet below the roadway and his skull was crushed, causing instant death.

The fatal accident occurred about a mile below Gilman at the second turn in the road below that place. While none of the occupants of the car were able to give an explanation of the manner in which the machine went over the embankment, the tire tracks indicated that it had been driven directly over the edge of the road where the highway makes a right-angle turn to the left. Because of the late hour, the theory has been advanced that Koroshetz may have fallen asleep before reaching the turn in the road and have thus failed to make the turn. Passengers who escaped serious injury stated Saturday that the car was not traveling at a high rate of speed. At no point since leaving Sheep Ranch hill did the car attain a speed of more than 25 miles an hour they said. Tire tracks in the road near the turn also indicated that the car was not traveling at a rapid rate. Apparently no effort had been made to turn the machine to the left.

Those who escaped serious injury were David Bailey of Leadville, nephew of Joe Carson, night marshal of Salida; W. J. Chrisman, 1920 S. Washington street, Denver and two hitch-hikers picked up by Koroshetz six miles west of Gypsum, John and Esther Schwager. The hitch-hikers were on their way to their home in Kansas City, Missouri and after having their heads bandaged at the Gilman hospital, started on their way down the dusty road Saturday morning. They arrived in Leadville late in the afternoon and at last accounts were headed east.

### HILLMAN STOCK COMPANY PLAN TO ESTABLISH AT MONTE VISTA THIS YEAR

Monte Vista—Entertainment at the last two commercial club luncheons was furnished by outside talent. Last Friday speakers from the Christian Endeavor convention gave interesting talks and on Tuesday of this week Manager Hillman of the show company and two of his entertainers furnished the program.

This year the Hillman stock company have conducted their rehearsals in Monte Vista for the past two weeks preparatory to opening their show season here June 13. Mr. Hillman stated that their plan was to establish permanent headquarters in Monte Vista, in which purpose they will be warmly welcomed as the Hillman company has a reputation of being a clean, high class troupe. The Hillman show will open here soon.

### EAGLES SWOOP TO LEADVILLE TO JOIN STATE CONVENTION

Leadville—Eagles from all over the state began to swoop down on Leadville Saturday and more of the fraternal birds arrived Sunday for the Twelfth Annual State Convention that began Monday. All of the nearby Aeries are sending large delegations, it is said, and the more distant ones are to be represented by one or more delegates.

Copies of the convention booklet, comprising 72 pages of information and advertising material, have been mailed to all parts of the United States during the past week and they have received heavy distribution thru out the state.

Many of the down town business houses have put in special Eagle window displays in anticipation of the coming state convention. Development of decorative ideas around stufed eagles is the most universal form of decoration and the whole avenue is blossoming forth with Eagle welcome signs. A prize is being offered during the convention for the best window decoration.

The convention here this year is the first assembly of its kind in Leadville for many years and is expected to draw several hundred visiting delegates from all sections of Colorado.

The local Fraternal Order of Eagles in anticipation of the convention has been unusually active this year and its membership has been nearly doubled.

## SALIDA MORE THAN A TANK STATION IS NOW ON THE SKYWAY

When Earl Ewing, State Commander of the American Legion steps out of the National Guard Plane which will fly him to Salida for the Dedication of the Legion Airport on July 3rd, he will be more than surprised.

A short time ago he was flying to Monte Vista from Colorado Springs and passed just a few miles south of Salida in the valley. He wanted to drop into Salida but was afraid to land on what was called our landing field. That big N. G. plane will look comparatively small when it sets down the 3rd on the new Airport.

The work on the field is progressing fast, and in a short time will be in fine shape if volunteers will keep coming out for a few hours or a half day or so. Keep the good work up.

On both days of the celebration the Air Circus planes will be busy doing their stunts. They will take up passengers at a very nominal fee for such big ships. The pilots are the best the operating company have in their employ.

Daylight fireworks are an added attraction to the program that will prove most interesting to the whole crowd.

The Denver and Rio Grande Shopcraft band has arranged splendid programs for the evenings of the 3rd and 4th. These concerts will be at Alpine Park.

During the entire week of the 4th the Hillman Stock Company will present a new play each night under the auspices of the Legion.

## MRS. JOHN DANKO DIES AT HOSPITAL AFTER VERY SHORT ILLNESS

Mrs. John Danko, who died Sunday at a local hospital after a week's illness of pneumonia, will be buried Wednesday morning at 9 a. m. from the Catholic church with Father Boyle officiating. Interment will be made at Fairview.

During the past winter Mrs. Danko has suffered from several severe colds but seemed to be in good health this spring. A week ago a baby son was born at the Danko home and since that time Mrs. Danko has been failing rapidly pneumonia having been contracted. Mrs. Danko died Sunday morning at the hospital.

For twenty-six years Mrs. Danko has been living in Salida and has been married for twenty-four years. She was thirty-nine years of age. Leadville was the home of Mrs. Danko prior to Salida and her maiden name was Magdalene Pedro. Mrs. Danko, who made her home at the Sand Park ranch, was a very active member in the P. T. A.

The immediate survivors of Mrs. Danko and her husband, two sons and seven daughters, three brothers and her father.

### TWO PRISONERS ELUDE GUARDS

No information has been secured at the office of Warden Crawford relative to the two prisoners that escaped from the prison garden near Soda Point on Thursday afternoon.

The names of the two are Paul Litter serving a 12-year sentence for robbery in Adams county, and Kirk Marshall serving a five-year sentence for stealing stock in Routt county.

### ROAD PROGRESSING AT PARKDALE

Canon City—The work of the city and county, in grading a road to the top of the Royal Gorge on the south side from Parkdale, has continued throughout the past week with excellent results.

Most of the time has been spent by the men under the direction of Lon Miller in pulling trees and dragging them aside. This work, it is stated by Harry Morton, will continue for an

### \$1,000 DONATED BY CITY FOR 4TH OF JULY CELEBRATION

\$1,000 was donated by the city at the council meeting last night, to the American Legion and Chamber of Commerce to assist in the fourth-of-July celebration to be held here this year.

R. P. Rubin and Max Heberer were the members representing the Legion and Chamber of Commerce.

we grown-ups get a "kick" out of the worthy deeds we do for others, my? Sometimes I have to study before I can recall any good I have done lately. I have not become "one of these."

CTRIC WASHERS BEING INSTALLED IN U. S. HOMES

oria, Ill.—The United States is moving into a nation of consumers on a scale never before even imagined. There is a steadily widening gap between wages and the cost of living, wages increasing and commodity prices remaining stable, and the result is that many more persons than before in the country's history are about to give themselves conveniences and advantages never previously known.

Business is speeding up from day to day and the changed rate in office factory has brought better living to the home," pointed out S. H. Altomaker of A B C washers.

We think of radio as having swept the country, but as a matter of fact only 60 per cent of American homes still without sets. Electrical wash-machines are almost a household item, but two-thirds of our families remain to adopt them. Only 5 per cent of our homes have central refrigeration, in spite of the fact that we think of it as a craze that has swept the land.

Increased buying power in the average American home is hastening the day when practically every family will enjoy these advantages and conveniences. The satisfaction of doing laundry right, swishing clothes cleanly in an agitator-type porcelain spinning them dry for the line in a water-extractor, will hasten the day of many thousands of houses from out-of-date methods, now greater buying power and easy methods of buying make such Spin-washers more readily available ever."

ECONOMIC AND CONSERVATIVE FUEL

LOOMINGTON, Ill.—Pointing out that he had been the first oil consumer to take a stand for stabilization of production, C. U. Williams, president of the Williams Oil-O-Matic Company, discussing the oil conservation congress at Colorado Springs, urged that steps be taken for the ultimate benefit of the industry's oil users.

Our statement that competing oil producers had gone too far in price had been driven too low was as peculiar, coming from a manufacturer of oil burners, but there is no limit in any competition beyond which it is foolish and disastrous to go, which bring it closer to the average. I was convinced that limit had been reached in the oil situation," said Williams.

Originally we were delighted by the new announcement of reduction in oil prices. Naturally these enraged the sale of burners. But continued competition without agreement for conservation means simply wasteful overproduction will be up, with serious results for the companies to which our customers look for their oil.

Burner methods have been improved and perfected. For some time has been possible to operate a correctly designed burner economically, in figuring fuel oil at prices well above today's levels. Two years ago one of the cost of operation was a bribe to buying oil burners. We do not hear the objection today. Burner manufacturers still could heat economically in fuel oil not nearly so cheap as it is today. Conditions thus would be made better for our owners by being made better for the producers to whom the owners must look for fuel through all the years of using the service."

BLUE MESA ROAD CONSTRUCTION WILL BEGIN IMMEDIATELY

Gunnison—J. J. Vandemoor, road engineer of the second Colorado district, was here yesterday checking up on construction matters. He tells us at the big Pine Creek project, totaling about \$30,000 in expense, will commence right away, and make things rely on Blue Mesa again.

Mr. Vandemoor, with his wife drove west to the Grand Junction yesterday afternoon.

This contract was secured by Cole Bros. of Pueblo, who have a big construction outfit on the road. The bridge and half mile of road under contract to C. L. Wilbur is about complete and the Sargent's federal aid highway block is now started toward finishing stages.

Did you ever notice that when folks start out to wish a nasty job on you they always begin by handing you a jar of applesauce about your wonderful executive ability?

# 3 JULY 4 DEDICATION OF THE NEW SALIDA LEGION AIRPORT

Airport Engineers pronounce the field ideally situated; will accommodate the largest planes of today, and during this celebration, a number of these modern air craft will be here. A National Guard plane will bring in State Commander Earl Ewing of the American Legion for dedication services.

## BRIDGE LUNCHEON GIVEN AT COFFEE SHOPPE

### River Water Dispute May Be Settled Soon

C. L. Shively, and Mrs. Frank S. and daughter, Miss Thelma S. were joint hostesses at a dinner one o'clock bridge luncheon afternoon at the Sherman Coffeeppe.

Red roses decorated the tables abundance of flowers of the sea-yellow, lavender and white tints of the banquet room. This color scheme also was carried the menu. Ge was played at fifteen tables high score at each table received a rose. There were three out of town guests, Mabel Ryan of New York City, George Craig of Denver and Mrs. Smith of Minturn.

### Taylor Park Dam Plans earing Completion

Gunnison, June 24.—Long talked of and dreamed of, the Taylor Park dam power project appears to be certain, according to Dis-

Engineer L. J. Foster of Mont-

who is spending considerable

in Gunnison this summer look-

ing land records and titles in the

area affected by the project.

According to present plans the dam will be located at the head of Taylor

in order that the water may be

led up into the park for any dis-

which is necessary, probably

of nine miles. The great concrete

will be 200 feet high and will take

at least two years to construct.

The principal reason for the build-

ing of the dam is to reserve more water

for the irrigation project of which

Gunnison tunnel is a part. The

water will be kept back for use in the

Mesahre Valley, for further re-

cation work there.

The power generated by the plant

will be built with the dam will

supply the entire Gunnison val-

all the way down to Grand Junc-

including ranch lines, lines to

Butte, and possibly lines to the

slope. Power rates from such

project will be about one-third of the

present price, as the expense of run-

the plant for such an extensive re-

will be comparatively small after

plant is once installed.

The project has been hanging fire for

fifteen years, and Judge Bruce

Montrose revived interest in it this

year when he wrote of the plan to

government officials who informed him

President Hoover heartily endor-

sed such reclamation projects. About

ten years ago a private concern be-

a survey of the land and asked

mission of the government to con-

struct a dam and power plant. This

refused, the federal authorities de-

clining that at some time they intend-

to put thru the project for the

United States government. Since that

nothing definite has been done

though many people discussed the

possible realization of the dream.

The reason for the optimism at this

time is found in the fact that the gov-

ernment is anxious to get as many

such projects under way as possible in

order to relieve the unemployment sit-

uation which is getting grave in many

the more congested sections of the

country.

### Rooms Are Wanted

Those having rooms to rent on July 4 should communicate with the Salida Rest room, stating the number of rooms available and the price. It is expected the crowd will be so large that the hotels will not be able to accommodate all.

A list of the available rooms will be put on file at the Rest room.

### PAVING EXPERIMENT

The Utah Rock Asphalt company is paving the turn-around at the Rio Grande depot as an experiment to prove the merit of its product. The company is planning paving and this company is installing the experimental job.

### MRS. BARRETT HONORED AT SHOWER FRIDAY

Monte Vista, Colo., June 22.—A bill to settle interstate water disputes on the Rio Grande, and to secure needed relief for the San Luis valley in Colorado, has just been introduced by Senator Phipps, who has been working on the problem for several years.

The action taken is a direct result of conferences between Commissioners for Colorado, New Mexico and Texas at Santa Fe, last winter and subsequent meetings in Denver and Washington between western representatives and officials of the Department of the Interior. The proposed legislation carries out the purpose of a memorial passed on two occasions by both Houses of the Colorado State Legislature and recently submitted to Congress.

Under the provisions of the new Phipps bill, the Rio Grande Compact which was signed at Santa Fe on February 12 last and later approved by the legislatures of the three interested states, would be formally ratified by the federal government. It is also proposed to construct, at the sole expense of the United States, a canal or channel to drain the closed basin of the San Luis valley with an outlet in the Rio Grande. The cost of such work has been estimated at \$800,000. It is intended to relieve the water-logged condition of lands in the valley caused largely by the long continued embargo of the United States against the construction of reservoirs on the upper reaches of the stream. A large area of the territory to be drained consists of public domain. It is believed, therefore, that federal authorities should shoulder the expense of draining such lands and that no reimbursement should be required.

A third provision of the bill calls for a thorough investigation of the need for a retaining dam to be constructed in connection with the proposed drainage channel. A complete survey and report is to be made by the Secretary of the Interior, and an additional \$10,000 would be set aside for that purpose. Senator Phipps has conferred with his colleague, Senator Waterman, and with many citizens of the San Luis valley, including Lieutenant Governor Corlett; also with Dr. Mead, Commissioner of Reclamation, and with Dr. Wilbur, Secretary of the Interior. A similar measure is being proposed in the House by Congressman Hardy, and it is hoped that favorable action will be secured during the next regular session of Congress.

Friends of Mrs. Beulah Binns who was married Sunday to Lawrence A. Barrett, surprised her with a miscellaneous shower Friday evening at her home. She received many lovely and useful gifts.

In the party were twenty-six girls, class mates of Mrs. Barrett, who was graduated this year from Salida High school, and members of her Sunday school class. The early part of the evening was spent in music and games and at a late hour dainty refreshments furnished by the guests, were served.

Before departing for their homes the girls sang once more as a group the Salida High school song, accompanied at the piano by Mrs. Barrett who had been school musician for three years.

### Binns-Barrett

A quiet but very beautiful June wedding was solemnized at 6 o'clock Sunday morning at the home of Mr. and Mrs. S. A. Binns, when their daughter, Miss Beulah Mabel Binns, became the bride of Lawrence A. Barrett of Pittsburgh, Kansas. The Rev. L. Harold Forde read the service in the presence of only a few very near relatives. The ring ceremony was used.

A lovely three course wedding breakfast was served at the close of the ceremony and the young couple left immediately afterward on a wedding trip to Kansas and Missouri where they will visit relatives.

Mrs. Barrett was born in Cripple Creek and came to Salida with her parents when four years of age. She attended school in Salida and was graduated from Salida High school with the class of 1929. She is a talented musician and is taking advanced work with the Sherwood Conservatory of Music. She has a host of friends in Salida.

Mr. Barrett taught in the local high school for two years and has been in the University of Colorado this last year where he took his master's degree. He will teach in Salida High school this year.

The bride was gowned in delicate peach chiffon and cream lace. Miss Mabel Robinson, cousin of the bride, was bridesmaid. She was dressed in orchid georgette. Herbert Binns, brother of the bride, acted as best man.

The young couple will be at home to their friends at 247 East Fifth street after August 1.

## First Plane Makes Perfect Landing on Highest Field in the World

When the Eaglerock piloted by "Red" Mosier of Pikes Peak Air Commerce landed three points on the Salida field at 11:40 o'clock this morning, the veteran flyer was not only the first to land there but he was first to land on the highest field in the United States. Salida has taken the honor away from Grand Canon of having the highest landing field. Monte Vista has been claiming it but Mosier declares his altimeter registered 7,500 at Poncha Springs which is 100 feet higher than Monte Vista's field.

"A perfect field," declared Mosier. "You can invite them all to come. We will have a great show here on July 3 and 4." He was accompanied from Colorado Springs by Stewart Wandell who also is an aviator and they made the trip in one hour flat.

The American Legion is planning to entertain 15,000 visitors in Salida in the two days. They are coming for hundreds of miles to see the aerial circus and they will get their money's worth. The spectators each day will see 2,000 miles of flying by several planes and every flyer is an ace in the government service. Every pilot holds the highest class of license and in the aggregate they have had 14,000 hours of flying.

The Eaglerock will have three planes here. There will also be a Ford plane with a capacity of 14 passengers. There will be plenty of stunt flying, parachute leaping, wing walking and gymnastics and daylight fire works.

The field is 4,000 feet long and a quarter mile wide. The air currents today were not in evidence. Mosier thinks the air currents will be found to be negligible. He is going up this evening to try to find some of them.

The program commences at 8:30 on the morning of July 3 when the fleet will arrive from Colorado Springs and will be welcomed at the landing field. A photographer will be along to take views of the scenery and snapshots of the upturned faces of the multitude. Those who hold flight tickets sold in advance will be given preference on the morning of July 3.

At 11 o'clock there will be an exhibition of daylight fireworks in the air. At 3 o'clock the field will be formally dedicated with a bottle of water thawed from snow off the figure of the Angel of Shavano.

Throughout the day there will be constant flying in aerial maneuvers and wingwalking and when the neck gets sore one can enjoy the antics of Earl Kennedy, famous rodeo clown and his trick mule. At 5:30 o'clock there will be a parachute leap.

The program on July 4 will commence at 8:30 o'clock in the morning with all planes up doing stunts. At 9:00 there will be a parachute leap. At 11 o'clock there will be a day light fireworks exhibition, wingwalking and other aerial acrobatics. At 5:30 o'clock there will be another parachute leap.

There will be dancing and band concerts in the evening.

### Saguache Boxing Card Interests Salida Fans

A high class boxing card will be offered by the American Legion at Saguache Wednesday night and a large delegation of Salida fans plan to attend.

Three Montrose boys will appear on the card. Pete Moore of Denver will box Dohner.

This is declared to be the best lined up card ever pulled in Saguache, which has been noted for the excellence of itsistic offerings. Roll Means is managing the affair.

### Funeral of Mrs. Spencer Is Held Here Sunday

The funeral of Mrs. Carrie E. Spencer, wife of H. D. Spencer, was held at 2:30 o'clock Sunday afternoon at the Baptist church and was attended by many friends. The Rev. S. S. Gerig, pastor of the church, conducted the services assisted by the choir. There were many beautiful floral offerings.

The pallbearers were C. R. Wilson, Charles Hilles, Homer Fields, John Jay, Irving Jones and Clinton Pugh. Interment was in Fairview.

### MR. AND MRS. JENNINGS HOSTS AT DINNER TODAY

Mr. and Mrs. Buck Jennings entertained at a lovely dinner at noon today in their home honoring the thirteenth anniversary of Mr. and Mrs. Virgil Patton of Long Beach, California, who are visiting here. Mrs. Patton is a niece of Mrs. Jennings.

## Local Talent Presents "Aunt Lucia"; Audience Well Pleased With Show

"Aunt Lucia" a lively and popular comedy well adapted to amateur use, was presented at the Empress Theatre Monday evening by the Tuesday Evening club under the able direction of Miss Bernice Wieland of the Universal Producing company of Fairfield, Iowa. The crowd, though not as large as had been expected, was appreciative and thoroughly enjoyed the program.

"Aunt Lucia" as presented in Salida by 150 local people, was a splendid success. The cast had been carefully chosen and all parts were exceptionally well taken. Harold Koster as Jerry Watson, a college boy who impersonated the wealthy and eccentric Lucia Wakefield, kept the audience on its feet during the entire play, with his clever portrayal. As the story ran, Jerry Watson who had dressed in an old lady's costume for the amusement of his fraternity brothers, was mistaken for Lucia Wakefield, worth \$50,000,000 who was expected at Bula Bula col-

## Lt. O'Connor To Bring Plane Here for July 3

Lieutenant Emmett O'Connor, U. S. A., son of J. J. O'Connor of Brown's Canon, will arrive in Salida July 3 in an army plane if arrangements can be made by him with his superiors. He is in the air division of the army and having heard that Salida will dedicate its new field, Lieutenant O'Connor immediately asked permission to be here at the dedication.

Lieutenant O'Connor wrote his father for particulars about the length and width of the field in order that he might know the type of plane to bring here. The Salida field will accommodate any of the army planes.

The American Legion will wire Lieutenant O'Connor full particulars today.

## Boy's Arm Fractured In Fall Out of Tree

Freddy Cuenin, 7 year old son of Dallas Cuenin sustained a fractured left arm last Sunday when he fell out of a tree at Poncha Springs where the Cuenins were visiting friends. The boy had climbed a fence and jumped to the branch of a tree which broke under him. The break is just above the elbow.

He sustained a fracture of the wrist on the same arm two years ago. He is at home after having been treated at the Rio Grande hospital.

### LOVELY BRIDGE LUNCHEON GIVEN AT COFFEE SHOPPE

Mrs. C. L. Shively, and Mrs. Frank Perkins and daughter, Miss Thelma Perkins were joint hostesses at a delightful one o'clock bridge luncheon Friday afternoon at the Sherman Coffee Shoppe.

Yellow roses decorated the tables and an abundance of flowers of the season in yellow, lavender and white tints adorned the banquet room. This dainty color scheme also was carried out in the menu.

Bridge was played at fifteen tables and high score at each table received a yellow rose.

There were three out of town guests, Miss Mabel Ryan of New York City, Mrs. George Craig of Denver and Mrs. Holt Smith of Minturn.

### Taylor Park Dam Plans Nearing Completion

Gunnison, June 24.—Long talked of and long dreamed of, the Taylor Park dam and power project appears to be a practical certainty, according to District Engineer L. J. Foster of Montrose, who is spending considerable time in Gunnison this summer looking up land records and titles in the territory affected by the project.

According to present plans the dam will be located at the head of Taylor Canon in order that the water may be backed up into the park for any distance which is necessary, probably eight or nine miles. The great concrete dam will be 200 feet high and will take at least two years to construct.

The principal reason for the building of the dam is to reserve more water for the irrigation project of which the Gunnison tunnel is a part. The water will be kept back for use in the Uncompahgre Valley, for further reclamation work there.

The power generated by the plant which will be built with the dam will easily supply the entire Gunnison valley all the way down to Grand Junction, including ranch lines, lines to Crested Butte, and possibly lines to the eastern slope. Power rates from such a project will be about one-third of the present price, as the expense of running the plant for such an extensive region will be comparatively small after the plant is once installed.

The project has been hanging fire for nearly fifteen years, and Judge Bruce of Montrose revived interest in it this spring when he wrote of the plan to government officials who informed him that President Hoover heartily endorsed all such reclamation projects. About fifteen years ago a private concern began a survey of the land and asked permission of the government to construct a dam and power plant. This was refused, the federal authorities de-

### River Water Dispute May Be Settled Soon

Monte Vista, Col., June 22.—A bill to settle interstate water disputes on the Rio Grande, and to secure needed relief for the San Luis valley in Colorado, has just been introduced by Senator Phipps, who has been working on the problem for several years.

The action taken is a direct result of conferences between Commissioners for Colorado, New Mexico and Texas at Santa Fe, last winter and subsequent meetings in Denver and Washington between western representatives and officials of the Department of the Interior.

The proposed legislation carries out the purpose of a memorial passed on two occasions by both Houses of the Colorado State Legislature and recently submitted to Congress.

Under the provisions of the new Phipps bill, the Rio Grande Compact which was signed at Santa Fe on February 12 last and later approved by the legislatures of the three interested states, would be formally ratified by the federal government. It is also proposed to construct, at the sole expense of the United States, a canal or channel to drain the closed basin of the San Luis valley with an outlet in the Rio Grande. The cost of such work has been estimated at \$800,000. It is intended to relieve the water-logged condition of lands in the valley caused largely by the long continued embargo of the United States against the construction of reservoirs on the upper reaches of the stream. A large area of the territory to be drained consists of public domain. It is believed, therefore, that federal authorities should shoulder the expense of draining such lands and that no reimbursement should be required.

A third provision of the bill calls for a thorough investigation of the need for a retaining dam to be constructed in connection with the proposed drainage channel. A complete survey and report is to be made by the Secretary of the Interior, and an additional \$10,000 would be set aside for that purpose. Senator Phipps has conferred with his colleague, Senator Waterman, and with many citizens of the San Luis valley, including Lieutenant Governor Corlett; also with Dr. Mead, Commissioner of Reclamation, and with Dr. Wilbur, Secretary of the Interior. A similar measure is being proposed in the House by Congressman Hardy, and it is hoped that favorable action will be secured during the next regular session of Congress.

The bride was gowned in delicate peach chiffon and cream lace. Miss Mabel Robinson, cousin of the bride, was bridesmaid. She was dressed in orchid georgette. Herbert Binns, brother of the bride, acted as best man.

The young couple will be at home to their friends at 247 East Fifth street after August 1.

### MRS. BARRETT HONORED AT SHOWER FRIDAY

Friends of Mrs. Beulah Binns who was married Sunday to Lawrence A. Barrett, surprised her with a miscellaneous shower Friday evening at her home. She received many lovely and useful gifts.

In the party were twenty-six girls, class mates of Mrs. Barrett, who was graduated this year from Salida High school, and members of her Sunday school class. The early part of the evening was spent in music and games and at a late hour dainty refreshments furnished by the guests, were served.

Before departing for their homes the girls sang once more as a group the Salida High school song, accompanied at the piano by Mrs. Barrett who had been school musician for three years.

### Binns-Barrett

A quiet but very beautiful June wedding was solemnized at 6 o'clock Sunday morning at the home of Mr. and Mrs. S. A. Binns, when their daughter, Miss Beulah Mabel Binns, became the bride of Lawrence A. Barrett of Pittsburgh, Kansas. The Rev. L. Harold Forde read the service in the presence of only a few very near relatives. The ring ceremony was used.

A lovely three course wedding breakfast was served at the close of the ceremony and the young couple left immediately afterward on a wedding trip to Kansas and Missouri where they will visit relatives.

Mrs. Barrett was born in Cripple Creek and came to Salida with her parents when four years of age. She attended school in Salida and was graduated from Salida High school with the class of 1929. She is a talented musician and is taking advanced work with the Sherwood Conservatory of Music. She has a host of friends in Salida.

Mr. Barrett taught in the local high school for two years and has been in the University of Colorado this last year where he took his master's degree. He will teach in Salida High school this year.

The bride was gowned in delicate peach chiffon and cream lace. Miss Mabel Robinson, cousin of the bride, was bridesmaid. She was dressed in orchid georgette. Herbert Binns, brother of the bride, acted as best man.

The young couple will be at home to their friends at 247 East Fifth street after August 1.

## First Plane Makes Perfect Landing on Highest Field in the World

who also is an aviator and they made the trip in one hour flat.

The American Legion is planning to entertain 15,000 visitors in Salida in the two days. They are coming for hundreds of miles to see the aerial circus and they will get their money's worth. The spectators each day will see 2,000 miles of flying by several planes and every flyer is an ace in the government service. Every pilot holds the highest class of license and in the aggregate they have had 14,000 hours of flying.

The Eaglerock will have three planes here. There will also be a Ford plane with a capacity of 14 passengers. There will be plenty of stunt flying, parachute leaping, wing walking and gymnastics and daylight fire works.

The field is 4,000 feet long and a quarter mile wide. The air currents today were not in evidence. Mosier thinks the air currents will be found to be negligible. He is going up this evening to try to find some of them.

The program commences at 8:30 on the morning of July 3 when the fleet will arrive from Colorado Springs and will be welcomed at the landing field. A photographer will be along to take views of the scenery and snapshots of the upturned faces of the multitude. Those who hold flight tickets sold in advance will be given preference on the morning of July 3.

At 11 o'clock there will be an exhibition of daylight fireworks in the air. At 3 o'clock the field will be formally dedicated with a bottle of water thawed from snow off the figure of the Angel of Shavano.

Throughout the day there will be constant flying in aerial maneuvers and wingwalking and when the neck gets sore one can enjoy the antics of Earl Kennedy, famous rodeo clown and his trick mule. At 5:30 o'clock there will be a parachute leap.

The program on July 4 will commence at 8:30 o'clock in the morning with all planes up doing stunts. At 9:00 there will be a parachute leap. At 11 o'clock there will be a day light fire works exhibition, wingwalking and other aerial acrobatics. At 5:30 o'clock there will be another parachute leap.

There will be dancing and band concerts in the evening.

### Saguache Boxing Card Interests Salida Fans

A high class boxing card will be offered by the American Legion at Saguache Wednesday night and a large delegation of Salida fans plan to attend.

Three Montrose boys will appear on the card. Pete Moore of Denver will

## Y. & R. Auto Co. Purchases First Airplane Owned in Salida

The Y. & R. Auto company has purchased a three place Eaglerock biplane with a Challenger motor, which will be delivered here July 3. This is the first bi-plane to be owned in Salida.

The plane will carry passengers on July 3 and 4, and thereafter will be placed in regular passenger and trip service.

### Taughenbaugh-Hunt

Mrs. Edna Taughenbaugh and Forrest Hunt were quietly married Saturday noon in Buena Vista at the home of the Rev. F. C. Sager.

Miss Katherine Welch and James Riss were the only attendants. The couple left in their car immediately after the ceremony for Los Angeles, California. They will spend several weeks there.

Mrs. Hunt is the daughter of Mrs. Edward Eckland of this city and Mr. Hunt is a well known Salida man.

### Mrs. J. W. Frey Is Dead; Former Salida Woman

Relatives here received word yesterday of the sudden death on Wednesday, June 26, of Mrs. J. W. Frey of Santa Paula, California. Particulars were not given.

Mrs. Frey is a daughter of Mrs. Isabelle Truscott and a sister of W. J. Truscott, both of this city. Besides her mother and brother, Mrs. Frey is survived by her husband, by three daughters and one son, and by two sisters, one of whom lives in Grand Junction and the other in California.

Mrs. Frey, who will be remembered by some as Miss Minnie Truscott, lived here about twenty years ago.

### St. Louis Boys Arrive at Local Summer Camp

Thirty St. Louis boys arrived today by special train to spend the summer at Mount Princeton Byrd Colonies. A delegation of Salida citizens met the train to welcome the boys to Colorado.

The boys will be given a course of training in Western life during the coming two months.

### FARMERS UNION HAS MEETING THURSDAY EVENING

The Chaffee County Farmers union held its meeting at Sand Park school

### MRS. MacNAB ENTERTAINS CHIT CHAT CLUB WEDNESDAY

### B. of L. E. and Auxiliary Hold Regional Meeting

### MR. AND MRS. BAILEY HOSTS AT DINNER WEDNESDAY

Mrs. Archie MacNab was hostess to the Chit Chat club Wednesday afternoon at her home in Belview. Beside eleven members, four guests were present, the Mesdames Earl King of Glendale, California, Gus Collins, and May Songster and Miss Gertrude Sneddon.

Needlework and conversation formed the diversion of the afternoon at the close of which a delicious two course lunch was served.

### School Property Is Damaged by Thieves

Canon City, June 27.—It is expected that the road to the north approach of the bridge being built to span the Royal Gorge will be completed to the rim of the canon by the end of the present week, when it will be possible to unload construction material near where it is needed.

A score or more men are engaged on the job and others are employed in connection with preparing the foundation for the two concrete towers on which the bridge cables will rest. The forms, into which the cement for the tower foundations will be poured are in place, but will probably not be filled until next week owing to the difficulty of getting sand and cement on the scene until the road is finished.

The school board offers a liberal reward for the apprehension of any one molesting school property.

The theft was discovered Sunday morning by Mrs. M. O. Sappington and daughter who were on their way to Salida to attend church. The damaged door attracted their attention as they passed the school house.

### Gregorich-Drobnick

Miss Mary Gregorich of Aspen and Louis Drobnick of Silverton, a former Salida boy, were quietly married June 4 in Ouray by a Justice of the Peace. The young couple were attended by Mr. and Mrs. Jack Prince and Mr. and Mrs. John Klements, all of Silverton.

Louis Drobnick is the son of John Drobnick of Salida. He attended High school here for two years and finished in Ouray, graduating with the class of 1923.

Mr. and Mrs. Drobnick will make their home in Silverton where Mr. Drobnick is employed at the Sunnyside mine.

### MR. AND MRS. BUTALA ENTERTAIN FOR DAUGHTER

Mr. and Mrs. Jacob Butala entertained at a delightful party Wednesday evening at their home, honoring the fifth birthday of their daughter, Marie

The second western union meeting of the association of the Brotherhood of Locomotive Engineers and the Grand International auxiliary to the B. of L. E. was held in Denver June 24 to 27 with headquarters at the Cosmopolitan hotel. Eight western states were represented with between three and five thousand people.

The opening session of the convention was held Monday in the Trinity Methodist church with addresses of welcome by Governor W. H. Adams and Mayor Benjamin F. Stapleton of Denver. Responses were given by five Grand Officers.

Registration at the Hotel Cosmopolitan was followed by exemplification of ritualistic work of the G. I. A. in the Colorado room of the hotel. In the evening a trip to Elitch's and Lakeside was made, free admission tickets having been given all those desiring to go. A beautiful memorial service was held Tuesday evening at the hotel.

Highlights of the remaining three days program included a city auto trip when visits were made to the city parks, Fitzsimmons hospital, the museum and the K. O. A. station, and motor trips to Bear Creek, Buffalo Bill's grave on Mount Lookout and Pikes Peak. An especially delightful treat for the G. I. A. was a Fashion Show held Wednesday at the Lewis and Sons store. A dinner dance was held in the Colorado room of the Cosmopolitan on Wednesday evening.

G. I. A. members attending were the Mesdames, W. W. Shay, William Reardon, Jack Julian, J. O. Lasswell, W. H. Thompson, William Hyatt, Luke Dally, N. J. Garrels, Fred Seelinger, W. C. Carl, E. Z. Victor and George Fitzsimmons. They were accompanied by the following members of the B. of L. E., J. A. Davidson, G. A. Montgomery, J. H. Harrel, W. A. Runyan, E. Z. Victor and George Fitzsimmons.

The next annual convention will be held at Vancouver, British Columbia, on a date to be decided by the officers of the organization there.

### EPWORTH LEAGUE PICNIC

The Epworth League of the Methodist church will have a picnic at Wellsville on Friday evening. They will meet at the church at six o'clock and will enjoy a swim after which a picnic lunch will be served. Miss Phyllis Potter, social chairman, and Miss Margaret Stanley are in charge of arrangements. Special music by large chorus

Mr. and Mrs. Dave Bailey entertained at a lovely 6 o'clock dinner Wednesday evening at their home, when covers were laid for Mr. and Mrs. Bert Heister, Mr. and Mrs. C. H. Lunnon, Miss Pearl Lunnon, Mrs. Mary Jones and the host and hostess. Pink carnations formed an attractive centerpiece for the tables.

A pleasant social evening followed the dinner.

### Brunk's Comedians Here Two More Nights

Brunk's Comedians will close a successful week here on Saturday night when they will present two different and complete plays, "The Lure of the City" and "Why Men Leave Home." The latter play given here to a small crowd two years ago, was put on the circuit again this year because of its unusual popularity. According to Mr. Brunk, he has had repeated requests for a second performance of this play.

Highlights of the remaining three days program included a city auto trip when visits were made to the city parks, Fitzsimmons hospital, the museum and the K. O. A. station, and motor trips to Bear Creek, Buffalo Bill's grave on Mount Lookout and Pikes Peak. An especially delightful treat for the G. I. A. was a Fashion Show held Wednesday at the Lewis and Sons store. A dinner dance was held in the Colorado room of the Cosmopolitan on Wednesday evening.

G. I. A. members attending were the Mesdames, W. W. Shay, William Reardon, Jack Julian, J. O. Lasswell, W. H. Thompson, William Hyatt, Luke Dally, N. J. Garrels, Fred Seelinger, W. C. Carl, E. Z. Victor and George Fitzsimmons. They were accompanied by the following members of the B. of L. E., J. A. Davidson, G. A. Montgomery, J. H. Harrel, W. A. Runyan, E. Z. Victor and George Fitzsimmons.

The next annual convention will be held at Vancouver, British Columbia, on a date to be decided by the officers of the organization there.

### UNION SERVICE

The Baptist, Christian and Methodist churches will unite their evening services for the months of July and August. The first meeting will be held next Sunday evening in the Baptist church. The speaker will be the Rev. Albert E. Tuck of the Methodist church whose theme will be "God's Reservoirs." Special music by large chorus

## Famous Balloonist Is Coming as Feature of Air Circus Celebration

Ivy Baldwin, who thrilled millions of people in the last fifty years with his dare devil stunts in the air and on a tight rope will be a feature of the aerial circus to be held in Salida July 3 and 4. He will be accompanied by his son, who also is an aerial performer. Baldwin is a parachute jumper.

Baldwin walked a tight rope across the Royal Gorge and across the chasm in Clear Creek canon. He used to walk up a rope to the top of circus tents.

As long as fifty years ago, Ivy Baldwin was a headliner with the biggest circuses. He was one of the world's best known parachute jumpers when they went up in a hot air balloon, jerked the parachute off the side and dropped hanging to a handle bar.

Baldwin has alighted in rivers, oceans and on roofs and trees. He is more than 70 years old but he is as young as ever in the air.

The big planes will be carrying passengers all day while the special pilots will be doing their stunts. The audience will see all the latest aerial maneuvers by pilots who rank with the very best in the world. There will be other parachute leaps besides those of Baldwin. Aviators will jump from planes. There will be wing walking and clowning stunts in the air and clown stunts on the ground. There will be two days of thrills.

Salida will entertain the biggest crowd in its history according to present indications. The local hotels are receiving wholesale requests for room reservations. One Denver party wants four rooms reserved, another wants three. Several Colorado Springs, Pueblo, Grand Junction, Leadville and San Luis Valley parties have asked for reservations of one to three rooms each.

It is evident that the hotels will be crowded and that persons having rooms in private homes will have to be appealed to during the two days. Those having rooms should list them at the Salida Rest Room.

### AMERICAN LEGION AUXILIARY MEETS WEDNESDAY EVENING

The Ladies' Auxiliary to the American Legion held its regular meeting, Wednesday evening at the Legion club room. Seventeen members were present.

During the business meeting a letter of thanks from Rush Bass, the unit's adopted soldier, was read. At a previous meeting it was decided to send a regular monthly allowance to Mr. Bass. A letter was received from Fitzsimmons hospital thanking for a large box of clothing recently sent by the unit. The letter stated that the department had ten new families to care for and was in urgent need of clothing.

Mr. Jones was born in Gunnison but came to Salida when a young man. He was employed as fireman and breakwater at the D. and R. G. W. railroad

Mr. Christensen was at a spring near the cabin getting a bucket of water when the lion jumped on him. Christensen did not put up a fight, but as soon as he could gain any footing, ran at full speed for the cabin where he could gain protection. The lion did not follow Christensen to the cabin.

It has been rumored that several mountain lions have been heard in the hills near Alder.

## O. M. MOSIER WILL FLY LARGE PLANE HERE 4TH

O. M. Mosier, president of the Lloyd-Mosier Air Commerce, Inc., will fly the Ryan Brougham passenger plane, sister-ship of the Spirit of St. Louis, on July 3rd and 4th at Salida, according to word received by T. A. Nevens today.

Mr. Mosier being an experienced aviator, having spent more than 5000 hours in the air, and twelve years flying will assure Salida one of the best and safest pilots available.

The Ryan Brougham plane is of the cabin type and will carry four passengers. Mr. Mosier expects to be in Salida Monday with his plane to inspect the field and give instructions as to the most efficient method of handling the immense crowd anticipated for the two days celebration.

Here is an agricultural thought for the day; If all those farmers who are accustomed to spend their time riding around in automobiles were to stay at home and raise wheat, how much higher would the wheat surplus be?

## SALIDA AIRPORT WILL BE WELCOMED BY TOURIST FLYERS—FIELD IS RAPIDLY BEING CLEARED

Statewide attention has come to the Legion Airport which is rapidly becoming a reality to this community. It is a common thing to hear its name mentioned at the big airports, and it is welcomed by all flyers, who want to go places, and they can come here very soon now.

This week, a member of the arrangements committee for the Air Circus was talking over the phone to President Mosher of the Pikes Peak Air Commerce, Inc., and he asked how the runways were progressing on the new field. He was informed that there were to be no runways for the planes to take off and land on; the whole field will be one solid runway. This is even beyond the hopes that those in charge had when the field started. Volunteers are still needed to put the finishing touches on the ground. They have already been more

Martagedge made his escape last Wednesday at Fruitree farm No. 5, Marshall and Littler made their escape from the prison gardens around Soda Point on June 15. Marchard got away from the quarries just outside the prison walls on June 7th.

Early Monday afternoon an employee of a Denver & Rio Grande Western work train sidetracked near Parkdale observed three men acting suspiciously in one of the box cars near the rear of the train, and on making an investigation discovered they were convicts wearing the prison stripes.

He communicated his discovery to Overseer John Q. Morrison, who was in charge of a gang of prisoners working on the fish retaining ponds at Parkdale, and he telephoned the information to Chief Clerk John P. Allen at the prison. A few minutes later Deputy Warden W. G. Green, Joe Schillo and D. W. Ramsey left for Parkdale to take the getaways into custody.

## Slight Change In Train Schedule

A slight change was made in the Rio Grande train schedules out of Gunnison. No. 316 leaves five minutes earlier in the evening at 5:20 instead of 5:25.

Those who travel by train should take warning, altho the railroad itself gave no indication to the public of such a change.

It will soon be time for Uncle Sam to provide for the building of two new battleships under the Washington agreement, and we presume the professional pacifists have their cowbells and horse fiddles all ready.

watching the planes very much, then we went to the Cliff House at Manitou for dinner which was very much enjoyed.

I left Colorado Springs at 9:40 Sunday night for home, feeling I had spent a very pleasant and profitable week-end, profitable, in gaining first hand information about our beautiful state, especially of City of Colorado Spring. They had an airplane trip planned for me over the circle trip, taking in Canon City, Phantom canon, Cripple Creek and Ute Pass, but on account of short time, that was called off until a later date. The Chamber of Commerce force are surely royal entertainers.

MRS. IVA GATLIFF,  
Secretary Information Bureau

## Fred Brunks Comedians Open Here Monday

Fred G. Brunk's Comedians will be back in Salida for one week starting on Monday, June 24th, showing in their own new modern tent theatre which will be located on D and 7th street.

The opening play for Monday is Bert Robinson's comedy "Tommy," a play of the modern American home that will be played in Salida just as it was presented by the original New York company at the Court theatre for one solid year.

Jerry Barnes and his famous eleven piece orchestra remain one of the feature attractions singing and playing all the late popular musical hits.

Mr. Brunks has the best line of plays ever presented by any tent show including "Avery Hoywood's Comedy "The Alarm Clock," "Mary's Other Husband," "The Spell of the Island," "Why Men Leave Home," and "Tommy." It is possible to see plays of this calibre at Brunk's only this being made possible by Brunk's big buying power in the play market, buying plays for several Brunk companies.

There will be a complete change of plays, vaudeville and music every night. Doors opening at 7:20, orchestra concert at 8 and the curtain at 8:30.

## NEW RETAINING PARKDALE POND IS NOW READY

The retaining ponds above Parkdale have been completed.

The concrete ponds, which are 28 by 90 feet deep, are the best in the state and an asset that Fremont county should be proud of.

The Fish and Game Association wants the members to go to Parkdale next Sunday and spend two or three hours helping remove the forms in order to have the pond ready to receive the one-half million fish that will be shipped in next week.

Pedestrians' slogan: "He who jumps and gets away lives to jump another day." Atlanta Constitution.

or the lighting is usually done during the night.

## DR. FRANK McDONOUGH CONTINUES HIS POST GRADUATE WORK IN EAST

Dr. Frank McDonough, son of Mrs. Joseph McDonough of Salida, is continuing his post graduate work at Rutherfordton, North Carolina where he moved recently from Philadelphia where he was doing considerable post graduate work at the University.

The Dr. and Mrs. McDonough have been spending the past year at Philadelphia, where the Dr. studied at the University. The new duties at Rutherfordton will be work in surgery through the University.

at 2:30 o'clock.

The line-up for Sunday's game is: Felix Pasquale, pitcher; Charles Zingone, short stop; R. Durand, first base; Phil Michlich, center field; R. Daniels, right field; Les Zingone, 3rd base; Frank Route, 2nd base; Moses Stancatto, left field and George Route catch; Bryon Emehiser and A. Silva are the subs.

Two weeks ago Salida held Alamosa to four scores and a big game is looked forward to Sunday.

The baseball bunch are going thru some rapid practices every evening hoping to improve their faults.

## De Molays Elect Officers Wednesday

Wednesday evening the De Molay chapter of Salida held a regular meeting at the Masonic hall and elected officers for the ensuing three months term.

Robert Ream, present master councilor will be past master councilor following the next meeting. Orvil Gibson was elected master councilor; Harry Stewart senior councilor and John Gloyd, junior councilor.

Robert Ream has proven to be a worthy master of the local chapter and has progressed the order in every possible manner.

At the last De Molay meeting the following boys were initiated into the chapter: James Holman, Clarence Sydenham, Ed. Wilson and Harold Dunyan.

A large crowd attended the meeting Wednesday night. The De Molays will meet again July 10th, when the new officers will be installed.

Just wait till enthusiastic Americans invent air polo, played with one-man planes and a gas-inflated ball.—Boston Herald.

of the country. Honey dewes of last year.

The acreage of 1929 is lower than that of 1928 because some land has been supplemented with onions and beets, but the increase over the anticipated acreage is due to the large number of farmers who did not report their melons uncontracted for by commission firms. Many of the farmers are growing five, 10, 20 and 25-acre plots, while in 1928, a lesser number of growers planted larger individual acreages.

## PROHIBITION ENFORCEMENT AGAIN AT HAND

WASHINGTON—Cooperation of American citizens again was sought by President Hoover to aid the federal government in enforcing prohibition.

Instead of general appeal for support of all laws, such as was made a month ago, this time the President made a specific request to those living along the Canadian border that they co-operate with the treasury department in coping with rum runners.

"I have some questions as to the incidents on the border," Hoover said. "I deeply deplore the killing of any person. The treasury department is making every effort to prevent the misuse of firearms. Any case of misuse will be determined by the orderly proceedings of the department and the courts."

"I hope that the communities along the border will do their best to help the treasury end the systematic war that is being carried on by international criminals against the laws of the United States. It is these activities that are at the root of all our difficulties."

## FIRE DESTROYS WAREHOUSE OF THE COLORADO CO-OPERATIVE LETTUCE ASSOCIATION AT BUENA VISTA

## Mrs. John Danko Buried Here Wednesday

The ice-house and storage room owned by the Lettuce Association burned to the ground Tuesday morning. The fire started about 5 a. m. and a large shipment of crates, nails and packing equipment were destroyed.

The loss is fully covered by insurance and will not hinder the association from opening their packing plant on time, as a new supply of crates and material will be on hand in ample time, to take care of the vegetable crops.

The origin of the fire is unknown, however, some hoboes were seen coming out of the building early that morning.

Ralph Irvine and Dave Blodgett spent Wednesday at Twin Lakes on a fishing trip.

Funeral services for Mrs. John Danko were held Wednesday morning at the Catholic church with Father Boyle officiating. Interment was made at Fairview. The Travers Company had charge of the funeral.

Mrs. Danko died Sunday at a local hospital of double pneumonia following child birth. She is survived by nine children and her husband as well as many other relatives and friends.

On Tuesday a rosary service was held at the Travers funeral chapel for Mrs. Danko.

Bob Wiley of the Upper Hydro plant will visit in Salida Saturday.

Donald Wins Cochem's  
Cup in Golf Tournament

The annual Golf Tournament of the  
na Vista County Club, which was  
ned last Sunday, proved to be the  
interesting and hardest fought  
y event ever held on the Buena  
course, due to the first prize  
"The Cochem's Cup." This beau-  
siver and gold cup was presented  
the club by Dr. F. N. Cochems of  
ia, which is highly appreciated by  
na Vista members.  
The Cup will be contested for each  
the winner having his name  
aved thereon. Any member win-  
it three years in succession, will  
in permanent possession.  
uring the tournament there were  
ed seventy-two holes, of which  
Blair and Mr. McDonald were the  
lists. The match wasn't decided un-  
he last hole when McDonald won  
making a 18 ft. put. McDonald not  
gains possession of "The Cochems"  
for a year, but has the honor of  
his name engraved on it first.  
Mr. Blair the runner up, won a

**SALIDA HAS HIGHEST  
AIRPORT IN WORLD  
SAYS LEGIONNAIRES**

Salida has the highest airport in  
the world, at the present time, ex-  
ceeding any other field by 300 feet.  
Due to this fact the planes flying  
around Salida's port must be high-  
powered planes as the altitude causes  
a loss of pressure on the wings de-  
manding more power from the en-  
gine.

Nineteen percent of the power of a  
plane at sea level is lost at this altitude.  
The planes to be brought here July  
3rd and 4th for the air circus are of  
more than sufficient power to insure  
the safety of their passengers.

**Boy Scout Heroes  
Are Given Medals**

NEW YORK, June 24—Fifteen boys  
scouts who risked their lives to save  
the lives of others have been rewarded  
with gold honor medals, the highest  
award of the Boy Scouts of America,  
an announcement today said.

The medals were conferred by the  
national court of honor, of which  
Daniel Carter Beard is chairman.

A gold medal will be sent to the  
parents of Scoutmaster James Tar-  
water Wright, of Rockwood, Tenn.,  
who gave his own life to save a num-  
ber of the boys in his troop from  
drowning during the Tennessee and  
Alabama floods of the early spring.  
Willie Evans, Ten Derrick, and J. C.  
Acuff also played parts in those res-  
cues.

Wright and Acuff were in charge of  
20 younger scouts who were camping  
in a cabin on the shore of Whites  
creek, near Rockwood, Tenn., when the  
creek suddenly overflowed in the night  
and threw the cabin and its occupants  
into 40 feet of water.

Wright worked for hours, calming  
the boys, directing the older scouts to  
help the little fellows, all the while  
diving into the water himself to save  
one boy after another. Finally, at the  
point of exhaustion, he went after one  
more boy and was drowned. Seven of  
the boys were drowned.

**Salida Wins Game From  
Alamosa Sunday; 4 to 3**

Salida wins from Alamosa 4 to 3.  
Watch Salida's own pitcher, Rube  
Pasquale. He struck out twelve men  
and allowed only seven hits.

Daniels led the Salida team with 3  
hits out of 5 times at the bat; while  
Lester Zingone, Frank Rout and M.  
Stancato each got two hits. Earl  
Bond, the bespectacled 3rd baseman,  
led Alamosa with three hits.

Salida made a wonderful rally in  
the last half of the 9th inning to  
score two runs. Durand got on first  
on the shortstop's error and Michlich  
followed with his first hit of the game.  
Durant going to third; Daniels re-  
sponded with his third hit scoring Dur-  
ant putting Michlich on third; Frank  
Rout took a called strike allowing  
Daniels to reach second; Rout made  
his second hit of the game scoring  
Michlich.

It was a game of thrills and all of  
the patrons enjoyed it to the last.

**WALES PASSES 35th  
MILESTONE IN LIFE SUNDAY**

The Prince of Wales was 35 years  
old Sunday. He spent the day at his  
country estate of Sunningdale and  
motored to Windsor castle to see the  
King and Queen.

Mr. and Mrs. Harry Croser drove to  
Canon City Sunday and spent the day.

**WARNING  
Sale Of  
FIREWORKS**

Warning is hereby given that accord-  
ing to a city ordinance no one is permit-  
ted to sell fireworks in the city of Sa-

**"AUNT LUCIA" WAS  
HUGH SUCCESS  
MONDAY NIGHT**

At the well attended performance  
of the home taken play "Aunt Lucia"  
last night Salida again came to the  
front.

The acting of Harold Koster assisted  
by others of the cast kept the house  
in an uproar of laughter. There is no  
reason why a local person could not  
form a dramatic club and coach this  
latent ability for finer things in Sa-  
lida.

**Colorado Farmers Must  
Save On Water In '29**

Colorado farmers will be forced to  
exercise strict conservation of water  
stored for irrigation this year, reports  
to the office of M. C. Hinderlider,  
state engineer.

With few exceptions, the water  
storage in virtually every irrigation  
district is below normal, despite the  
long winter just passed and reported  
heavy snow in the mountains, he said.

Storage in the main reservoirs of  
the Denver water system is merely  
normal or below normal.

In Southern Colorado many reservoirs  
are holding less water than in  
June, 1928. Twin Lakes, a few miles  
above Salida, one of the largest  
bodies of water, contains 18,720 acre  
feet as compared with 20,285 last  
year.

Less water is being distributed thru  
irrigation channels in this district  
this month than for any month in  
several years.

**SWIMMER BREAKS NECK**

DENVER—Lew Hirsch, 37, who as  
he dove into a local resort swimming  
pool hit an unidentified underwater  
swimmer, was dead here Saturday  
from a broken neck.

**Wednesday Nite Dances  
Are Discontinued Now**

The Wednesday night dances at  
Wellsville have been discontinued. This  
was found necessary due to the lack of  
interest. Greater effort will be put  
upon the Saturday night program.

The beauty contest for blondes and  
brunettes, which is to be held July 3rd  
promises to one of unusual interest.  
Already more than thirty girls have  
been entered. Some of them prize  
winners in other contests. Five hundred  
dollars in prizes will be given away  
to the winners. There will also  
be a 4th of July dance at Wellsville.

**PAROLE BREAKER IS  
RETURNED TO PRISON**

Officials of the Colorado State pen-  
itentiary in this city brought Luther  
Williams, paroled convict, back to  
prison from Pueblo late Monday.

Williams was shot by police officers  
in the steel city last week after he was  
alleged to have committed several  
hold-ups.

He was given treatment at the St.  
Mary's hospital there until able to be  
taken to this city.

He will be committed to prison for  
the remainder of his sentence, which  
he is serving for robbery.

Pat Patterson visited in Monte Vista  
last week-end.

**FIRST PLANE LANDED ON SALIDA'S  
AMERICAN LEGION AIRPORT TODAY**

"Red" Mosier, President of the Lloyd-Mosier Air Com-  
merce Inc., Arrives in Eaglerock from Colo. Springs to  
Inspect Field and Make Air Circus Arrangements

The first plane to use the New American Legion Air-  
port landed safely just before noon today. The plane made  
one of the finest landings ever seen; coming up the canyon  
and alighting on the newly prepared field as gracefully as a  
dove. Mr. Mosier, who has had more than 5,000 hours of  
flying, pronounced our airport here at Salida as the best lay-  
out ever worked for. He will fly again this evening to test  
the air currents and make further arrangements to facilitate  
the handling of the crowds July 3rd and 4th. Already many people in  
Colorado Springs are making plans to be in Salida for this two day air  
circus.

The dedication of the airport will be held July 3rd. At 8:30 July 3rd  
the fleet of planes will arrive in Salida, from Colorado Springs. A special  
committee of the American Legion will officially welcome the fleet.

Holders of Flight Tickets will then be given the first opportunity to ride.  
At eleven o'clock large group of daylight fireworks will be set off. Following  
this will be more flying.

The dedication of the field will be at three o'clock. Earl Ewing, state  
commander of the American Legion will officiate at this ceremony.

There will be a constant procession of flying, wing walking, acrobatic  
maneuvers and stunt flights.

**PROGRAM FOR 4th**

July Fourth will start with a par-  
achute jump at 9 o'clock. This will be followed by passenger flights, wing  
walking and other hair-raising entertainments until eleven o'clock. At  
that time another group of daylight fireworks will be set off.

In the afternoon more passengers will be carried; followed by more  
stunts.

One of the big features of the day  
will be the clown, Earl Kennedy, together  
with his two trick mules, who was at the Denver Stock Show. Mr.  
Kennedy always produces a laugh and  
promises to keep things alive. At  
5:30 there will be another parachute  
jump by the famous "Jimmy Dona-  
hue." Mr. Donahue's first parachute  
jump on the Salida field will be his  
423 successful jump.

The pilots arranging for this two  
day celebration are the most com-  
petent available. The aggregate flying  
hours of the pilots is 14,000. Every  
flier is equipped with a license from  
the department of commerce and are  
subject to test and examination every  
six months. Each of the pilots has  
had no less than 2,000 hours of flying  
or 2000,000 miles of flying, a distance  
equal to four times around the earth  
at the equator.

The number of fatalities among flying  
men is very small. Among the  
combat groups during the world war  
there occurred only one fatality for  
every 1,460,000 miles of flight and  
that in war time and actual battle.

**HERE ARE THE PILOTS**

O. M. Mosier, president of the Lloyd-  
Mosier Air Commerce Inc., and the  
Pikes Peak Air Commerce Inc. will  
fly the Ryan Brougham, "Sisterhood of  
the Spirit of St. Louis," with Mr. Earl  
Ewing, State Commander and Mrs.  
Griffith Lloyd, secretary and treasurer  
of the Air Commerce, as passengers.

Mr. Mosier has had over twelve  
years of flying and was officer in  
charge of flying during the war at the  
largest Pursuit School in the United  
States. He had also had over 5,000  
hours of exhibition, military, mail and  
commercial flying and is recognized as  
a veteran throughout the personnel of  
old-time pilots.

Perry Hutton will fly the Tri-Motor  
Ford, and in him we will have one  
of the oldest pilots on heavy equipment  
in the United States. Mr. Hutton was senior pilot for the Stout Airlines  
of Detroit for several years before he and Mr. Ed Hamilton took  
their own plane over the United  
States on a barnstorming tour. He  
was the first pilot to fly the "Stand-  
lin" the pioneer Tri-Motor of the  
Standard Oil Company. The team of  
Hutton and Hamilton is known from  
coast to coast and just recently Mr.  
Hamilton was called to Detroit to fly  
a tri-motor to South America.

Frank Nisewander will fly the Eaglerock Acrobatic plane and is a  
former member of the "Powder River  
Flyers" of Casper, Wyoming. Mr.  
Nisewander is an exceptional acro-  
batic pilot and is qualified test pilot  
and thriller. He will entertain the  
crowd with Jimmie Donohue on the  
wings and with the chute and you can  
assure the public of a real flying treat.

Mr. Don Liegal will alternate with  
Mr. Nisewander on the stunt flying  
and unusual maneuvering of enter-  
taining worth. He will also handle the  
Eaglerock plane for passenger work.

**STUDY SECRET TUNNELS**

ceived reports from all  
appalling jail situation,

## Losing Popularity Says Official

e. Colorado June 24—Leader  
situation is pleasing and  
are very much improved at  
time, in the opinion of J.  
special federal prohibition  
or from Kansas City, who  
in Leadville during the last  
has been in Leadville on nu-  
cussions before, he said, and  
ditions apparently better now  
have ever been. In coming  
onfer with city officials and  
the handling of the liquor  
White stated that the gov-  
does not wish or intend to  
loot people in any way, but  
federal authorities are an-  
co-operate to the fullest ex-  
municipal authorities in cop-  
their problems.

pleased with the change that  
over Leadville, especially  
rison avenue," White de-  
"Conditions seem to be  
improved."

## Inns—Barrett

Mabel Binns, daughter  
and Mrs. S. A. Binns and  
e. A. Barrett of Pittsburg,  
ere united in marriage at the  
bride Sunday morning at  
in the presence of only a few  
e relatives. The Rev. Mr.  
d the ceremony, using the  
ice. After a lovely three  
eding breakfast, the young  
for a motor trip through  
nd Missouri where they will  
ives. They will also visit in  
t mountains before returning.  
arrett was born in Cripple  
came to Salida when but 4  
age. She attended the schools  
was graduated with the class.  
She is an accomplished  
will finish a course with  
wood Conservatory of Music

rett taught in the local high  
two years but has been at  
University of Colorado this  
where he took the masters.  
He will teach in the high  
re again this year.

ide was gowned in delicate  
ffon and cream lace. Mabel  
cousin of the bride, was  
d. She was dressed in orchid  
Herbert Binns, brother of  
acted as best man.  
couple will be at home to  
days after August 1st at 247  
n street.

ald Wins Cochem's  
in Golf Tournament

ual Golf Tournament of the  
sta County Club, which was  
ast Sunday, proved to be the  
resting and hardest fought  
ent ever held on the Buena  
rse, due to the first prize  
e Cochem's Cup." This beau-  
and gold cup was presented  
b by Dr. F. N. Cochems of  
ich is highly appreciated by  
ta members.

p will be contested for each  
winner having his name  
thereon. Any member win-  
three years in succession, will  
permanant possession.  
the tournament there were  
venty-two holes, of which  
and Mr. McDonald were the  
The match wasn't decided un-  
hole when McDonald won  
a 18 ft. put. McDonald not  
s possession of "The Cochems  
a year, but has the honor of  
s name engraved on it first.  
Blair the runner up, won a  
balls.

## FINISH BUILDING

COLLINS—Completion of the  
building at the Colorado Ag-  
college was ordered by the  
committee of the state  
agriculture and a contract  
or the finishing of the floors,  
windows and doors.  
tion of the building so that  
used for classrooms is nec-  
cause of increasing congestion  
burning of the temporary  
buildings, two years ago.

## Boy Scout Heroes Are Given Medals

NEW YORK, June 24—Fifteen boys  
scouts who risked their lives to save  
the lives of others have been rewarded  
with gold honor medals, the highest  
award of the Boy Scouts of America,  
an announcement today said.

The medals were conferred by the  
national court of honor, of which  
Daniel Carter Beard is chairman.

A gold medal will be sent to the  
parents of Scoutmaster James Tar-  
water Wright, of Rockwood, Tenn.,  
who gave his own life to save a num-  
ber of the boys in his troop from  
drowning during the Tennessee and  
Alabama floods of the early spring.  
Willie Evans, Ten Derrick, and J. C.  
Acuff also played parts in those res-  
cues.

Wright and Acuff were in charge of  
20 younger scouts who were camping  
in a cabin on the shore of Whites  
creek, near Rockwood, Tenn., when the  
creek suddenly overflown in the night  
and threw the cabin and its occupants  
into 40 feet of water.

Wright worked for hours, calming  
the boys, directing the older scouts to  
help the little fellows all the while  
diving into the water himself to save  
one boy after another. Finally, at the  
point of exhaustion, he went after one  
more boy and was drowned. Seven of  
the boys were drowned.

## Salida Wins Game From Alamosa Sunday; 4 to 3

Salida wins from Alamosa 4 to 3.  
Watch Salida's own pitcher, Rube  
Pasquale. He struck out twelve men  
and allowed only seven hits.

Daniels led the Salida team with 3  
hits out of 5 times at the bat; while  
Lester Zingone, Frank Rout and M.

## HEALTHY STATUS REPORTED IN NATION AS HALF YEAR IS ENDED

RECORD PROFITS FOR PERIOD SHOWN; PROSPERITY TO CONTINUE DURING NEXT SEASON; STEEL SERVICES TO BE HELD AT 3:00 P. M.

New York, July 1—Business closes its books for the first half of the year with aggregate profits around record high levels, and every indication that current prosperity will continue well into the second half of the year. Meanwhile, credit conditions, recent tightness of which has had a retarding effect on building activity and other lines, apparently have definitely turned easier.

Steel output, receded somewhat during the past week but this was attributed primarily to seasonal influences and physical limitations of equipment rather than any appreciable falling off in demand. The current rate of operations is still far ahead of the corresponding period last year, with indications that semi-annual statements of leading producers will set new peace-time records.

Freight car loadings in recent weeks have been running well ahead of the corresponding weeks of 1928 and 1927. Several large equipment orders were announced during the week indicating that the railroads are looking forward to a heavy movement of freight this fall.

Over-production continues a troublesome problem in the oil industry, but the leading producers and refiners are expected to show fair sized profits for the first half of the year. Keen competition continues in the automobile industry but as yet this has not been reflected in any drastic price alterations. Several of the auto accessory manufacturers are working at capacity, with the aviation industry furnishing some of the business.

## DR. CHRISTIANSON IS FOOD INSPECTOR

City Council met Monday evening. Dr. Fred J. Christianson, the new city veterinarian was appointed city food inspector and also granted a twelve day vacation.

Dr. Christianson will find someone to take his place while on his vacation.

Members of the council discussed traffic lights but decided to do nothing further about it until they had been investigated.

## GOLF TOURNAMENT TO BE STAGED HERE JULY 3RD AND 4TH

Salida won a game last Sunday by the punch she has developed. The score of 8-1 does not show the facts of the game, which up until the 7th inning was 3-1; it was in this inning that Salida demonstrated her punch by scoring four runs.

## FOURTH FIRE FROM STORM PUT OUT IN SAN ISABEL FOREST

One more forest fire was caused in the San Isabel national forest as a result of an electrical storm in the region. H. E. French, superintendent of the forest, announced Saturday. The blaze, on Upper Red creek, was only a small one, and was put out before it spread.

The fire brought to four the number caused by the storm of Thursday night, and the season's total in the forest to five.

The worst fire caused by the storm was on Red Creek, four miles southwest of Siloam, where 30 acres were burned, over half of which was inside the forest. The region is not heavily timbered, according to French.

## COL. CHAS LINDBERGH EXPERIENCES FIRST FLIGHT IN A GLIDER PLANE SUNDAY

St. Louis, July 1—For the first time in his life, Col. Chas. A. Lindbergh flew in a glider here Sunday while 10,000 persons watched. When he landed after a short hop, he expressed pleasure at the experience.

## FENCE BURNS IN DOWN TOWN DISTRICT SATURDAY

Saturday night the fence behind Phil Galo's Shoe Shop caught on fire. The fire department was called immediately and arrived in time to put out the fire before any serious damage was done, the losses amounting to not more than five or six dollars.

## GOVERNOR ADAMS SUFFERS ATTACK OF IVY POISONING

Denver, July 1—Governor Wm. H. Adams is again temporarily on the sick list. This time it is with an attack of ivy poisoning.

The governor was infected on the hands a week ago when he visited his cattle ranch near Alamosa and rode horseback through a large area of wooded range country. The infection became troublesome last Saturday and over the week-end caused painful swelling of his hands.

Today, his doctor advised Governor Adams to keep to his room in a hotel here and undergo treatment.

Governor Adams recently recovered from an attack of influenza which kept him confined from November until April.

Mrs. Evans Buried This

## NEW CURRENCY TO BE DISTRIBUTED IN BANK ON JULY 10

The new United States currency will make its official debut as legal tender on July 10th, according to Mr. Reeves, cashier at the First National bank.

The new currency is considerably smaller than the old, and is otherwise distinctively marked, making it much more difficult to counterfeit than the old, it is claimed. Samples of the new money may be seen around the city where it is on display.

## TWO INCHES OF SNOW COVERS PEAK IN FREAKISH STORM

Colorado Springs, July 1—Two inches of snow fell on the summit of Pike's Peak this afternoon, and vacationists engaged in snowball battles. Rain fell on the slopes, starting at 4 p. m. and continuing late tonight.

The moisture was welcomed by Pike national forest officials as lessening the fire hazard.

## WATER OFFENDERS FINED LAST WEEK

This last week between twelve and fifteen people have been fined for running their hose outside the hours set by the city. This should be a warning to all the citizens of Salida to be careful to keep this law.

## BRUNK'S TENT MAN UNDER ARREST IN CANON FOR STEALING BICYCLE

Louis Fisher, a member of the tent crew of the Brunk's Comedians, was taken into custody at Salida by Sheriff Koerner Friday night on charge of having stolen a bicycle from Barney Cunningham of Canon City.

Fisher was arraigned in Judge Hartford court in Canon City Saturday afternoon at 2 o'clock where he pleaded guilty to this offense. He was fined \$5 and the costs which totaled \$58.

He was returned to the county jail because he was not able to meet the fine. However, it is believed that he will be released on bail within next few days.

Mother of C. E. Tanton

## L.T. GOVERNOR CORLETT TO GIVE ADDRESS AT DEDICATION OF SALIDA AIRPORT

WEDNESDAY MORNING AT 8:30 THE FLEET OF PLANES WILL ARRIVE AT AIRPORT; DEDICATION SERVICES TO BE HELD AT 3:00 P. M.

Lt. Governor Corlett will give the principle address at the dedication of the American Legion airport tomorrow. Beginning at 8:30, July 3rd, the fleet of planes will arrive for the big two day air circus. A committee of the American Legion will be on hand to welcome the fleet. All morning the planes will be active flying passengers.

Earl Ewing, state commander of the American Legion will arrive with the fleet.

## CHARLES M. SUTTON AND RUTH MEACHAM MARRIED LAST SUNDAY

At the dedication ceremony, which is to be held at 3:00 p. m., Neil Davenport will give an address on behalf of the Salida Chamber of Commerce and the American Legion. July 4th will be packed full of acrobatic stunts, tricks and passenger flights.

The regular U. S. air mail plane will carry out the 6,000 or more letters now being addressed by the people of Salida. Several business houses in Salida have these air mail letters for sale. They may also be had at the postoffice. Circular letters may be had from the Chamber of Commerce which can be inserted in the envelopes.

Another feature of the circus will be Earl Kennedy and his two trick mules. They arrived Monday with their pack of fun.

## BOY DROWNS IN THE ARKANSAS

The body of Joe Pappish, 8 who was drowned while swimming with several companions in the Arkansas river near Swallows at 2:00 p. m. Sunday, had not been found long after dark by sheriff's officers who led a search of the river banks from Pueblo to the place where the boy was reported to have been carried under by the current.

Sheriff's officers, friends and the distracted parents of the drowned boy, who live near Swallows, continued the search for the body for hours after darkness had enveloped the scene of the accident all were finally forced to abandon all hope of success until daylight when, it was said, the search would be continued.

Places at the breakfast table were laid for Mr. and Mrs. C. M. Sutton, Mr. and Mrs. L. R. Turner, Courtney Meacham, Joan Roma Turner, Rev. and Mrs. Forsythe, Mr. and Mrs. Chas. A. Briber of Denver and Mr. and Vottaire of Loveland. Mr. and Mrs. E. J. A. Briber of Denver and Mr. and Mrs. O. R. Meacham.

Mr. and Mrs. Sutton left immediately following the breakfast for Glenwood Springs, enroute to their home in Salt Lake. The journey was made finally discontinued after

spector and also granted a twelve day vacation.

Dr. Christianson will find someone to take his place while on his vacation.

Members of the council discussed traffic lights but decided to do nothing further about it until they had been investigated.

#### BASE BALL NEWS

### To Be Staged Here

July 3rd and 4th

Salida won a game last Sunday by the punch she has developed. The score of 8-1 does not show the facts of the game, which up until the 7th inning was 3-1; it was in this inning that Salida demonstrated her punch by scoring four runs.

Salida has also uncovered another good pitcher in Daniels, who is a right hander with plenty of stuff and also a smoker. He struck out twelve men and allowed three hits Sunday. He also got two nice hits off Hunt a Denver veteran who pitched for Cotopaxi.

Michlich led the onslaught with four hits out of five time up. Young George Rout, who was hit before the game could not get in the game until the fourth inning, but he made it interesting then, with two hits out of three times up.

Rube Pasquale went to the mound in the fourth against Center. Salida is figuring on the Post Tournament so they would like as many fans as possible to view them in action in the next two games.

### Prizes Are Awarded Boys In Airplane Contest Today

Richard Law won the first prize of \$5 in the boys' model airplane building contest ending this morning. The model made by Richard was a perfect reproduction of the monoplane "The Spirit of St. Louis."

It is considered one of the finest pieces of work ever shown. The wings and almost every other part is moveable.

Second prize was given to Emmet Magee and third place to Alec Keller.

Every boy that entered a plane in the contest received a free ticket to the airport for July 3rd.

The model planes are on exhibition in the showwindow of the Travers Furniture company.

### Lt. O'Connor Will Arrive At 2:30 Wed.

Lt. O'Connor, former Salida boy and now an aviator in the United States Air Service, will fly to Salida, July 3rd. He is scheduled to arrive at 2:30 in the afternoon.

Lt. O'Connor was a former high school boy here graduating in 1906. He is also a graduate of West Point.

Lt. O'Connor is a son of Mr. and Mrs. Jerry O'Connor of Centerville.

#### COURT NOTES

Theodore Schaffer was arrested Tuesday for fishing without a license and fined \$25 and costs by Judge Terry at Buena Vista. Be sure you have your license.

Lafay Masingale was arrested for having a short fish Saturday and fined \$25 and costs by Judge Dickman. Measure your fish!

daughter, Mary and Dr. and Mrs. S. O. Swartz drove over for the ceremony.

The Record joins with the score of friends of Mr. and Mrs. Patterson in wishing them all the happiness and success in the world together.

### Golf Tournament

To Be Staged Here

July 3rd and 4th

The Salida Golf club is having a golf tournament here the 3rd and 4th. Players from Monte Vista, Alamosa, Florence, Buena Vista, Gunnison, Canon City and Salida will participate. At least thirty out of town players, both men and women are expected.

Wednesday the 3rd they will have putting, driving and approach contests. There will be prizes for both men and women consisting mostly of airplane rides, but also including some golf sticks and balls.

Thursday there will be a handicap tournament. Two silver loving cups and many other prizes will be offered.

### Mrs. E. B. Kremling Dies In Local Hospital Last Saturday

This community was saddened Saturday, when news of the death of Mrs. E. B. Kremling was reported. Her demise occurred at a Salida hospital where she had been a patient for the past two weeks and was due to a heart and kidney ailment.

Mary Lois Wade was born near Alton, Illinois, March 17, 1856. Her childhood was spent in Illinois and when a young woman, she attended Monticello seminary. In subsequent years she resided with her father and mother in the "nation" as she termed it, that part of the United States which was then the Indian territory. The family was located at Fort Sill when that post was established. Her arrival in Colorado was made when this state was also young, and gifted with an observant manner and a retentive memory, she was able to relate many interesting incidents of the pioneer states of Colorado, Kansas and Oklahoma. An inveterate reader and a bright witty conversationalist, she also eagerly kept abreast of modern events and maintained an active interest in politics, though she did not take an active part.

Mrs. Kremling is survived by her husband, Eugene B. Kremling to whom she was married in 1893; by a grandnephew, T. W. Schomberg, president of the Trinchera Timber Company; and by a grand-niece, Mrs. Dorothy Schomberg-Ballantine, of Berkley, California. Mr. Schomberg arrived from California where he had been for the past two months and was with his aunt at the time of her death.

Services were conducted at the Stewart Funeral Parlors Sunday afternoon, a number of Sargents people attending.

The remains were shipped to Denver, services taking place there at ten o'clock Monday morning. Interment was made in the family plot at Fairmount Cemetery.

Now is the time to go out and do your kodaking. Steinberg finishes kodak work the day it is brought in.

hands a week ago when he visited his cattle ranch near Alamosa and rode horseback through a large area of wooded range country. The infection became troublesome last Saturday and over the week-end caused painful swelling of his hands.

Today, his doctor advised Governor Adams to keep to his room in a hotel here and undergo treatment.

Governor Adams recently recovered from an attack of influenza which kept him confined from November until April.

### Mrs. Evans Buried This Morning at 9 O'Clock From Catholic Church

Funeral services for Mrs. Mary Evans, who passed away Saturday morning at 7:30 o'clock were held at 9 o'clock this morning at the Catholic church. Rev. M. Boyle officiating. Interment was at Fairview cemetery.

Mrs. Evans was born February 24, 1906 in Leadville, Colorado and has lived in Salida three years and two months.

The deceased leaves her husband, Joseph Evans and three children as well as a great number of friends who sincerely mourn her loss.

Charles Matlock of Nathrop was in town Saturday.

ney Cunningham of Canon City.

Fisher was arraigned in Judge Hartford court in Canon City Saturday afternoon at 2 o'clock where he pleaded guilty to this offense. He was fined \$5 and the costs which totaled \$58.

He was returned to the county jail because he was not able to meet the fine. However, it is believed that he will be released on bail within next few days.

### Mother of C. E. Tanton Dies In Alton Iowa Last Sunday

Mr. and Mrs. C. E. Tanton returned from a motor trip through Iowa Saturday evening where they had visited with Mr. Tanton's mother, Mrs. Louisa Tanton, and Sunday morning Mr. Tanton was called back because of the death of his mother. He left on No. 2.

Mrs. Louisa Tanton lived in Hayward, Iowa until three years ago when she moved to Alton, Iowa where she died Sunday morning, June 30th. Mrs. Tanton will be buried in the family plot in Hayward and although the date of the funeral has not been set definitely, it will probably be held Wednesday. No details of the death have been received.

dish which had been a gift to the bride's grandmother at her wedding about 65 years before.

Places at the breakfast table were laid for Mr. and Mrs. C. M. Sutton, Mr. and Mrs. L. R. Turner, Courtney Meacham, Joan Roma Turner, Rev. and Mrs. Forsythe, Mr. and Mrs. Chas. A. Briber of Denver and Mr. and Vottaire of Loveland, Mr. and Mrs. E. J. A. Briber of Denver and Mr. and Mrs. O. R. Meacham.

Mr. and Mrs. Sutton left immediately following the breakfast for Glenwood Springs, enroute to their home in Salt Lake. The journey was made in the groom's car.

The house was decorated with a profusion of flowers, chief among them being California poppies, gypsophila, wild columbines, roses, clematis and centurias.

Mrs. Sutton was raised and educated in Salida, graduating from the Salida high school. She later attended the Colorado State Teachers college in Greeley, receiving her life certificate and later returning and securing her A. G. degree. She did her first teaching at the Auburn demonstration school, a branch of the Teachers' college. She left Auburn to accept a position at Akron as special teacher of Spanish and mathematics in the high school. Three years later she accepted a position as assistant secretary to the Y. W. C. A. in Casper, Wyoming, only relinquishing that place to secure her degree in college. She specialized in physical education and took up that work at Canon City as supervisor of girls' physical education in the schools in that city where she has spent the past three years. A special class in physical education was taught at Mt. St. Scholastica's Academy for a couple of years during her stay in Canon.

Mr. Sutton was raised and educated in Akron, Colorado and served as usher in his father's bank until called by his country to go to France as a soldier. Upon his return he was offered a position with the Schieren Rubber Belting Co. of Denver, which he accepted, later being transferred to Salt Lake as their manager for the branch office.

It was in Akron that the couple met and formed the attachment which resulted in their marriage.

### Bus to Run to Airport July 4th Every Hour

One of the big passenger busses of the D. & R. G. W. will be in service to carry passengers to and from the airport for the air circus.

The bus will leave Salida every hour and will return from the field every half hour on the half hour.

#### \$15,00 IN FROGS LOST

Toledo June 1—Two frogs valued at \$15,000 were stolen from a tank in the rear of the home of their owner, Dr. Robert Wald.

These frogs had been raised on artificial food and imported from Louisiana, and were the subjects of an important experiment, intended to prove whether amphibians could be raised in artificial surroundings in sufficient number to warrant commercial investment.

I saw it in the Salida Record.

distracted parents of the drowned boy, who live near Swallows, continued the search for the body for hours after darkness had enveloped the scene of the accident all were finally forced to abandon all hope of success until daylight when, it was said, the search would be continued.

A brother who had been swimming with the Pappish boy told officers that he had seen his brother wade out into the deeper part of the stream, where he apparently fell into a hole. The boy stated that his brother's body rose to the surface three times but finally disappeared altogether and he and his companions ran home to give the alarm.

#### HOSPITAL NOTES

Mrs. Ray Stevenson of Blanca, Colorado underwent an operation Sunday at the Red Cross hospital.

Mrs. W. H. Rector of Monte Vista who was injured when she fell down the stairs at a local rooming house Thursday was able to return to her home Sunday morning.

W. H. Smith of Canon City is a patient at the Red Cross hospital.

Mrs. W. E. Johnson of Akron, Colorado is receiving treatment at the Red Cross hospital.

Miss Adeline Baldessari of Leadville is a patient at the Red Cross hospital.

Mrs. Heber DePriest of Manassa, Colorado underwent an operation at the Red Cross hospital yesterday.

Miss Margaret Davie who has been a patient at the Red Cross hospital was removed to her home yesterday.

### Mrs. Mary Wilson, Salida Pioneer, to be Buried Wednesday

Funeral services for Mrs. Mary Wilson, a pioneer in Salida, will be held at the Stewart parlor at 3 o'clock Wednesday afternoon. Interment will be at the Fairview cemetery.

Mrs. Wilson died Saturday, June 29 at the age of 58 years.

The deceased was born in Buffalo, New York, February 27, 1871 and came to Salida in 1889 and had lived here ever since, 40 years. She was the widow of Robert Wilson.

Mrs. Wilson leaves two brothers, Charles Merkt, of Salida and William Merkt of Hooper and a sister, Emma Berglund of Los Angeles and a host of friends here to mourn her death.

#### HOME AND FACTORY REVOLUTIONIZED

Civilization might be defined as the process whereby mankind replaces antiquated methods with new methods that are more efficient, economical and time saving.

For generations, heating, both in the home and factory, has been accomplished by using solid fuels requiring hard labor.

Now, by utilizing heat, such as is furnished by automatic oil and gas burners, another great step is made in the march of civilization.

Automatic heat saves drudgery, expense, smoke and dirt, and is becoming as much a part of the modern home and factory as electricity and the telephone.

# Proclamation

In order that all may have an opportunity to attend the dedication ceremony at the Salida Airport, I respectfully request that all places of business in Salida be closed between the hours of 2:00 and 4:00 o'clock Wednesday, July 3.

The dedication of this airport is an important event in the progress of Salida and every loyal citizen will do his or her part to make it a success. I respectfully urge all to attend.

C. F. PROUDFOOT  
Mayor of Salida.

Attest:  
BERTIE RONEY,  
City Clerk.

IF IT'S PRINTING, THE SALIDA MAIL CAN DO IT. ONE OF THE BEST EQUIPPED SHOPS IN THE STATE

VOLUME NO. FORTY-NINE NO. 5

SALIDA, CHAFFEE COUNTY, COLORADO, TUESDAY, JULY 2, 1929

## Salida All Set for Big Celebration; Two Days of Excitement Offered

Salida is all set for the big two-day celebration tomorrow and Thursday. The airport will be dedicated tomorrow and Salida will be on the airmap. The fleet of planes will arrive from Colorado Springs Wednesday morning. Lt. Emmett O'Connor native of Salida who is stationed at Riverside, Cal., in the air service, will arrive here at 2 o'clock Wednesday afternoon in a big army plane and will land on the new field. He wired yesterday that the war department had given him permission to

fly home for the Fourth. He is a son of Mr. and Mrs. J. J. O'Connor of Brown's Canon.

Earl Kennedy and his trick mules arrived yesterday and will delight the crowds on both days.

Ivy Baldwin, veteran parachute jumper arrived today with his balloon and parachute.

One of the D. & R. G. W. busses will make hourly trips between Salida and the airport, leaving Salida on the hour and leaving the airport on the half hour.

The admission charge will be fifty cents for all. A badge will be given which will be good for the whole day. Children under 10 years of age will be admitted free.

All places of business will be closed from 2 to 4 o'clock Wednesday during the time of the dedication services.

Lieutenant Governor Corlett and Earl Ewing, state commander of the American Legion will deliver short addresses. Neil Davenport will be master of ceremonies.

The American Legion and the Chamber of Commerce are giving away letter heads and airmail envelopes to those who wish to send an air mail letter on the first plane to leave here. The letter heads are headed with a picture of the Angel of Shavano and on the reverse side is a brief description of Salida. It is a splendid way to advertise the city. The only cost is the airmail stamps which are five cents each.

### Boutwell-Patterson

Miss Rose Boutwell, daughter of George M. Boutwell of Monte Vista, and W. E. Patterson, son of Mr. and Mrs. J. C. Patterson of this city, were united in marriage at a quiet but beautifully appointed wedding ceremony Sunday afternoon at the Episcopal church in Monte Vista. The service was read at 5:30 o'clock by the Rev. Philip Nelson, rector of the Church of the Ascension of Salida, in the presence of the immediate families and a few close friends. Mrs. Charles Smith of Fort Collins was matron of honor and Miss Helen Donnen of Del Norte acted as bridesmaid. The bridegroom was attended by Dr. S. O. Swartz of Salida.

The bride wore a beautiful gown of palest green chiffon with picture hat to match. She carried a shower bouquet of yellow bride's roses. Mrs. Smith wore a gown of blue and grey georgette with grey hat and Miss Donnen was attired in yellow silk with hat to match. Both carried pink roses.

Immediately after the ceremony a lovely wedding dinner was served at the Boutwell home when covers were laid for twenty. Yellow roses and yellow candles were used in decorating the table.

The happy young couple left Sunday evening in their car for Yellowstone park where they will spend a few weeks' honeymoon after which they will return to Salida to make their home.

Mrs. Patterson is one of the most popular members of the younger set of Monte Vista and she is a charming young woman. She is a graduate of Colorado Agricultural college and is a member of Delta Delta Delta sorority.

Mr. Patterson is the only son of Mr. and Mrs. J. C. Patterson. He was born in Newcastle, Pennsylvania, but spent the greater part of his boyhood in Colorado Springs where he graduated from Colorado college. He is a Phi Gamma Delta. For the past four years Mr. Patterson has been in partnership with his father in the Bateman Hardware store, one of the successful business houses of the city. Mr. Patterson is a well thought of young man and one who has a wide circle of friends wherever he is known.

Roy Williams who recently underwent an operation for appendicitis at a local hospital is convalescing at his home.

### Moffat Road Abandons Use of Big Tunnel

Denver, Col., July 1 (Special)—Workmen started last week to open the pass over the hill on the Moffat road. About one hundred and fifty men were sent to the East and West Portals and began working both ways on the road bed. At the same time a crew of linemen started to rebuild the telegraph lines over the hill.

When asked what the activity meant William R. Freeman president of the Moffat road said, "We are reopening the road over the hill. You can form your own conclusions.

The road is in litigation with the Tunnel district over the amount that is to be paid for the use of the tunnel. A contract was signed with the road whereby the latter was to pay one thousand dollars a day for the use of the tunnel. Recently a suit was started to break the contract. One side claims that it should be broken and the other that it should not. Then the proposition of allowing the Rio Grande to use the tracks of the Moffat road for a shorter route to Denver is before the Interstate commerce commission.

Mr. Freeman has repeatedly said that it cost more to use the tunnel than it did to go over the hill. Along with the work of repairing the road over the hill the road has started to rebuild its shops in Tabernash and Fraser the two towns where it kept the extra engines and crews that were used in the extra haul over the hill.

Freeman indicated that he was going back to the use of the hill route and let the state have its tunnel. Those who are fighting to get a new contract with the road for the use of the tunnel say he is just bluffing. That he will never use the hill road again, especially in winter.

Many of the local people see in the move an effort on the part of the road to get the tunnel for almost nothing. If the Moffat road does not use it there will be no use for it. If the road uses the hill road for two or three years, it might mean that the tunnel could be purchased for almost nothing. At present it is financed by bonds that run against all of the property in the district and the district comprises all or parts of thirteen counties in the state.

Time will tell whether Freeman is bluffing or not.

Mrs. W. H. Rector of Monte Vista who was injured when she fell down the stairs at a local rooming house Thursday, was able to return to her home Sunday.

You get service plus quality when you bring your films to Steinberg.

Mr. and Mrs. Percy Collings expect to go to Denver Wednesday to remain over the Fourth of July with the parents of Mrs. Collings.

Mrs. Margaret Merten and daughter, Margaret, and son Frederick, returned Saturday from a three week's motor trip to the western coast. They visited in Los Angeles and San Francisco and took in Yellowstone National Park enroute home.

Mrs. L. A. Frank of Westcliffe who had spent the past several weeks here will leave in a few days for Gunnison.

### PUBLIC SERVICE EMPLOYEES ENJOY LUNCHEON

A large party of local Public Service employees gathered at Burns Cafe Saturday noon for a luncheon which was followed by a business meeting.

Places were laid for, C. H. Kelleher, Miss Ruth Cole, H. U. Willis, T. A. Spencer, Joseph Schiltz, B. F. Roberts, R. D. Willey, L. L. Sickler, M. G. Hukill, S. R. Blunkall, O. H. Preston, V. C. Mangus, F. C. Booten, James Sheehan, L. J. Elsworth, W. C. Hamilton, C. D. Harter, W. R. Thompson, F. A. Bennett, and Max Price.

### Drunken Driver Hits Transfer Co. Team

The Transfer company was the victim, in a financial way, of the illicit traffic of whiskey on last Saturday night, when they were moving the Brunk's Comedians to the train.

About midnight, the transfer wagon was waiting in front of the show tent, at the corner of Seventh and D streets, to be loaded with the company's paraphernalia, when an auto, coming up from town, zigzagging along and almost running up onto the lawns bordering the street, veered and struck the wagon knocking the horses down and so frightening them that they ran away and demolished the wagon. The impact of the blow broke the tongue of the wagon leaving it in a sharp point which easily could have killed the horses. Other than the fright and some scratches, the horses escaped with only a few bruises, but were so unsewed that their use during the next day was an impossibility. The wagon did not escape quite so easily but can be repaired.

The driver of the wagon had just stepped down to load on some of the parts when the accident happened. He probably would have been killed if such had not been the case.

The driver of the car escaped under cover of darkness.

### Bonanza Miner Dies After Brief Illness

Frank McIntyre, a Bonanza miner, and former stone cutter, died Sunday in Salida of pneumonia, after a brief illness. He was a member of the Granite Workers' union. He was 42 years old.

Funeral arrangements have not been made pending word from a brother who lives in Frankfort, Me.

The body is at the Travess mortuary.

### Sargent's Woman Dies; Body Sent to Denver

Mrs. Mary Lois Kremling, wife of E. B. Kremling of Sargent, died Saturday in Salida of heart disease. She was born in Alton, Ill., March 17, 1884 and had lived in Sargent fourteen years.

Funeral services were held at the Stewart chapel at 2 o'clock Sunday, H. J. Clagett, lay reader of the Church of the Ascension, officiating.

The body was sent to Denver for burial.

W. B. Eames, who came here six weeks ago to inaugurate the new system in the Snodgrass store, left Sunday for his home in Denver. After taking a vacation he will be assigned to another city where the new system is to be installed.

The Rev. and Mrs. Philip Nelson returned Friday evening from Macon, Colorado where they had spent three weeks visiting Mr. and Mrs. S. W. Carpenter, parents of Mrs. Nelson.

Now is the time to go out and do your Kodaking. Steinberg finishes Kodak work the day it is brought in.

S. C. Perry of Long Beach, California arrived Monday morning to visit his son Joseph Perry and to renew acquaintances with old friends. He ex-

### Airplane Mail Urged To Advertise Salida

Five cents will buy a souvenir of Salida's new airport, and will probably do more to advertise our city than any ticket ever cost. With each envelope purchased a Salida Chamber of Commerce insert will be found with it. On one side there is a picture of the Snow Angel of Shavano and plenty of room to write a letter, and on the other side are facts about Salida, points of interest, a word about our industry, agriculture, etc.

The Air Mail envelope itself is attractive and bears a big seal on the outside showing that it was mailed out of Salida on the initial Air Mail Flight. Here on the outside is the statement from the world's highest airport.

Several hundred letters have been mailed from outside towns, just for the purpose of having this seal placed on the envelope. Some collectors are after this important cancellation.

There are a number of citizens that realize the immense advertising value of this means of telling the world about Salida and have purchased from one hundred to five hundred envelopes.

The plane that will come in for these letters is the regular Mail Plane that runs between Cheyenne and Pueblo. It will come into the London Airport during the layover in Pueblo.

Those who have not purchased downtown all the air mail envelopes they can send off will find them on sale at the airport. A branch post office will be there also for your convenience in mailing these letters, so they can be mailed either in town or at the airport.

### Richard Law Winner of Airplane Contest

The model plane contest run in connection with the dedication of Salida's new Legion Airport was judged this morning at ten o'clock and the winners were as follows: first prize of \$5, Richard Law; second prize of \$3, Matthew McElroy; third prize of \$2, Alex Keller.

All the planes were home made, and there were about twenty entered. The boys building these planes were all under 16 years of age.

All the boys who entered planes that did not win one of the capital prizes were given an admission ticket to the air circus.

The judges were: Dr. C. Ray Peeler, Earl Horner and "Buddy" Maya.

### MRS. WRIGHT ENTERTAINS BUNCO CLUB FRIENDS

The regular semi-monthly meeting of the Bunco club was held Friday afternoon at the home of Mrs. I. Wright.

Bunco was enjoyed at two o'clock with Mrs. H. S. Wright winning high score price and Mrs. J. M. and the consolation prize. Mrs. Sullivan received the door prize. Mrs. Sullivan will entertain club at its next meeting.

### Mother of C. E. Tan Dies in Alton, Iowa

A telephone message Sunday morning telling of the sudden death of mother, Mrs. Lavinia Tenon of Ia., came as a great shock to her children. Clarence H. Tenon, who Tenon had left her only a few days earlier apparently in good health, and Mrs. Lavinia Tenon arrived from a two weeks visit in Iowa Saturday evening. Mrs. Lavinia Tenon at 8 o'clock Sunday morning was eighty-two years old.

Mrs. Tenon was well known in Salida having visited here on occasions though not in recent years she was here in England. Until years ago she had made her home in Hawarden, Iowa and she will be buried there beside her husband who died years ago.

Mrs. Tenon is survived by son, Clarence H. of Salida, and daughter, Dorothy of Jamestown, North Dakota.

Professor Tenon left for Alton on train No. 2 Sunday noon. It is expected the funeral will be held today.

### Mrs. Joseph Evans Dies; Funeral Held Today

Mrs. Mary Evans, wife of E. B. Evans of 202 West Third street, died Saturday of pneumonia after a illness.

Mrs. Evans was born in Leavenworth, 1886. She was widely known in that city and in Salida.

She is survived by her husband, three children, the youngest an son, born last Wednesday.

Funeral services were held at St. Joseph's church, and the casket was in Fairview.

Mr. and Mrs. Dick Murray and Mrs. Walter Bates went to Crestone and Del Norte Saturday afternoon Sunday.

## Proclamation

In order that all may have an opportunity to attend

dedication ceremony at the Salida airport I respectfully

request that all places of business in Salida be closed between

the hours of 2:00 and 4:00 o'clock, Wednesday, July 2.

The dedication of this airport is an important event in progress of Salida and every loyal citizen will do his or part to make it a success. I respectfully urge all to attend.

C. F. Proudfoot

Mayer of Salida

Attest:

BERTIE BONEY

# E SALIDA MAIL

and Mrs. W. E. Britton spent a week in Cripple Creek visiting

and Mrs. Ed Lindsley and Lorraine of Gunnison spent a week in Salida with friends.

Higgins of Gilman spent the week in Salida as the guest of Mr. Walter Sneddon. Mr. Higgins is brother of Mrs. Sneddon.

Henry Gores and son of Los Angeles, California, are visiting in his week with friends. Mrs. Gores will be remembered as Miss Miloland.

Phil Muto and son Philip Jospeh today for Boulder to spend a week visiting her parents, Mr. Joseph Minici.

Webster is receiving treatment in Grande hospital.

Frank Szynski who had been

## Denver Woman Killed When Auto Overtakes

Mrs. F. D. Stumke of Denver, sister-in-law of William F. and Henry C. Stumke of this city, was killed instantly at 11 o'clock this morning when the automobile in which she was riding turned over a few miles this side of Fairplay.

Mr. and Mrs. Stumke and their niece, Mrs. Joseph Pressley and Mr. Pressley of Pekin, Illinois, had driven up to Salida to spend the Fourth with Mr. Stumke's brothers and their families. They left for Denver this morning after an enjoyable two day visit.

Nearing Fairplay, Mr. Stumke turned out to pass a car and his automobile, an Oldsmobile sedan, struck a rock at the side of the road and turned completely over. Mrs. Stumke was pinned beneath and was crushed to death. The other members of the party were uninjured. Mr. Stumke declares he was driving at a moderate speed when the accident occurred.

Mr. and Mrs. William F. Stumke will leave for Denver tonight and their son, Clarence, will follow later.

## Two Fined for Fish Law Violations

Theodore Schaffer of Granite, who was arrested last Tuesday by game warden Lurton Holman for fishing without a license, was fined \$25 and costs in Judge Terry's court at Buena Vista. Mr. Schaffer was fishing in Clear Creek reservoir.

Lafay Masinal who was arrested Saturday at Monarch paid a fine of \$25 and costs for having in his possession a fish less than seven inches.

## SMALL BLAZE

The fire department was called to the rear of the C. A. Morris paint shop on Wednesday to handle a fire on the roof. Apparently someone had thrown a firecracker on the roof.

The blaze was extinguished with a loss of five dollars.

Mr. and Mrs. Ray E. Simpson and children of Dallas, Texas arrived in Salida the first of the week and plan to sojourn here the remainder of the summer. Mr. Simpson has the agency for the Spartan radios in the state of Texas. Mrs. Simpson is a sister of Mrs. M. B. Hutchinson.

Mrs. Trevor Whayne and son, Trevor, Jr., of San Antonio, Texas, are the house guests of Mrs. M. B. Hutchinson for the summer.

K. L. Moriarty is a patient at the Rio Grande hospital.

Arthur Garrels arrived home the first of the week from Denver where he had been doing dental practice at the infirmary of Denver University Dental school. He will visit his parents, Mr. and Mrs. N. J. Garrels.

Mrs. A. J. Gribbin returned last evening from Denver where she had spent two weeks visiting her daughter, Mrs. Verne Souder and Mr. Souder.

Passenger carrying, Sunday, July 9. Pilot Carr. Salida Airport.

Truman Spencer, storekeeper at the Public Service company, will leave Monday for Denver where he will spend a two weeks vacation.

Wallace Cole left this noon for Denver and will return Saturday accompanied by his son, Wallace Cole, Jr., who will visit here two weeks.

Mrs. Howard Price returned Wednesday from Pueblo where she had spent a few days visiting.

A party composed of Mrs. C. H. Lunnon, Miss Pearl Lunnon, Mrs. Bert Heister and son, Charles, Mrs. J. B. Brassfield and three children, of Denver, Mrs. Lon Kimbley of Huntington Beach, California. Mr. and Mrs. C. E. Glenn and son Charles, Mr. and Mrs. L. R. Glenn and daughter picnicked at Maysville Thursday.

## TELEPHONE EMPLOYEES SURPRISE MANAGER AND BRIDE TUESDAY EVENING

Mr. and Mrs. Orin Weichel, newlyweds, were pleasantly surprised Tuesday evening at their home by the employees of the local telephone exchange of which Mr. Weichel is manager.

The evening was spent in playing games and delicious refreshments, furnished by the guests, were served at a late hour. Mr. and Mrs. Weichel were presented with a lovely gift for their home.

Those enjoying the affair were, the guests of honor, the Misses Janet Gilray, Lena Rout, Rose and Mildred En Earl, Marie Mundlein, Edith Johnson and Vera McCalmont. Mrs. Charles Johnson, Mrs. Leona Grout, Mrs. Hattie Decker and James Holman and Ben Shaw.

## Bonanza Miner To Be Buried Here Sunday

Funeral services for Frank M. McIntyre, Bonanza miner and former stone cutter, who died Sunday in Salida of pneumonia, will be held at 3 o'clock Sunday afternoon at the Travellers mortuary.

The Rev. M. Boyle of St. Joseph's church will officiate. The Granite Cutters of Salida will have charge of the services.

## Monte Vista Boy Hurt; Hit by Salida Auto

Dr. T. L. A. Shaffer was called to Monte Vista Monday to attend the seven year old son of M. C. Roughton of that city, who was struck by a car. The boy sustained a fractured skull and a bad cut on the face.

The car which struck him was reported as a Salida automobile.

## BASEBALL NEWS

Salida won a game last Sunday by the punch the local team has developed. The score of 8 to 1 does not show the facts of the game. Up until the 7th inning the score was 3 to 1 and in this inning Salida demonstrated her punch by scoring 4 runs.

Salida has uncovered another good pitcher in Daniels who is a right hander with plenty of ability. He struck out 12 and allowed 3 hits. Michlich and George Rout made outstanding plays in the game Sunday.

—Contributed.

## PLAINS FARMING CONFERENCE TO BE HELD THIS MONTH

Akron, July 5—Research and extension workers from Colorado, Wyoming, Kansas and Nebraska will gather here July 8, 9 and 10 to discuss some of the problems of agriculture on the plains. This will be the second annual dry farming conference to be held at the U. S. Government Dry Land Field Station five miles east of here.

President Charles A. Lory of the Colorado Agriculture college will open the general session the first evening with a discussion of "The Plains Region in Colorado's Agriculture." Dr. C. P. Gillette will follow with a discussion of the Colorado Experiment Station's part in developing the plains agriculture.

Director L. E. Call of the Kansas Experiment Station will talk on "Why Do We Plow?"

Tuesday's program will include talks by P. H. Stewart, extension agronomist for Nebraska, Supt. A. L. Nelson of the Archer (Wyoming) Field Station, O. C. Ufford, extension poultry specialist for Colorado, D. W. Robertson, associate agronomist of the Colorado Experiment Station, Supt. Robert Wilson of the Cheyenne Experiment Station, and Alvin Kezer, professor of agronomy at the Colorado Agricultural

Heister and son, Charles, Mrs. J. B. Brassfield and three children, of Denver, Mrs. Lon Kimbley of Huntington Beach, California. Mr. and Mrs. C. E. Glenn and son Charles, Mr. and Mrs. L. R. Glenn and daughter picnicked at Maysville Thursday.

Committees will report Wednesday morning at the final business session

## Two-Day Celebration Is Big Success; Crowds Thrilled by Daring Air Stunts

Salida introduced itself to the air world July 3 and 4 with a greeting that will never be forgotten. The air circus and accompanying entertainments were better than advertised, the financial returns were gratifying and the praise given to the American Legion by the aviators and the speakers at the dedicatory services was payment in full for the time and labor devoted by that organization to the accomplishment.

It is estimated that 8,000 people paid admission to the airport on the two days. Two planes, including the big twelve passenger, tri-motored Ford plane carried capacity loads of passengers throughout the two days. The proceeds will be sufficient to pay the purchase price of the airport grounds

## Boy Injured on Fourth Handling Firecrackers

Louis Muto, 16, son of Sam Muto received slight powder burns about the eyes Wednesday when a firecracker exploded in his hands. The firecracker, thrown on a doorstep, did not go off and he attempted to kick it from the step with his foot. Unsuccessful, he picked it up and it exploded while he was examining it. He was given medical attention.

## Newman-Speas

Friends here have received word of the marriage of Miss Rose Newman, daughter of James Newman of Salida, to Cornelius P. Speas, on Wednesday, June 26 in Springfield, Ohio. The couple will make their home in Chicago.

Particulars of the wedding were not given.

## INSIDE INFORMATION

For boiling down fruit juice and sugar in jelly making, use a large, flat-bottomed pan, to hasten rapid evaporation.

Snap fasteners on the shoulder straps of a dress slip which must be worn with dresses of different lengths will enable you to adjust the length easily at two or more levels.

Stains made by water containing iron can be taken off a porcelain bathtub or basin with oxalic acid solution. Oxalic acid is a poison and should be carefully washed off after using. Keep it out of reach of children.

Mr. and Mrs. Fred Bogler and son, Charles, of Los Angeles, California, arrived Tuesday night from Denver where they had been visiting Mr. Bogler's mother and a sister. They visited here a few days with a brother, Phil Bogler and family and left Thursday for their home. Mr. and Mrs. Phil Bogler accompanied them as far as Montrose.

C. H. Lunnon, Bert Heister and son Wade and E. G. Heister accompanied by Lon Kimbley and Harold Schut of Huntington Beach, California, spent four days of this week in Taylor Park on a fishing trip. They returned Thursday.

There were no accidents to mar the two days.

## Moffat Tunnel May Be Long Idle Unless Railroad Is Given Bargain

When told that the Moffat road was clearing its tracks and rebuilding its lines over the pass and that it might mean that it was going to abandon the use of the tunnel entirely Otto Beck, chairman of the state public utility commission said that the road could

## THE MEAL WORM'S LOT

Important insect species are for the most part unqualified pests and economic menaces, excepting, of course the bee and the silkworm. The meal worm, of which two species are abundant practically everywhere in the United States, is one of the most important

and the cost of improving them. The Legion will own the airport outright.

Accurate figures have not been compiled but it is known to the officers of the Legion that financial success is assured.

Lieutenant Emmett O'Connor was the star of the air circus. He obtained permission from the War Department to visit his parents, Mr. and Mrs. J. J. O'Connor on the Third and Fourth and he arrived at 2:30 o'clock Wednesday afternoon, making it from Riverside, California in nine hours actual flying time. He was accompanied by Sergeant W. A. Waddell, mechanician. The plane was a Douglas 0 2 K with a 480 horse power engine. They left Riverside at 2:30 o'clock Tuesday afternoon, spent the night at Prescott, Arizona, and arrived here at 2:30 o'clock Wednesday afternoon.

Lt. O'Connor thrilled the crowds with his stunt flying. He put the plane through all the stunts in the book, not forbidden by army rules. The stunts were equalled to the best done anywhere.

Asked about Salida's airport, Lt. O'Connor said:

"Your airport in size, position and smoothness is on a par with the best in the country and better than most of the airports of the bigger cities. Any type of plane can land here. You can judge that by the room the big Ford plane has to spare in taking off and landing. This type of plane is among the biggest."

"I had no trouble sighting the field. It was the first thing I saw when I came over the mountains. The air appears to be good but there will always be cross currents in the mountains and between the ranges. These will cause no difficulty to aviators."

Lieutenant O'Connor left today for Riverside.

"Jimmy" Donohue was another thrill maker. He made three parachute jumps from a plane, did wing walking and crawled over all parts of a plane in the air. He made a double parachute leap yesterday and he had planned to leap from Ivy Baldwin's balloon but it failed to go up after having been inflated. The veteran Ivy Baldwin was greatly disappointed when his balloon failed to rise more than a few feet from the ground. He has been filling and flying balloons for forty years.

The dedication services Wednesday were attended by a large crowd. Lieutenant Governor Corlett and Earl Ewing, state commander of the American Legion, were the speakers. They delivered brief and interesting addresses. Lt. O'Connor also was called on for an expression of opinion.

The Y. & R. Eaglerock carried passengers on the two days.

The Ford plane left this morning for Colorado Springs. Earl Rorer, Miss Goldie Warren and Dr. C. Rex Fuller went as passengers. They reached Colorado Springs in fifty-five minutes.

The crowd that came to witness the stunts was large. Business in Salida was reported good. The hotels were crowded and the restaurants declared the Fourth of July was their biggest day in many years.

There were no accidents to mar the two days.

## AMERICAN LEGION AIR CIRCUS HUGE FINANCIAL SUCCESS--DAY IS FILLED WITH THRILLS FOR SPECTATORS

NEARLY A THOUSAND PEOPLE RIDE IN PLANES DURING TWO DAY CELEBRATION. FIELD PAID FOR FROM RECEIPTS TAKEN IN

The first American Legion Air Circus has gone down in history as one of the biggest events, both as a financial venture for Salida and a day of pleasure and amusement for old and young.

The balance of the purchase price of the airport was raised, all expenses of the huge air fete were paid and Salida now has one of the finest airports in the west.

July 4th was filled with thrills for the ten thousand people who assembled to watch the maneuvers of the fleet. Time after time the flyers turned over and over in their great ships. Not a single accident marked the two days of flying.

Flying is becoming safer than riding in automobiles. With such an airport as Salida now has, many planes will be landing here. Mail will be carried regularly if sufficient parcels and letters warrant it. The mail plane which carries mail between Cheyenne, Wyo. and Pueblo will carry the letters out today from here.

Another 4th of July has come and gone but Salida has more to show for its time and money than any other celebration in the past.

The American Legion and Chamber of Commerce should be congratulated upon its well managed and conducted celebration.

"Jimmie" Donahue, who secured leave of absence from the Alexander Aircraft Corporation, of Colorado Springs to thrill the crowds with his daring wing-walking and parachute jumps during the dedication of the airport, was one of the centers of attraction. Because of the light air he was unable to jump from his customary altitude of 2,000 feet, letting go on his several descents at 1000 ft. He dropped three times during the celebration making beautiful landings. His last descent at 5:30 the afternoon of the Fourth was made from the Ryan cabin plane. This was his first drop from this type of plane and to add to the beauty of the downward journey used two parachutes, one 28 feet across and the other 24 feet. He was unsuccessful in his first balloon ascent, because of the light air, it being impossible to fill the balloon properly. It was said, and after taking him up approximately 25 feet, it settled back to the ground, permitting the bag to capsize.

Mr. Donahue limped about the airport from an injured foot he received in a drop at Colorado Springs several weeks ago when he left a plane in a rolling condition coming down head

### SALIDA VISITOR KILLED GOING TO DENVER THIS A. M.

Mrs. F. D. Stumpke who was returning to Denver with her husband and Mr. and Mrs. Joe Presley after having spent the 3rd and 4th visiting with Mr. and Mrs. Henry Stumpke and Mr. and Mrs. W. F. Stumpke was instantly killed when the car in which they were riding turned over about 11:45 this morning.

F. D. Stumpke was driving and went to turn out for another car; the wheel of the car hit a rock turning the car over into a ditch a little this side of Fairplay. Mrs. Stumpke was instantly killed. Mrs. Presley was injured, but the other two were unhurt. Mrs. Stumpke is quite well known in Salida having visited here frequently.

Mr. and Mrs. W. F. Stumpke will leave on No. 16 this evening for Denver and their son Clarence will follow tomorrow.

### FOREST FIRE NEAR NEWITT CAUSES LITTLE DAMAGE

A forest fire that might well have proved extensive, occurred near Newitt Saturday afternoon, caused apparently by lightning, was getting a nice start, when Forest Ranger Jif Frame, who had received prompt notice by telephone from McQuade's on the South Park road, arrived on the scene with a crew of sixteen men and, after three hours, succeeded in getting it under control. Frame and a part of his crew remained over night and until Sunday afternoon, when a shower occurred, that extinguished all smoldering embers.

Price, playing third base for Center, made a sensational bare-handed catch of Frank Rout's hit in the seventh inning, doubling Miklich off to second base.

Charles Zingone climaxed the sixth inning rally with a double into right center scoring two men. By the way, Charles is playing some game at short and seems to be in his right place.

Salida plays Leadville, Sunday, July 7th.

### Salida Takes a Thriller From Center Thurs.; Play Leadville Sunday

It was another great exhibition of masterful pitching by Rube Pasquale who seems to be the one destined to take Rube Walberg's place with the Philadelphia athletics. The Rube held Center to eight scattered hits and struck out three.

Price, playing third base for Center, made a sensational bare-handed catch of Frank Rout's hit in the seventh inning, doubling Miklich off to second base.

Charles Zingone climaxed the sixth inning rally with a double into right center scoring two men. By the way, Charles is playing some game at short and seems to be in his right place.

Salida plays Leadville, Sunday, July 7th.

### Sweden Has the Tallest People In The World Today

Bloomington, Illinois—Sweden has the tallest people in the world.

From their viking fathers they inherited a stalwart figure. The height of the average inhabitants of this land of fjords and ice-clad mountains is five feet eleven inches. Whether the consumption of milk has anything to do with the size of a nation's people cannot be proved," said C. U. Williams maker of the Ice-O-Matic electric refrigerator. "But it is interesting that Sweden drinks more milk for its population than any other country in the world. The average is 71 gallons a year per capita. In America, a nation of milk drinkers, the average is 55.3 gallons.

### Funeral Services for F. McIntyre To Be Sunday

Funeral services for Frank McIntyre will be held Sunday afternoon at 3 o'clock from the Travers Funeral Chapel.

Father M. Boyle will read the service. Interment will be at Fairview.

Mr. McIntyre was employed by the Rawley Mine in Bonanza. He died there of pneumonia, June 30. He is a member of Salida Granite cutters union.

### LOCAL HAPPENINGS

Mrs. Mayberry and daughter, Miss Hazel of Leadville were 4th of July visitors at the MacDonald home here.

### NEW BRIDGE OVER SLATE ASSURED BY COUNTY SOON

A new bridge over Slate river, and major changes in the road at Young's Hill near Crested Butte were assured this week, when Ralph A. Little, vice-chairman of the board of county commissioners after a trip to Denver secured \$1500 of state highway funds to match an equal sum appropriated by the county for this work. The \$3,000 thus made available, with a balance on hand from project 504-E (moving of the old Hartman bridge west of Gunnison to the site of the Pratt bridge north of town) it is hoped, will furnish sufficient funds to move the old Pratt bridge to a new location across Slate river, at the same time changing the course of the river to allow a straight road over Young's Hill. This improvement will eliminate a bad stretch of road almost at the city limits of Crested Butte, and will merit the commendation of Crested Butte people.

Through Governor Adams and Major L. D. Blauvelt of the State Highway Department, another \$3000 has been made available for use in improving the road above Gothic toward the summit of Scofield Pass.

The commissioners, in a resolution passed Monday, expressed their appreciation to the state officials for this appropriation, and at the same time suggested that a survey be made to find a more feasible route connecting state highway 135 at Crested Butte and state highway 133 south of Redstone, and thereafter by resolution of the state advisory board be made a state highway. The road in the Gothic region serves the properties owned by the Hercules Ajax and Puritan Mining Company, both big operators.

### Three Leadville Men Released; One Appeals

DENVER, July 5—Three of the four men who have appealed sentence in the Leadville liquor conspiracy case were released on \$5,000 bonds and a fifth filed appeal yesterday.

Notice of appeal of sentence of Wm. Corbett, former city councilman, was filed in U. S. district court, by his attorney, Charles Mahoney.

Appeal bonds of \$5,000 each were filed by Joe Fakini, Walter "Hope" Rittmayer and Swan Lindholm.

John Yammick, chief of police, was freed on a similar bond immediately after the four appeals.

George Burkhardt, the sixth man convicted, is expected to appeal.

### Salida Golf Club Tournament the 4th A Huge Success

## DEDICATION OF AMERICAN LEGION AIRPORT BRINGS MANY NOTABLES TO CITY

MAYOR PROUDFOOT, DEPARTMENT COMMANDER EWING LIEUTENANT GOVERNOR CORLETT AND LIEUTENANT O'CONNOR CONGRATULATE LEGION

Beautiful weather, record attendance, a fleet of planes of most every type, a thrilling and enjoyable program, and the absence of accidents of serious nature at the airport brought to a close a most successful and profitable Fourth of July celebration—profitable because Salida now has and is duly proud of an airport. The untiring efforts and sacrifices of the members of Ray Lines Post American Legion and Salida Chamber of Commerce, is responsible not only for the new entertainment to this locality but in making it possible such a fine landing field.

Wednesday afternoon shortly after three o'clock, Neil Davenport, past president of Chamber of Commerce, very ably took charge of the dedication ceremonies and after a few brief remarks introduced Mayor Proudfoot as the first speaker. Mayor Proudfoot complimented the Legion on its successful endeavor and remarked that "at last the dream of an airoport had come true."

Department Commander of the state of Colorado, American Legion, Earl Ewing of Colorado Springs, paid the local post high tribute. Mr. Ewing is one of the states foremost air mail enthusiasts and stated that he too was about to realize a dream in having in-land towns linked up with airports to make possible the enlargement of air mail service throughout the state. He greatly encouraged the use of air mail. With an airport he stated many planes would visit Salida, and looked into the future when the railroad would be using large planes to connect rail and air transportation of passengers. He also stressed on the benefits the younger generation would receive from the airports now being constructed, and complimented Salida on her "air-minded" people who were doing things.

At the close of Mr. Ewing's talk, Post Commander Frank Wareham, presented him with one of the last rocks taken from the airport, which was beautifully gilded and inscribed. Mr. Ewing in turn presented the post with another rock from the field to be kept until such a time when an arch could be constructed at the entrance of the field, the stone to be placed in the center of the arch in commemoration of the day.

Chairman Davenport next introduced Lieutenant Governor Corlett, who expressed himself honored in being asked to assist in the dedication of the Salida airport. He stated that the

celebraion making beautiful landings. His last descent at 5:30 the afternoon of the Fourth was made from the Ryan cabin plane. This was his first drop from this type of plane and to add to the beauty of the downward journey used two parachutes, one 28 feet across and the other 24 feet. He was unsuccessful in his first balloon ascension, because of the light air, it being impossible to fill the balloon properly, it was said, and after taking him up approximately 25 feet, it settled back to the ground, permitting the bag to capsize.

Mr. Donahue limped about the airport from an injured foot he received in a drop at Colorado Springs several weeks ago, when he left a plane in a rolling condition coming down head first. His parachute did not open rapidly as it should because of his position and the fall was not entirely broken, badly spraining his left ankle. Including the three jumps here, Mr. Donahue has entrusted his life to his parachute 424 times.

In August the annual air meet in Colorado Springs, Mr. Donahue will attempt a landing on the summit of Pikes Peak.

Among the local citizens contributing to the success of the celebration were Thomas Nevens, Neil Davenport, G. V. Travers, Harold Koster, Frank Wareham, Wm. Rush, Frank Schoendaller, John Petrini, A. F. Reeves, J. C. Patterson, Dr. Schwartz, Dr. Ostrum, Dr. Fuller, H. G. Newton, Eugene Gappit, Stewart Sexton and other members of the American Legion and Chamber of Commerce.

## NEWMAN—SPEAS

A very quiet church wedding was solemnized Wednesday, June 26 in Springfield, Ohio when Miss Rose Mary Newman formerly of Salida and Cornelius P. Speas were united in marriage.

Mrs. Speas is the daughter of Mr. James Newman, conductor on the D. & R. G. W., out of Salida.

Mrs. Speas gradated from Salida high school in 1920 and attended the Sherwood School of Music in Chicago for seven years, receiving three degrees from the school. The Bride is a very talented pianist.

Mrs. Speas left here early in June and went to the home of her sister, Mrs. E. Launderville in Springfield where she has been since. Her niece, Erma Launderville was bridesmaid.

The young couple will make their home in Chicago where Mr. Speas, who was formerly of Buena Vista is employed by the Illinois Central railroad.

The Record joins with their many friends in wishing them many years of happiness together.

Claude Clay and Miss Ethel Lashbrok and Mr. and Mrs. Paul Sparks of Gunnison were in Salida visiting yesterday.

Mrs. J. D. Frsyth, who has been ill for the past week is able to be about again.

Philip Lorton of Alamosa was in Salida yesterday.

Mr. and Mrs. Aicher and daughter Bety from Buena Vista spent the 4th in Salida.

Mr. and Mrs. Frank Fehling of Nathrop are in Salida today.

Bloomington, Illinois—Sweden has the tallest people in the world.

From their viking fathers they inherited a stalwart figure. The height of the average inhabitants of this land of fjords and ice-clad mountains is five feet eleven inches. Whether the consumption of milk has anything to do with the size of a nation's people cannot be proved," said C. U. Williams maker of the Ice-O-Matic electric refrigerator. "But it is interesting that Sweden drinks more milk for its population than any other country in the world. The average is 71 gallons a year per capita. In America, a nation of milk drinkers, the average is 55.3 gallons.

Quality of the milk consumed bears a closer relation to public health than does that of any other food. Because of the exceptional nutritive qualities of milk and its importance in the diets of children and others, a high quality proves its value. Electric refrigeration is playing a prominent part in preserving the purity of milk after it reaches the consumer. Its even icy-cold temperature of 45 degrees or less keeps the milk as nearly as possible in its original wholesome condition. Decomposition is retarded. It is estimated that bacterial growth increase 150 times as fast at 70 degrees as at 50 degrees.

"If America is to lead the world in healthier, taller, sturdier men, women and children, then every child should drink at least a quart of milk a day and every adult at least a pint."

## Fishing Good For Week End Trips

The weather continues fine and roads are excellent so that week-end trips thru the mountains are going over big. Many are taking several days vacation including the Fourth and Sunday and making quite extended trips abroad.

An occasional storm broke in the hills suggesting that the rainy season is at hand, but so far, the dust is the only drawback to motorists. Roads are rough in spots, of course, since June has been a month without rain, and it is hard for maintainers to keep smooth constantly travelled highway with no moisture at all.

Fly fishing is now beoming prime. Good catches are reported everywhere. The resorts are filling up with eager, happy and contented tourists and it is wise to write or phone ahead for accomodations.

The Kebler pass road is now open and Black Mesa is in very good shape. Roads into Taylor park are reported clearing up.

Mrs. George Croxford of Canon City was in town yesterday.

Richard Ikleman, formerly of Salida, now of Rockyford is visiting Russell Peck.

Mr. and Mrs. Wasson of Creede are in Salida. Mrs. Creede is a patient at a local hospital.

Mr. and Mrs. Chas. Senef of Monte Vista attended the Air Circus here yesterday.

Mr. and Mrs. Chas. Bowdish of Monte Vista attended the Air Circus yesterday.

vice. Interment will be at Fairview. Mr. McIntyre was employed by the Rawley Mine in Bonanza. He died there of pneumonia, June 30. He is a member of Salida Granite cutters union.

## LOCAL HAPPENINGS

Mrs. Mayberry and daughter, Miss Hazel of Leadville were 4th of July visitors at the MacDonald home here.

Harold Strickland of Canon City spent Thursday in Salida.

Mr. and Mrs. Mueller and daughters of Canon City attended the Air Circus here yesterday.

Mr. and Mrs. M. R. Ewing and son of Monte Vista attended the Air Circus yesterday.

Mr. and Mrs. Rosette and son of Alamosa were in Salida yesterday.

Dr. Marquard and his seventy boys from the Round-Up lodge were in Salida and at the airport Wednesday.

Charles MacDonald has accepted a position at Waggoner's Tire Shop.

Miss Violet Goddard is helping at the Suzanne's Spanish Town.

Edward Grout of Gunnison spent the 4th in Salida.

Mr. and Mrs. Grover Cornett and family of Montrose arrived Tuesday night to visit Mrs. Cornett's mother, Mrs. Mary Grout.

## FORD TRI-MOTOR MAKES RECORD TRIP TO SPRINGS

The Ford Tri-Motor airplane featurd here the 4th made a record trip to Colorado Springs this morning, leaving here at 10:30, piloted by Perry Hutton, arriving in the Springs at 11:20.

The passengers outside the pilot's party were: Miss Goldie Warren, Dr. Rex Fuller, and Earl Rorer.

## A REAL INDUSTRIAL PROBLEM

The attempt of the oil industry to voluntarily control waste through cooperative efforts has met serious obstacles.

One of the most important conferences ever held in this country for the purpose of bringing about a solution of the oil conservation problem has just closed at Colorado Springs.

The industry, together with the governors of leading oil producing states and representatives of the government must evolve a workable plan which will not conflict with the spirit of the anti-trust laws.

There is no doubt but that the brains and executive ability working on this problem will evolve a satisfactory solution. But a real danger which both the industry and the public face is that a purely industrial question will become entangled as a political issue.

Every opportunity should be given oil producers to exercise self government under constructive and proper federal or state regulation.

Notice of appeal of sentence of Wm. Corbett, former city councilman, was filed in U. S. district court, by his attorney, Charles Mahoney.

Appeal bonds of \$5,000 each were filed by Joe Fakini, Walter "Hope" Rittmayer and Swan Lindholm.

John Yammick, chief of police, was freed on a similar bond immediately after the four appeals.

George Burkhardt, the sixth man convicted, is expected to appeal.

The Denver and Rio Grande Western railroad has been authorized by the public utilities commission to substitute motor bus transportation for the present rail-gasoline coach passenger service between its trains at Malta and Leadville.

The commission granted the authority to operate busses to the western slope to the Western Slope Motor Way Inc., a subsidiary of the railroad. Leadville opposed the change at a hearing at Leadville June 25. The D. & R. G. W. contended, however, that operation of the gasoline coach caused \$10,000 loss annually. The twelve passenger bus can be run at a loss of only ten dollars per day, it is said. And the bus line represents an investment of only \$6,000.

The railroad must charge the same rate for the 4.8-mile trip and must substitute the rail coach service if the bus route becomes blocked.

The bus will meet westbound train Number 1 at 6:08 p. m., and eastbound train Number 2 at 11:10 a. m. Trains No. 15 and 16 are the only ones operating through Leadville.

## MAKING THE WORLD SMALLER

The old saying about the world being a small place after all is given a new interpretation by telephone expansion. An American citizen can sit in his home and at a low cost talk to any part of the United States or with foreign centers of population.

## NO FIRES REPORTED OVER FOURTH HERE

One July Fourth will go down in history without a fire.

Salida's fire department, well organized and prepared for the usual fires so common in other cities July 4th, spent a rather quiet day. Not a single alarm was given during the entire day.

Much creditis due the city officials for their management of the firework situation which so often causes disastrous fires.

## MRS. FUQUA LEASES LODGE TO ARTISTS AND JOURNALISTS

Mrs. Byrd Fuqua has leased for the summer her Byrd Colony composed of a number of rustic cottages on Chalk Creek to a group of Weltonians' commercial artists, and journalists, who will conduct it as a private club.

Under the general supervision of Dr. R. D. Georfie, state geologist of Colorado, Mrs. Fuqua has under construction an outdoor plunge bath 40 feet long and an underground spa, comprised of soap tanks, showers and massage tables all to be supplied thru lead pipes, with water from the Horstene spring which comes from the ground, winter and summer with a temperature of 184 degrees F.

This new enterprise of Mrs. Fuqua will meet with the approval of many who long have known and appreciated the beneficial effects, on rheumatic diseases, derived by bathing in this water under proper facilities and conditions.

Others besides us probably have noticed that the weather bureau is never so accurate as when it is forecasting disagreeable weather. — Springfield Union.

complimented Salida on her "air-minded" people who were doing things.

At the close of Mr. Ewing's talk, Post Commander Frank Wareham, presented him with one of the last rocks taken from the airport, which was beautifully gilded and inscribed. Mr. Ewing in turn presented the post with another rock from the field to be kept until such a time when an arch could be constructed at the entrance of the field, the stone to be placed in the center of the arch in commemoration of the day.

Chairman Davenport next introduced Lieutenant Governor Corlett, who expressed himself honored in being asked to assist in the dedication of the Salida airport. He stated that the people of Salida were not taking the matter of providing a landing field too seriously. The dedication of the airport was perhaps the third great celebration held here. First the stage coach; second the coming of the railroad and third the providing of a landing field. He also complimented the American Legion and citizens of Salida on their airport.

Lieutenant Emmet O'Connor who flew his army plane from California, to assist in the dedication and visit his parents, Mr. and Mrs. Jerry O'Connor, his brothers, Eugene and John and his sister, Mrs. Carl Peterson of Browns Canon, was the last speaker. He complimented Salida on the size and location of the field and remarked that he would have used a landing field here a good deal in the past had there been one.

Mr. O'Connor has won fame in aeronautics and his visit to Salida carried more significance than just merely his part in the program.

He graduated from Salida high school in '16 and has scores of friends who welcomed his visit and were the more thrilled at the series of stunts he put his plane through during the celebration.

## NEWLYWEDS BACK FROM HONEYMOON

Mr. and Mrs. Alton Hubert returned Tuesday morning from their honeymoon at Kansas City and Colorado Springs. Mrs. Hubert was formerly Miss Ruth Chestain of Manhattan, Kansas. Miss Chestain graduated from the college there this spring and Alton Hubert attended school there for two years.

The young couple were married in the bride's home in Manhattan at 11 a. m., the 25th of June. Mr. Hubert's mother was with him for the ceremony.

Mr. Hubert is the brother of Mrs. Horace Frantz and a member of the Beta Theta Pi fraternity. Mr. and Mrs. Hubert will make their home in Salida and he will continue with his position at the Frantzhurst Rainbow Trout Co.

The Record joins with the score of friends of the young couple in wishing them every happiness and success together.

Miss Catherine Cullinan will return to Denver Sunday evening after a few days visit at the home of her parents, Mr. and Mrs. Jas. Cullinan, Catherine is a student at Barnes Commercial college.

Phone us your party or local news.

many years.

Under the appropriation of the 27th general assembly these residents are to raise a \$1,000 to \$10,000 fund while the state appropriates a like amount for a survey of all water resources in this valley.

The new survey will seek to determine where new reservoirs can be built, where greater water supply may be obtained and to select power plant sites. Recommendations may result also for changing the courses of irrigation ditches to make greater water economies.

"Our valley has not been as hard hit by the water shortage this year as many localities," Senator Ryan said. "The total supply is slightly below normal, but by conservation and careful observance of each other's water rights, all of us have been able to get an adequate share for irrigation."

## Funeral Services for George Jeep Held Yesterday at 2:00

Funeral services for George Jeep, who died at a local hospital July 9, were held Thursday afternoon at 2 o'clock from the Stewart chapel.

Mr. Jeep, son of Mr. and Mrs. Fred Jeep of Salida, was born February 11, 1881 and was 48 years of age at the time of his death. He was employed at the Rawley Mine at Bonanza.

Mr. Jeep leaves to mourn his death two sisters: Mrs. Cole of Center and Mrs. Mamie Morrison of Salida, and his mother, Mrs. Fred Jeep as well as a host of friends.

## Legion to Build Hangar at Airport

At a meeting of the executive committee of the American Legion Wednesday night it was tentatively agreed to build a two place hangar at the airport here.

Space in the hangar will be rented to the Y. & R. Garage for their Eaglerock plane.

Inasmuch as flying is coming into its own and airports are being built in every progressive city with large hangars, we are glad to see the Legion planning to add to the many merits of our own airport with a hangar. This will be a drawing card for the field in affording protection to planes stopping at the field for a time and offering a suitable place for any planes bought by local people.

Salida's Legion deserves a great deal of credit for the successful manner in which they put across the Air Circus; clearing enough to cover their expenses and partially pay for a new hangar.

Luck is where two good jobs are offered you at the same time.—Los Angeles Times.

Magistrate Garvin at La Junta and were remitted with a provision that they should post a \$50 bond. This they did by digging up \$40 in money and the balance in checks which they had collected from La Junta merchants. Each paid costs amounting to \$9.50.

## QUEER MALADY FOUND TO BE TAKING LIVES

### 6 DIE OF MYSTERIOUS DISEASE IN LUMBER CAMP IN GRAHAM MOUNTAINS

Safford, Arizona, July 11—Deaths of two more persons, making a total of six, from a mysterious malady were reported last night from a small lumber camp in the Graham mountains, 35 miles from Safford.

The latest victims were William Evans, 45, and an 11-year-old boy named Powell Evans, four-year-old daughter died earlier in the day while three boys succumbed previously.

John Green, 16, Grover Sieblod, 16, and Ralph Kelly, 11, were the first victims of the unsolved illness, the nature of which has baffled every physician available here and in the Graham Mountain section.

## Crops Endangered At Buena Vista By Continued Drouth

There has been no precipitation of consequence on the cultivated areas in the Buena Vista section since the middle of May, and all crops where water for irrigation is limited, are suffering from the long continued drouth. Some good rains have occurred in the mountain areas that have helped to keep the creeks up to a somewhat greater volume than is usual at this time of the year, affording a good supply for those who can get it or are entitled to it.

It clouds up every afternoon threatening rain but the winds blow away the clouds and the Buena Vista section gets none, the rains are reported all around there.

## Highway In Worst Condition In Years

The state highway between Salida's city limits and Brown's canyon is rutty, full of holes and said to be in the worst condition in many years.

This highway is used by many hundreds of travelers each day. A little work upon this road would make it fit for travel.

"Contentment," said Hi Ho, the sage of Chinatown, "is usually experienced by those who are too indolent of mind to face their troubles.—Washington Star.

stealing an automobile, will be tried at 9 a.m., July 15.

A civil suit and a petition in water rights will be heard July 17.

After ordering a venire of 30 to

serve as jurymen, court adjourned until Monday at 9 a.m.

Round-Up Lodge Boys Plan Trip to Gunnison

Dr. Marquard and his boys from Round Up lodge are planning a trip to Gunnison, where they will attend the Cattlemen's Day celebration.

These young Easterners are very enthusiastic over Western Rodeos and plan to attend as many as possible.

They will drive over in their three Packards and one other car and a large truck. They are getting just what they came after—a coat of tan, an idea of the West, life in the outdoors and incidentally a might good time.

## Trash Pile Back of Public Service Burns

Friday, July 5th, the firemen were called when the trash pile behind the power plane started blazing. The flames were perilously near the cans of gas in the rear of the plant and so the fire department was called to put it out before it caught some building or the gas on fire.

### HOSPITAL NOTES

Master Donald Hall of Moffat is receiving treatment at the Red Cross hospital.

Master Curtis Rougton of Monte Vista is in the Red Cross suffering from a fractured leg.

Emily Scova underwent an operation yesterday at the Red Cross hospital.

Neil Christison of Canon City is receiving treatment for a bullet wound in his arm.

### NEIGHBORLY SPIRIT SHOWN

Greeley—Fifty farmers, their wives and children, neighbors of two men who were killed by lightning two weeks ago on their ranch near Osgood northeast of here, turned out last week to complete planting the large farm which had only been partly planted. Thus the burden left on a wife, three daughters and a bride of less than a month was lifted by a practical demonstration of neighborly kindness and community cooperation.

### TRAIT OF THE INDOLENT

"Contentment," said Hi Ho, the sage of Chinatown, "is usually experienced by those who are too indolent of mind to face their troubles.—Washington Star.

Saturday morning at St. Joseph's church. In the absence of Father M. Boyle, the services will be conducted by Father Harvey, C. M., acting pastor. The Altar society will have rosary services at the O'Connell home at 8 o'clock this evening. The body was taken from the Traver's parlors to the family home this morning.

Interment will be in Fairview.

refunds have probably passed their peak and there is no sign of a slackening of prosperity and a consequent drop in tax receipts.—New York Herald-Tribune.

## APPROACH TO BRIDGE FROM SOUTH BEGUN

### ROAD ON SOUTH SIDE OF GORGE TO SITE OF SUSPENSION BRIDGE COMPLETED

George E. Cole, contractor who is erecting the auto suspension bridge at the top of the Royal Gorge for Lon P. Piper, promoter, moved a gang of workmen to the south side of the chasm today to begin the approaches to the structure from that side.

The road from Parkdale to the site of the bridge, along the south side of the Arkansas river, was completed today so that trucks can haul supplies to Cole's gang.

The road also is open to the public but is badly cut up by the heavy trucks and may be closed when the usual blasting and work for the bridge begins.

No surface will be put on the way until after the trucks have completed the hauling of supplies.

"The bridge will be open for travel by December 1st," Mr. Piper stated.

On the north side of the gorge the concrete base for one of the two towers has been completed and the other one was started yesterday.

The bridge will have two steel towers on each end from which to hang the cables.

Altho it has not definitely been announced which way the autos will be permitted to cross the bridge, it is expected from north to south because a grade on the south side adjacent to the bridge could not be eliminated.

"It will be safer to drive off the bridge up the grade than down the grade onto the structure," those in charge of the construction stated.

The bridge will be exactly 884 feet in length and by adding in the approaches, the structure will be 1,500 feet long.

### HIGH WIND AT BUENA VISTA LAST FRIDAY

A wind of unusual violence for this section came down from the north about 8 o'clock Friday evening, blowing down six telephone and light poles at the reformatory in Buena Vista, putting the institution in darkness and without telephone service for the night. Beyond the breaking off of numerous tree limbs and scattering the debris over lawns and sidewalks, no damage was done in towns.

culminate in a great Edison to be held in Dearborn, Mich., next October.

The commemorative stamp is of regular size, printed in red, with a picture of the original lamp giving off rays of light, above which are the words: "Edisons' first lamp." In the corners appear the dates 1879 and 1929.

When one observes the almost universal use of the incandescent light and other electric appliances which Edison's genius has given to the world, it is difficult to realize that all these modern miracles have been wrought within fifty years, and that the man who made them possible is still living to receive the plaudits of his fellow citizens who enjoy these priceless gifts.

Perhaps no man ever lived to witness the fruition of his labors to such an extent as has Thomas Alva Edison.

## Matilda Group of Mine Claims to Resume Work

Final arrangements have just been completed for the financing and operating of the Matilda Group of Mining Claims in the St. Elmo district.

These claims were discovered by P. W. Stovell and worked by him during the past winter. The property has been leased by a Denver Syndicate for five years—under a lease and bond.

Optional purchase price has been set by the engineer at \$50,000.00.

O. S. Arthur of Denver will be consulting mining engineer for the company. Harry Robinson, who will be remembered as the attorney for the Mary Murphy Mining Co., will be legal advisor for the company and P. W. Stovall will be in charge of operations.

All necessary papers were signed July 8, 1929 and work will begin under the lease within thirty days.

\* \* \* \* \* THE SMALL DOLLAR BILL \* \* \* \* \*

# Fishing in the Gunnison Rivers reported Good Now

fishing on the Gunnison is exceptionally good at this time. According to fishermen camped here is a good flow of water and the trout are raising

hundreds of people camp along the stream from Almont to the Black Canyon, whom are from distant states them complain about the others more skillful with reel, are perfectly satisfied.

All of the camps and resorts on Gunnison river have their share of visitors this year. All it can take care of and the other fishing resorts are in condition. Iola has been session of by Texas people most of the property in the neighborhood. Many tourists coming into the Gunnison this year from the south by way of La Veta pass and Lake of those from Denver and Springs go by the way of Durango and Buena Vista.

## Couple Marry at Canon Thursday

wedding was solemnized at the Rev. Ira W. Kingsley. City at 11 o'clock last morning when Miss Mary became the bride of Carl of Salida. The witnesses to the marriage were Mrs. Harriet J. Fine and Miss Eva P. Bass. Both are employed as a matron on the Rio Grande railroad. After the couple made their home here.

## Annie Mine Near Salida Finds Fine Ore

Following months of work on the Little Annie mine in the mountains, Judge J. C. Wiley Pickens seems assured of a gold, since the famous ore at the level of the old French 0 feet below the old workings has been opened up again, it has been unopened. Engineers in charge have been working on the ore in the new vein some time, and the mineral vein uncovered can be worked, it was said. The values of the Annie seem deep seated, extending to the Golden Cycle Colorado Springs may be expected soon, according to reports.

## Cloudburst in Vicinity of Coaldale

the effect that the Coaldale in the valley experienced one such cloudburst Friday afternoon that had been known to be destroyed, bridges washed away. Practically all of the valley was covered with result of the downpour. The loss was particularly heavy, extending from Texas Creek but was only minor at Sa-

## General in Area Southeast Colorado

July 18—General rain was from most of Southeast Colorado Wednesday night, the showerer north and east of Leadville. The community experienced beginning about 8:30 p.m. and continuing until about little winds and no hail. The minimum of damage was experienced in wheat fields which are prepared for threshing.

Mrs. D. H. Kickel spent Nathrop visiting with the family.

to his wife for two months for the support of their three minor children. He was given a definite time in which to clear himself on the contempt charge or serve a sentence. The court further declared that the alimony from hence on should be paid through the district court and that it would be cut twenty-five dollars.

## Portes Gil Begins Government Men's Temperance Drive

Mexico City, July 23—Government employees addicted to liquor will be discharged and applicants for positions will have to prove that they are not drinkers, if a campaign initiated by the National Anti-Alcohol committee created by President Gil is successful.

Several government departments already have offered to co-operate in the committee's campaign and pressure is being brought on others.

## Roads Near Salida In Good Condition Following Rains

Roads near Salida in Chaffee and Fremont counties, are reported in good condition in spite of the heavy rains and floods that have been playing havoc to the highways during the past few days, the substance of the roads is improved by the rains.

The roads near Howard that were washed last week by severe storms have been repaired and are in good traveling condition.

Last night heavy storms struck the South Park county and near Buena Vista, at trout creek the road was washed until it will be detoured for several weeks. The detour will be over the old Midland railroad that has been improved recently. At Nathrop a washout was reported to have done considerable damage to the highway but tourists were able to make Salida last night following the storms. Nearly all roads are possible.

## Farmers of State Spend Much for Irrigation

According to figures just recently given out by the state engineer, Colorado farmers are spending nearly as much on irrigation ditches, reservoirs and canals each year as the state is spending on entire highway system.

The water expense is about \$4,000,000 as compared with the highway budget of \$5,000,000,000 for the year. The farmers are spending a little more than a dollar an acre on more than 3,600,000 acres of irrigated land.

Colorado is next to California in irrigated acreage, and has 28,000 miles of irrigation ditches and canals.

In discussing the water situation over the state, Hinderlider said "the western slope is handicapped just now in preventing escape of water because the Colorado river there runs in many places through deep canons, inaccessible for ordinary ditches."

"The Arkansas, Rio Grande and Colorado rivers surveys," he said, "will be undertaken when the farmers raise their proportionate amount of the \$100,000 general fund required."

## FARM BOARD MAKING PLANS

Washington, July 18—Reduction of marketing costs of agricultural products is the aim of the federal farm board, members announced today.

This they think will be a means of boosting returns for the farmer and holding the consumer prices down.

Plans for organizing farmers on a nation wide scale to increase marketing facilities, were announced.

The board gave no hint of the probable disposition of half a billion fund available.

Mr. and Mrs. H. H. Warrener and family of San Diego, California, will arrive in Salida in a few days to visit with Judge and Mrs. Max Dickman. Mrs. Warrener is a daughter of Mrs. Max Dickman.

Casper Monahan of Denver, formerly of Salida, who is on the Denver News Staff is spending a short time in Salida with friends and relatives.

Mr. and Mrs. Francis Hearison and baby of Caldwell, Kansas and A. Fugate of Oklahoma were dismissed from a local hospital where they received treatment following the accident.

The body of Mrs. Fugate was recovered from the river by means of a rope that was tied about her body by Mr. Cannon and Mr. Malone.

## Hundred Thousand Loss Sustained In Aspen Mine Blaze

Aspen, July 23—The new flotation mill of the Hope Mining company here was destroyed by fire last night with a loss of \$100,000.

A "short" in a power wire is believed to have started the fire. The fire occurred on the first day of operation of the new mill, which was expected to aid greatly in developing mining in this district.

## Livestock Growers Vote Tax to Raise Advertising Funds

Gunnison, Colorado, July 18—More than 100 members of the Colorado Stock Growers' association met here today at the annual meeting of the association and passed two resolutions, among others, hailed as of greatest importance to the organization.

A resolution to change the name of the association to "The Colorado Stock Growers' and Feeders' Association," thereby taking in the feeders throughout the state, was passed, and a committee appointed to represent both the growers and the feeders in the incorporation of the new association.

A resolution to place a five cent tax on each head of cattle shipped by growers, the sum collected by the tax to be used for advertising purposes, was passed. It was said that the state organization was the first to pass such a resolution. The tax would amount to some \$30,000 in this state. One-quarter of the proceeds would go to the association, to be used by that organization for national advertising.

## PILOT CARR OF Y & R AIRWAY FLIES ABOVE CLOUDS DURING STORM

### EAGLEROCK FLIES OVER STORM ABOVE SALIDA AND CIRCLES TOWN TO FIND FIELD

Dr. C. Rex Fuller and Clark Carr, pilot, left early Sunday morning in an Eaglerock plane belonging to the Y. & R. Airway, for Mineral Hot Springs, where they made numerous short passenger flights. Thirty or more passengers were taken up during the day by Pilot Carr.

The landing field at Mineral Hot Springs is good as the country near there is very flat.

This morning at eight o'clock Carr and R. D. Young left Salida in the Eaglerock for a trip into the San Luis valley. They were to land at Monte Vista, Alamosa and several minor points in the valley to examine the landing fields and general lay of the country.

Enroute home Sunday from Mineral Hot Springs Mrs. C. Rex Fuller rode with Pilot Carr and they left the Mineral Hot Springs field in a heavy rain storm. They had considerable trouble between the Springs and Salida and were above the clouds when they arrived here. They could not see Salida and were forced to circle many times around Salida before they could see the landing field.

Casper Monahan of Denver, formerly of Salida, who is on the Denver News Staff is spending a short time in Salida with friends and relatives.

Like the London cabby who spent his day riding with another cabby, I'm going to spend my leisure time traveling," Bratton said.

## Chaffee County Highways Are in Very Good Shape

County roads in Chaffee county are smooth and free from ruts, whereas the state highways and national highways are quite badly corduroyed and rough. The highways are being worked on however.

In some places the surfacing on the highways has been blown off the road bed or has disappeared until in places rocks form the roadway surfacing.

## Convention of Wool Growers Assn. To Be held in Monte 29th

Members of the valley Wool Grower association held a meeting Saturday night in the office of the Colorado Valley Land company at Monte Vista, to make plans for the State Wool Growers' convention, which is to be held in Monte Vista July 29 and 30. Besides Monte Vista men, Robert Sellers from Alamosa and Eli Erickson, secretary of the valley growers, attended the meeting.

The convention will open the night of July 29 with a banquet and on July 30 there will be a one-day business session at the armory. The Boys band will furnish music for the special programs during the convention.

A number of able speakers have been asked to give talks at the convention, including Governor W. H. Adams, Mr. Hartzell of Chicago, head of the National More Lamb campaign, who will give a lamb-cutting demonstration; F. J. Hagenbarth of Salt Lake City, Utah, president of the National Wool Growers' association; J. S. Pyatt, president of the D. & R. G. W. railroad; District Forester Peck of Denver, and Leo S. Laythe of the U. S. Biological Survey department of Colorado, Wyoming and New Mexico, and W. C. Osborn, president of the state association. R. E. Sellers, first vice-president, will preside.

Reports on the subject of transportation, wool and lamb marketing, forest and grazing and predatory animal control will be given at the convention by the committee on these subjects.

## Many Visitors at the State Prison in Canon

A total of 166,588 persons have purchased tickets to go through the penitentiary since a record of such visitations began 40 years ago, prison officials said. The record shows that 2,960 persons have paid an admission fee to enter the prison since November 17, 1928.

Last week the registration showed 642 and it is thought that this number will be somewhat larger this week.

It is expected that the total during the month of August will approximate 4,000. Visitors to the number of 100 a day have been accommodated since the first of July.

## Night Shift Working At Carlton Tunnel

For a time night travel through the Carlton, (Bush-Ivanhoe,) tunnel near Leadville, will be suspended between the hours of eight in the evening and five in the morning, to give workmen a chance to make some necessary repairs to the timbering.

Motor travel through the tunnel is so great and continuous that some expedient had to be adopted in order that these repairs could be made.

Mrs. Anna Carlson of Westminster, California, who has been visiting for several days in Salida with her son and daughter, Mr. and Mrs. C. F. Carlson left Friday night for Denver where she will visit with her sister, Mrs. M. Holmes. Before returning to her home Mrs. Carlson will again visit the C. F. Carlson family in Salida.

tion of the grand officers of the state.

The ladies of the Knights were entertained by the Canon City ladies while the men were in their asylum.

Prior to the parade a trip over the Sylene drive was enjoyed by the ladies and following the trip a barbecue supper was served in the park.

The Salida visitors at Canon City were: Mr. and Mrs. George Montgomery, Mr. and Mrs. W. L. Shively, Mr. and Mrs. Seelinger and many other knights.

## Matilda Claims Are To Be Worked

P. W. Stoval has organized a company of Denver men to work the Matilda group of mining claims near St. Elmo. This will be the first mining of consequence to be done in that district for several years and we hope the beginning of a real revival in mining in this section.

## Same Dry Conditions as In 1928, Records Show

Up to a few years ago in the lower Arkansas valley if fall let the crops alone until July 15, it was considered that the danger was practically over.

For the past few years, however, July 15 has been no barrier to more fall and the destructive storm in the Rocky Ford district on August 31 a few years ago set a record for late fall of a damaging nature. Many are saying that this period of continued heat is remarkable, and while two weeks of such hot weather as we have had experienced this month is not the rule, records show that we have had the same thing several times in the past 20 years and last July we had practically the same period of hot, dry weather.

## Baby Girl Born Without Top Skull Continues to Live

Pueblo, Colorado, July 18—Medical authorities here today nursed a spark of life in the body of a baby girl born without the top of her skull. They were admittedly astounded at the ability of the infant to live.

When the baby was born to normal healthy American parents, physicians believed the infant dead and ordered the body to a local morgue. For 15 hours the body lay there without care, until Dr. W. E. Buck, of the department of health, detected life in the child. He removed the body to a hospital, where physician gave the child a bare chance to live.

## We Wonder If You Can Beat This One As a Genuine Fish Story

While fishermen have a reputation for occasionally stretching the truth when it comes to stories concerning their favorite piscatorial sport, editors are known for their absolute veracity. However, when a man is both an editor and a fisherman and tells a story such as the following, we can only repeat it as given and let every reader make his own deductions.

H. U. Hartzell is editor and publisher of the Courier at Orangeville, Ill. Last week Mr. Hartzell turned the key of his shop over to the "devil" and with his wife and family drove to Lake Waubesa, Wisconsin, to enjoy a few weeks' outing and fishing. In a letter to the editor of the paper Mr. Hartzell writes:

"Two years ago we accidentally dropped a five dollar gold piece into the lake and the first fish we caught this year had the coin in his stomach. Suppose some sorehead will wonder where an editor got a five dollar gold piece."—Florence Daily Citizen.

Miss Teresa Ryan and Miss Mabel Ryan of New York returned Monday from Denver where they spent the week-end. They were delayed on their way home due to severe rains in South Park.

cloudburst.

While no loss of life or injury was reported, many persons in the north end of the town were forced to abandon their homes, a lumber yard was completely wrecked and the Denver & Rio Grande railroad station was temporarily abandoned.

Pueblo Resident Dies In Hospital at Salida

Fred H. Giersberg, 52 years, died Saturday at a local hospital. Giersberg, a member of the Brotherhood of Locomotive Engineers, division No. 29, was employed for the past 30 years on the Denver and Rio Grande Western railroad.

He was shipped from Salida by the Travers Furniture Company.

He is survived by his widow, Mrs. Della Giersberg, of the family home, 716 S. Union Ave., Pueblo, three step-children, E. Karaker and Mrs. J. A. Fudie, both of Pueblo, and Mrs. Ted Gager, of Detroit, Mich.; four sisters, Miss Eva and Miss Christine Giersberg, both of Denver, and Mrs. Mary Klaus and Mrs. Gertrude Karol, both of St. Joseph, Mo., and two brothers, Peter Giersberg, of St. Louis, Mo., and Godfrey Giersberg, of Kansas City. Funeral arrangements will be made by the George F. McCarthy Funeral home at Pueblo.

Canon Folks See Wild Animals On New Gorge Road

Canon City—Mr. and Mrs. H. A. Turner and sons, John and Larry, accompanied by their guests, Mr. and Mrs. Jack Armons of Denver, enjoyed the south side trip to the top of the Royal Gorge Sunday.

The party saw a most unusual sight of nine deer. In one bunch were four bucks and two does. In another were two bucks of which Mr. Turner was able to procure a picture with his camera. Still farther on a small fawn was seen. Perhaps the most thrilling experience of the day was when a mountain lion was glimpsed for just a moment by the party.

According to Mr. Turner, the view procured from the new road far surpasses that of the road on the north side of the Gorge. He further states that it will be one of the wonders of this section, due to its beautiful scenery. The road is very wide and the grades are easy, making the trip one of the utmost pleasure.

Strange Species of Fish Are Found

Florence—A fish weighing perhaps a pound and a quarter, resembling a small-mouth bass in many respects, but differing from it in the fact that it was without scales, was taken from an irrigation ditch by Ernest Sell in the Sell's Island neighborhood, Canon City, last week. Mr. Sell was undecided as to the variety of the fish alluded to, although convinced that it was some kind of a bass, a family of many differentiations, and gave it to J. H. Putney to have its particular species defined. The latter is an authority on trout, but makes no claim to be an expert in relation to the rest of the finny tribe. While the preponderance of opinion among anglers is that it is a small-mouth bass, others do not concur in this deduction. J. A. Dickerson, prominently identified with the Fremont County Game & Fish Protective association, says it is a mountain herring, a semi-game fish, common in the streams of Utah and Idaho.

Salida Is Advertised In Denver News Motor And Radio Section

Several large scenic pictures of Salida and places near here were on the front page of the Motor and Radio section of the Denver News Sunday, July 28th.

Through the courtesy of the Salida Chamber of Commerce this was arranged.

In connection with the pictures a story of the early history of Salida appeared and was written by a Salida resident.

Mrs. C. E. Thompson of Pueblo is spending a few days in Salida visiting with her sister, Mrs. Asa Pledger.

Mrs. George Veo of Minturn is spending a few days in Salida visiting with her sister and daughter.

Large loading docks are maintained at Baxter, Boone and elsewhere in the region.

Large eastern marketing concerns are reported to be very optimistic over the outlook in this locality, and many are said to be making efforts to establish themselves in the district on a permanent basis. An outstanding example of this was the recent acquisition of 2,800 acres near Boone by the S. A. Gerrard company.

Fremont County Couple Have Narrow Escape

Two Fremont county people, Mr. and Mrs. Roy Howe, of Table mountain, narrowly escaped serious injury about 3 o'clock Friday afternoon when their car was struck by east-bound D. & R. G. W. passenger train No. 2 at the highway crossing on east Main street, Canon City, near the Abbey. Although the front end of the car was struck directly by the train, the damage will amount to about \$100, according to garage mechanics. Mr. and Mrs. Howe escaped without injury. Howe was driving to his home between Turkey creek and Penrose. He saw the train coming and put on his brakes. The car came to a standstill with the front end on the railroad tracks. Before Howe could back off the engine died, and the train was upon them. The engine struck the left front wheel of the car, pushing it off the track without upsetting it. The train had whistled for the crossing and was traveling at a slow speed. The front end of the car was badly damaged. The left wheel and fender were smashed, the axle bent and headlights broken.

Air Mail Bulletin Comments

On Salida Air Port

And Future Air Route

The following article was taken from the Air Mail Bulletin under date of July 24, 1929.

"Postoffice and city officials of Salida, Colorado, are going after air mail, hoping to build up a poundage that will provide substantial backing for their arguments urging an air mail route through that town.

"In its quest for a place in the aerial spotlight, Salida officially dedicated its splendid new air port July 3 and 4. This is said to be the highest air port in the world, the elevation of the landing field being approximately 8,000 feet above sea level.

"An important part of the dedication ceremonies was the initial shipment of air mail from Salida. The community of 5,500 inhabitants sent sixty pounds of air mail to Colorado Springs where it was mailed, to be picked up by an air mail plane of Western Air Express. Officials and citizens of Salida are to be congratulated on their airmindedness and foresight."

The air mail was taken by plane from Salida to Colorado Springs.

Bode Twins Join B. of L. E. In The East

In the July edition of the Locomotive Engineers Journal an article appears stating that Frank and Fred Bode, the twin sons of C. F. Bode, all formerly of Salida, have been initiated into the same chapter of the B. of L. E. as their father belongs to in Detroit, Michigan.

The boys have followed in Mr. Bode's footsteps in becoming engineers.

The article says in part: "Brother C. F. Bode was transferred to our division from Division 199, located at Salida on October 30, 1928. He is an old engineer off the D. & R. G. W., having run a locomotive in the 2nd and 3rd divisions west of Salida. We feel sure that he must have been held in high esteem by the men with whom he worked for he surely has endeared himself to the members of Division 1 with his kind disposition. It is a pleasure to have him and his two sons in Division 1."

Fisher Boy Is Released From the "Cooler"

Louis Fisher, a member of the Fred G. Brunks troupe of comedians who played in Salida this spring, was released from the Fremont county jail at Canon City Saturday.

He served a 30-day sentence for stealing a bicycle from a Canon boy and taking it to Salida with him.

Fisher has not lost his position with the troupe and joined the show at Montrose.

Give our reporter your party.

It was stated, as to what their occupations would be at Buena Vista and expressed the wish that they be allowed to "work out in the open" rather than be placed in confinement.

Merton has twice before been in juvenile court, once for the alleged passing of a number of checks, it was said. The second time, some six years ago, he was charged with stealing hay for a donkey he owned, according to information from the district attorney's office. He was recently fined for the theft of red lanterns from street construction jobs, according to police.

Man Re-Arrested at Prison Gates Recently

Arthur P. Anderson, of Littleton, Colo., who was paroled from the state prison Wednesday, was arrested at the penitentiary gate and taken to the Arapahoe county jail where he is being held on a writ of no exact issue by the late County Judge George W. Dunn more than a year ago. Anderson was paroled after serving a sentence of 11 months for his failure to support a minor child. The charges were preferred by his estranged wife, Mrs. Herbie A. Anderson. The writ on which Anderson was arrested Wednesday provides that he lost a bond of \$1,000 to prevent him from leaving the custody of the court.

Man Injured at Gunnison Brok to Salida for Treatment

A. Litvin, who is a patient at a local hospital, blanket concession operator at Gunnison during Cattlemen's Days, had his left facial bone fractured Thursday night at about midnight, when he was hit by an auto driven by Joe Reed of Gunnison.

Mr. Litvin, who is deaf and crippled so that he goes about on crutches, was jay-walking and neither saw nor heard the car approaching. Joe Reed failed to see the man come in front of the machine, and while Litvin was not run over, the impact of the collision caused the fracture of the facial bone.

He was taken to Dr. J. P. McDonough's office and was later sent to the nose and throat specialist at a Salida hospital.

Salida Delegates Return Monday From Institute

Local delegates from the Epworth League of the First Methodist church returned from the institute at Grand Mesa Monday night. They have been there for the past week.

Every day had a full and enjoyable program, consisting of Bible classes as well as pleasure. This is an annual event, and this is the first year Salida folks have attended in any number.

Bible study at the institute was under the leadership of Rev. A. E. Tuck of Salida.

The Salida group attending were Rev. and Mrs. Tuck, Mrs. Roy K. Young, Blanche Ollie Young, Marvel Stanley, Phyllis Potter, Edith Wood, Thelma Nease, Alda Read, Helen Read and Naomi Wilson.

Hermit Rancher Slain In Underground Home

Craig, July 29.—The body of Seymour Burton, eccentric and reputed wealthy rancher, was found yesterday in a shallow grave near his underground ranch home with a bullet in the brain, it was learned here today.

Burton, a recluse, was known as "Ground Hog Burton," because his home consisted of tunnels 100 yards or more in length.

Despite the fact that he was more or less a hermit, he was on friendly terms with his neighbors, though he had no intimates.

Police are searching for Raymond Gray, a former neighbor of the slain man, who, two years ago, shot and seriously wounded the hermit rancher.

Gray at the time said he shot Burton, mistaking him for a coyote. Gray was not prosecuted and left this vicinity shortly afterward.

He returned a few weeks ago in company with another man and a woman, whose names are not known here. He is known to have pawned a rifle to Burton within the last month,

and the rifle, together with a second rifle were the only things missing from Burton's property, when the body was discovered.

T. P. Ogg, Salida railroader, registered as the eighteenth angler to win a free subscription this year when he landed a three and one half pound Rainbow from the Tomichi near Steele siding. Mr. Ogg's catch and the thrill he had in fighting big Rainbow were great and he shipped the trout to W. McPherson of Salida as a gift.

Girl Injured When Pony Becomes Frightened and Throws Her to Highway

Josephine Charbonnier of Mayesville received painful bruises and lacerations Friday afternoon when she was thrown from the pony she was riding to the highway, just east of Maysville near her home.

Miss Charbonnier was brought to a local hospital where the wounds on her right arm and leg were dressed.

Her arm was badly bruised, cut and sprained and her knee was also bruised and cut.

Miss Charbonnier received a severe scalp laceration that rendered her unconscious when she was thrown from the horse.

Every afternoon Miss Charbonnier in company with three other girls had been riding and it was when the pony became frightened that it threw her and ran away.

Miss Charbonnier is recovering rapidly from the accident.

Springs Patrolman Rises to Esteemed Authority on Law

Colorado Springs—Twenty-six years ago a young patrolman walked out of the Colorado Springs police station to patrol his beat. Today that patrolman has risen to one of the most esteemed law authority positions in the country.

He is Chief Hugh D. Harper, nationally known, having many friends and acquaintances in Salida; criminal tracker extraordinary, who has put the code of the Northwest Mounted Police into actuality. He always gets "his man."

After serving two years as a patrolman, Harper was assigned to detective duty and since then his rise thru the ranks has been noteworthy.

In 1915 Harper was appointed night captain and in 1917 he was made chief of police, the office he has held since.

Shortly after he became chief, Harper gained nationwide publicity when he cleaned out the famous Dale Jones gang of outlaws.

In 12 years Colorado Springs has escaped the scourge of bank bandits and hardened criminals avoid the city, namely because of Harper's reputation for enforcing the law.

The Manitou bank robbery, while outside the city, was handled by Chief Harper and cleared up after months of tenacious work on the part of Harper and his aids. Three men were sent to prison for this "job."

The robbery of the First National bank at Lamar, Colo., in which four men were killed attracted the attention of Harper and although the scene of the robbery is way outside of Harper's jurisdiction, the chief took charge of the case. In a little more than a year, Harper has trailed the gang of five which he is certain engineered the holdup and murderers. One member of the gang was killed in another robbery and the four others are awaiting trial.

Harper was born in Crawford county, Illinois, October 3, 1876. Harper came to Colorado Springs in 1898.

War On Predatory Animals Is Waged

A total of 2,175 coyotes, 193 bobcats,

31 bears and one mountain lion were killed by the bureau of biological survey and the state board of agriculture during the fiscal year ending June,

according to a report received Tuesday by H. E. French, supervisor of the San Isabel national forest. In addition, co-operators turned in 36 bobcats and

896 coyotes. In the campaign against rodents, 750,000 jackrabbits were killed and the skins marketed. Forty-two

counties co-operated in the rodent campaigns, resulting in an estimated saving of \$538,540 to crops and range.

A total of 3,492 persons took part in the campaign against rodents using

101,735 pounds of poisoned grain and

treatments 498,510 acres. During June, a total of 63,360 acres were treated. These

day principally in Archuleta, Conejos, Mineral, Rio Grande and Saguache counties.

side over the to Howard where he secured the help of Ray Evans and Russell Howard, who assisted in taking the body out of the river and placing it on the bank. Altho the clothing was still on the body the body itself was badly decomposed.

Mr. Winters was one of an organized body of Odd Fellows and volunteers from Canon City, Howard, Wellsville, Salida and Florence that went out Sunday morning, under the direction of Charles Spear, to search for the bodies of Mr. Fugate and his infant daughter. The body of the child was not found and is believed to have gone on down the river. The body of Mrs. Fugate was found the day following the tragedy at Fieldspar, 20 miles from where the accident happened, that of Mr. Fugate about eight miles from where he had been carried into the stream by the flood.

The body of Mr. Fugate was taken to the Wilson mortuary at Canon City where it was prepared for burial, the

## BUENA VISTA PLANS HANGAR FOR AIRPORT

The Air Port is most ideally located on 360 acres, a mile and a half south west of here, on the Main road to Mt. Princeton Hot Springs. Due to the assistance given us by Warden Shaw of the Reform School. All of last week was spent in improving the landing field. All run ways were improved at least 65 per cent, by considerable lengthening and widening, which puts them in first class condition. There are four runways, which makes it possible to land or take off in eight different directions. One runway being 3000 ft. one 2700 ft., one 2500 ft. and the other 2009 ft. all being 150 ft. wide. By next spring the 2700 ft. runway will be extended to 5300 ft. and the 2000 ft. runway to 3800 and all runways will be widened. The wind vane is located on the North side of the field. We hope to erect a hangar in site of another year that will take care of at least two ships.

There has been several Airplanes land on the field and all speak very highly of it, especially Mr. Carr, the pilot for the Y & R Airways of Salida and Mr. Kane who is piloting the big Stinson-Detroiter 6 passenger Cabin Monoplane for Mr. L. R. Nafziger of St. Louis. Mr. Kane said the field was one of the best he had been on, and positive it was the highest in the world. Mr. Nafziger is one of the owners of the Antero Hotel, expects to be here for at least another month, and will fly to Colorado Springs two or three times a week.

Plans are now under way to get at least three Airplanes here for Lettuce day celebration. They will carry passengers, and hope to have an airplane race as one of the main features.

## Lass O'Lodge, Girls' Camp at Hortense, Make Many Trips

The girls of the Lass O'Lodge have just returned from Gunnison where they witnessed a real western rodeo. They have visited several mines, among them the Buddy mine on Chalk Creek, the Gem mines near Salida and the Aqua marine mines near here.

The girls of the Lass O'Lodge have taken four horse-back trips during the week; one motor trip and spend Sunday and one other day in the Lodge.

They expect to take a trip to Pikes Peak in about two weeks. A seven day siwash is planned for the last two weeks in August.

### HARVARD HAPPENINGS

Mr. and Mrs. Pete McKenna and family and Mr. John McKenna spent

If You Never Saw Any Bulldogging, Just Stick Around

By Albert T. Reid

### EASTERNERS MAKE ASCENT TO TOP OF MT. PRINCETON

Mr. Bailey of Washington D. C. accompanied by Clarence Zumwalt of Kansas City made the ascent to the top of Mt. Princeton this week and report a most delightful trip. They left the boys camp at Round-Up Lodge at 8 o'clock in the morning and returned at 6 in the evening.

It happened to be a foggy day and the climbers found themselves above the clouds.

By means of binoculars they were able to distinguish some of the buildings in Buena Vista but most were hidden from view on account of the trees. They could see the tennis courts of the Antero Hotel quite distinctly. They caught a good view of the range as far as Leadville and as far west as Mt. Wilson. They also saw the sand dunes in the San Luis valley and could distinguish cars on the streets of Salida.

This is Mr. Zumwalt's fifth trip to the top of Mt. Princeton this summer. Mr. Bailey is a professional mountaineer.

### EVANGELISTIC MEETINGS OPENED SUNDAY BY REV. G. F. OWENS

Nazarene evangelistic meetings opened Sunday in the Assembly room of the Public Library at Fourth and "E" street with good attendance and interest. The speaker is the Rev. G. F. Owen who is assisted by his wife, a soloist, who's singing adds much to the meeting.

The Rev. G. F. Owen was born and reared in Texas. Growing cotton and grazing cattle are familiar occupations to him. His only brother took to the banking business but he took to the ministry at an early age. In his sixth year he was much impressed while attending an old-fashioned revival meeting.

Later the boy was soundly converted at the age of 11, and on the night of his confession felt that the Lord would have him devote his life to the ministry. A few years later he began preaching to as many as 2,000 to 3,000 people in a single audience before he was

### CENSUS WILL BE A BIG UNDERTAKING

The year 1930 will be of unusual interest to all of us because it's the year in which the official census will be taken. All of us will be glad to know how much the old town has grown in ten years, especially if it has grown vigorously and well. An interesting story of the preparations being made for taking the census, together with a history of our census taking will be found in the current issue of the National Republic. It was written by William M. Steuart, Director of the Bureau of the Census of the United States Department of Commerce, under the title "Uncle Sam to Go Visiting." In setting out the history of the development of our census taking in America, Mr. Steuart says in part:

"Some three thousand years ago King David set out to number people of Israel and Judah. It took nine months and twenty days to make the count, and the returns showed 1,300,000 valiant men that drew the sword."

"At the beginning our own na-

### Salidians Attend Ski Hi Stampede at Monte

Several Salida people attended the Ski-Hi Stampede at Monte Vista the past two days and have given favorable reports on the celebration.

Governor Adams of Denver was a visitor the first day, the day was called Governor's day, honoring Billy.

Large cash prizes were offered at the best puncher rodeo in the west and noted performers were to gather up a little of the coin. Bonnie Gray, well known performer and old Stampede favorite was again on the program this year and gave a fine exhibition. Sam Garret, six times world's champion roper, Ed Wright premier clown and Paris Williams, woman's champion rider at the Cheyenne Frontier Days were there to keep things moving.

Among those attending the event from here included Sheriff Hollenbeck and wife and son Kenneth, Mrs. J. E. Chestnut, Coe Branch and party, Evelyn Wilson, Carolyn Sinclair, Mr. and Mrs. R. S. Waggoner, Agnes Vaughn, Ruth Cole, Katherine Fife, Birt Slatner Mr. and Mrs. Clarence Glenn and son and Mr. and Mrs. Arthur Woods.

### Co-Op. Lettuce Assn. Ships Peas this Week

The Co-op. Lettuce Assn. shipped out a straight car of peas Thursday. They have been selling much of their produce locally. F. A. Manschein shipped out his fifth car of lettuce and peas yesterday. The Manschein sheds have been sending out more lettuce than peas. The Martha Packing Co. shipped out one car of peas and one of lettuce yesterday. W. M. Veith sent out a car of mixed peas and lettuce on Wednesday and another yesterday.

### Salida Woman Is Named on Grand Board of N. O. W.

Mrs. Josie K. Myers of Salida was named as attendant on the board of the Neighbors of Woodcraft at the Grand Circle session at Portland, Oregon, which is being held there this week.

Mrs. Meyers is now a member of the Grand Board of the organization.

Other members elected to the board were Mrs. Lillian Shockley of Pueblo, Mrs. Minnie Hiner of Portland, Oregon was re-elected grand guardian.

### Roads of County Are Open After Severe Rains Recently

Travel over all the roads of Chaffee County is going on as usual after severe rains and a few washes. The roads are not in as poor a condition as previous to the rains, but are reported to be rough between Salida and Denver.

In a few spots the roads are very rough, the top coating having blown

## TWO WOMEN HURT WHEN CAR OVERTURNES

Mrs. H. E. Patten of Buena Vista received a fractured knee cap, lacerations and bruises and Mrs. J. R. Stead received a severe cut above her right eye Thursday afternoon when the car in which they were riding hit a culvert and turned over about six miles west of Salida, near the Sand Park school house.

The two Stead children of Buena Vista were in the car but escaped with only minor cuts.

The two women were en route to Salida to visit with friends and shop when the accident occurred. The ladies were rushed to a Salida hospital where they were given treatment. Mrs. Stead was returned to her home last evening but Mrs. Patten was forced to remain in Salida until today.

The car was not badly damaged. The windshield was broken and the fenders of the car slightly damaged.

### City Food Inspector O. K.'s Meat Here

During the past month Dr. Fred Christensen, city food inspector put an O. K. on the following meat that was butchered: 34 veal, 2 hogs, 7 beef and 1 goats. Only four livers were unfit to be sold in the city and were condemned.

In most localities where butchering is done it is usual for at least one head of the stock butchered to be condemned but all the stock butchered last month and sold in Salida was passed by Dr. Christensen.

### Interest In Flying School Here Is Increasing

Salida's Flying school is increasing daily and every morning from 6 a. m. on, Pilot Carr is giving lessons at the Salida Airport. The students are very interested in their new enterprise and the pilot is more than interested in his students.

For the past few mornings, Pilot Clark Carr has been giving the Salida residents a few thrills. Thursday morning when flying school was dismissed, Pilot Carr went up to have a little fun and exercise in the Y. and R. Eaglerock. While he was up he started stunting, doing tail spins, looping-the-loop and what not. Those witnessing the expert flying expected to see the plane crash, thinking a student up who had lost control of the plane when Carr went into the first tail spin and they were relieved when the engine took hold and the plane shot up for several hundred feet, gaining altitude.

Pilot Carr, "The Flying Fool," is more than delighted when going thru these stunts and you'll always find him in high spirits after a good flight, plus some better stunting.

If you really want something to talk about, go out to the airport and go for a ride with Mr. Carr.

#### EVANGELISTIC MEETINGS OPENED SUNDAY BY REV. G. F. OWENS

Nazarene evangelistic meetings op-  
ened Sunday in the Assem-  
bly room of the Public Library at Fourth and  
"E" street with good attendance and  
interest. The speaker is the Rev.  
G. F. Owen who is assisted by his  
wife, a soloist, who's singing adds  
much to the meeting.

The Rev. G. F. Owen was born  
and reared in Texas. Growing cotton and grazing cattle are familiar  
occupations to him. His only  
brother took to the banking busi-  
ness but he took to the ministry at  
an early age. In his sixth year he  
was much impressed while attending  
an old-fashioned revival meeting.

Later the boy was soundly converted  
at the age of 11, and on the  
night of his Confession felt that the  
Lord would have him devote his  
life to the ministry. A few years  
later he began preaching to as  
many as 2,000 to 3,000 people in a  
single audience before he was  
only a "beardless youth" when or-  
dained to the ministry.

#### Tours England and Scotland

After completing standard courses  
in high school, in theology and ora-  
tory in college, the Rev. Mr. Owen  
continued his work in evangelism  
which led him over a majority of  
the states in the Union. Then dur-  
ing 1925 he answered calls for work  
in England and Scotland and in  
a four and one-half months cam-  
paign preached to large audiences  
in various churches and was invited  
to conduct "Non-day" shop meetings  
in large woolen mills in England.

These services were especially  
blessed by the Lord, and hundreds  
of men and women were greatly  
moved, some converted during noon-  
day services, while others came to  
night meeting at the church and  
were converted there. Mr. Owen's  
last night in England was spent in  
London, where he preached and  
many were converted.

#### Preaches in Jerusalem

After travels in Continental Eu-  
rope, Mr. Owen crossed the Medi-  
terranean and conducted an evan-  
gelistic campaign in Jerusalem.  
Then he traveled and studied in the  
Holy Land and Egypt, as well as in  
other eastern countries.

In his travels in 38 states of the  
Union and 20 foreign countries, Mr.  
Owen has always been accompanied  
by Mrs. Owen, who is a solo singer  
and accompanies her songs with her  
"Gibson" guitar. Has added much  
to the campaigns. She is some-  
times called "Byrdie," the sweet  
singer of Israel. Evangelist and  
Mrs. Owen are known professionally  
as "G. F. and Byrdie Owen."

#### "Holy Land Service"

A special service will be given  
next Wednesday evening, by request,  
by Rev. G. F. and Byrdie Owen,  
commonly known as the "Holy  
Land Service." At this time many  
things of interest will be shown and  
the dress of Palestine will be dis-  
played. A later news item will tell  
of such.

Mr. and Mrs. Herbert Cole are the  
proud parents of a six pound girl, born  
Thursday at the Rio Grande hospital.  
The little Miss has been named Bar-  
bara Ann. Mother and daughter are  
doing nicely.

Sheriff and Mrs. Lewis Hollenbeck  
and son Kenneth and Mrs. J. E. Ches-  
nut motored to Monte Vista Wednesday  
where they enjoyed the Ski Hi Stam-  
pede.

#### CENSUS WILL BE A BIG UNDERTAKING

The year 1930 will be of unusual in-  
terest to all of us because it's the year  
in which the official census will be  
taken. All of us will be glad to know  
how much the old town has grown in  
ten years, especially if it has grown  
vigorously and well. An interesting  
story of the preparations being made  
for taking the census, together with a  
history of our census taking will be  
found in the current issue of the Na-  
tional Republic. It was written by  
William M. Steuart, Director of the  
Bureau of the Census of the United  
States Department of Commerce, under  
the title "Uncle Sam to Go Visiting."  
In setting out the history of the  
development of our census taking in  
America, Mr. Steuart says in part:

"Some three thousand years ago  
King David set out to number people of Israel and Judah. It took  
nine months and twenty days to  
make the count, and the returns  
showed 1,300,000 valiant men that  
drew the sword."

"At the beginning our own na-  
tional existence, we took a census ap-  
proximately equal in magnitude to  
that taken by King David. The United  
States marshals, to whom the task  
was assigned, were allowed thirteen  
months for the enumeration, and re-  
turned a total population of a little  
less than 4,000,000. The census of  
population was established as a decen-  
nial event by the Constitution of the  
United States, and is the only current  
statistical inquiry which rests on such  
fundamental legal authority.

"Prior to 1790, the date of the first  
census of the United States, little had  
been done in any country toward es-  
tablishing a regular periodic census  
of population. Since that date, the  
nations of the world have been de-  
veloping methods and machinery that  
make possible a speedy counting of  
the people and the accumulation at  
same time of a vast amount of data  
regarding educational, social and eco-  
nomic conditions. The development of  
modern statistical methods has prob-  
ably gone farther in the United States  
than in any other country, and the  
director of the census is required in  
one month to enumerate 120,000,000  
people and to obtain rather extensive  
information for about six and a  
quarter million farms, 14,000 mines  
and quarries, and more than 100,000  
irrigation and drainage projects.

"The population of continental United  
States is now increasing at the rate of  
1,400,000 persons per year, or ap-  
proximately one person every twenty-  
six seconds. The total increase is  
made up of the annual excess of births  
over deaths, which amounts to 1,150,-  
000 and the excess of immigration  
over emigration, which amounts to  
an additional 240,000 per year. By  
1930 the population will be more than  
thirty times as great as it was in 1790  
and nearly twice what it was in 1890,  
or only forty years ago.

"History records no other instance  
in which the population has increased  
so rapidly. Further, there has been  
no other nation in which the increase  
in population has been accompanied  
by such improvement in the comfort  
statistician, I believe that this ad-  
and well-being of the people. As a  
vancement has been due in no small  
degree to the definite knowledge we  
have of our production, our resources,  
our facilities for transportation, and  
our population, as expressed in cur-  
rent statistics. It is the duty of the  
Bureau of the Census to compile much  
of this information and give publicity  
to it so that every individual and  
every industrial and commercial enter-  
prise, big or little, may have it  
and may be in a position to make sure  
of it."

Try our wanted section.

best puncher rodeo in the west and noted performers were to gather up a little of the coin. Bonnie Gray, well known performer and old Stampede favorite was again on the program this year and gave a fine exhibition. Sam Garret, six times world's champion roper, Ed Wright premier clown and Paris Williams, woman's champion rider at the Cheyenne Frontier Days were there to keep things moving.

Among those attending the event from here included Sheriff Hollenbeck and wife and son Kenneth, Mrs. J. E. Chestnut, Coe Branch and party, Evelyn Wilson, Carolyn Sinclair, Mr. and Mrs. R. S. Waggoner, Agnes Vaughn, Ruth Cole, Katherine Fife, Birt Slater Mr. and Mrs. Clarence Glenn and son and Mr. and Mrs. Arthur Woods.

#### Co-Op. Lettuce Assn. Ships Peas this Week

The Co-Op. Lettuce Assn. shipped out a straight car of peas Thursday. They have been selling much of their produce locally. F. A. Manschein shipped out his fifth car of lettuce and peas yesterday. The Manschein sheds have been sending out more lettuce than peas. The Martha Packing Co. shipped out one car of peas and one of lettuce yesterday. W. M. Weith sent out a car of mixed peas and lettuce on Wednesday and another yesterday.

#### City Food Inspector O. K.'s Meat Here

During the past month Dr. Fred Christensen, city food inspector put an O. K. on the following meat that was butchered: 34 veal, 2 hogs, 7 beef and 1 goats. Only four livers were unfit to be sold in the city and were condemned.

In most localities where butchering is done it is usual for at least one head of the stock butchered to be condemned but all the stock butchered last month and sold in Salida was passed by Dr. Christensen.

#### Interest In Flying School Here Is Increasing

Salida's Flying school is increasing daily and every morning from 6 a. m. on, Pilot Carr is giving lessons at the Salida Airport. The students are very interested in their new enterprise and the pilot is more than interested in his students.

For the past few mornings, Pilot Clark Carr has been giving the Salida residents a few thrills. Thursday morning when flying school was dismissed, Pilot Carr went up to have a little fun and exercise in the Y. and R. Eaglerock. While he was up he started stunting, doing tail spins, looping-the-loop and what not. Those witnessing the expert flying expected to see the plane crash, thinking a student up who had lost control of the plane when Carr went into the first tail spin and they were relieved when the engine took hold and the plane shot up for several hundred feet, gaining altitude.

Pilot Carr, "The Flying Fool," is more than delighted when going thru these stunts and you'll always find him in high spirits after a good flight, plus some better stunting.

If you really want something to talk about, go out to the airport and go for a ride with Mr. Carr.

In a few spots the roads are very rough, the top coating having blown and washed off and travel in these spots is over the rock foundation of the road.

The roads in Southern Colorado are in fine condition and are receiving large sums of money for improvements but northern Colorado suffers the rains and washes and their appropriation is not so large.

On the St. Elmo road, a washout just above the Byrd Colonies, held up traffic for a few hours. Roads in all directions have been washed to some extent but not enough to seriously interfere with traffic.

It is reported that a cloud burst in the Brown's creek district, 2 miles south inundated a number of fields doing considerable damage to crops.

The almost nightly rains are delaying the gathering of telephone peas and lettuce but no serious damage has been reported in this vicinity.

The packing sheds are busily engaged in rushing out cars and report lettuce and peas in first class condition.

Dr. Fuller to be  
Medical Examiner  
For Flying School

Dr. C. Rex Fuller will be appointed medical examiner for the Salida flying school in the near future it is ex-  
pected.

Pilot Carr and Wm. S. Rush, attorney, as well as many others interested in the progress of the Salida flying school are striving to obtain this appointment for Dr. Fuller.

Every student is required to pass a physical examination before taking flying lessons and as there is no one here at the present time commissioned to examine the students, they are compelled to make trips to Colorado Springs for examination.

#### Salida Is Favored to Defeat Crested Butte At Baseball Here Sun.

Salida baseball team is rated to score another victory to their already numerous victories Sunday when they will play ball with the Crested Butte, here. The game is to be palyed at Marvin Park.

Sunday will also be "Ladies' Day," with all ladies admitted free of charge.

The Crested Butte batters claim the championship of the Western Slope.

The regular line-up will start Sun-  
day's game. Everyone out.

CROP LOSS OVER DELTA  
COUNTY WILL BE TERRIFIC  
FROM STORMS OVER WEEK

Delta county has suffered during the past week, terrific losses from hail, wind and high water, the exact amount of which cannot be estimated. The districts suffering the most are Eckert, Pitkin, Mesa, Hotchkiss and California Mesa. Storms at the same time have flooded every part of the western Colorado, with Ouray taking the worst loss when three cloudbursts washed through the city. The damage was spotted with the hail jumping from one section to another.

Eckert Loss.

Hail covering a mile wide strip from Tongue creek to the hill near Hart's basin, which was aided by a terrific wind, stripped the corn, beat down the wheat, ruined the hay and put an end to all fruit crops coming within its range. The hill was piled in drifts of more than a foot deep, and covered the ground like a heavy snow.

Colorado Day Is  
Observed Thursday

The two banks in Salida suspended business yesterday and the County offices at Buena Vista were closed for the day in observation of Colorado Day.

Colorado Day was celebrated all over the state. Flags were displayed on Main street here and several dwelling houses in Salida displayed the American flag.

Colorado Day is a day of memories for most of the old timers here, who delighted in recalling the celebrations staged on the event of joining the union and how large cities and districts were at that time and how they have increased in population and wealth.

# THE SALIDA RECORD

VOLUME XXXVII

## BUENA VISTA'S AIRPORT HIGHEST IN WORLD

### L.T. O. R. MEACHAM SERIOUSLY HURT IN PLANE CRASH

Lt. O. R. Meacham, son of Mr. and Mrs. O. R. Meacham, was critically injured when the plane in which he was riding crashed to the ground at Kelly Field, San Antonio, Texas, Wednesday.

Mr. and Mrs. Meacham left Salida for San Antonio Wednesday night following receipt of telegram.

The accident is the second for Lt. Meacham. Not long ago while riding in an airplane, the motor went to pieces while he was high in the air. He was, however, able to make a safe landing with no serious injury to himself or plane.

All arrangements for the Air Circus on Lettuce Day, have not been completed, but expect to have at least five airplanes, three of which will carry passengers. Plans are under way to have Mr. Earl Ewing of Colorado Springs, who is State Commander of American Legion, to come up in his airplane. We also hope that Mr. Nefziger will still be here with his Stinson.

## MEDICAL MEN TO MEET IN SALIDA SATURDAY

The mid-summer meeting of the Arkansas Valley Medical Association will be held Saturday, August 10th at the Salida Elk's club. The meeting will be held at intervals between 10 a.m. and 4:30 p.m.

The program for the meeting reads: "Program for Organized Medicines in Colorado." Harvey T. Sethman, executive secretary of the Colorado State Medical society, and many other interesting medical talks given by Jabez Jackson, M. D. of Kansas City and Frank B. Stephenson, M. D. Denver, Colorado; F. M. McCallum, M. D. Kansas City and John Outland, M. D. Kansas City, Mo.

At the home of Mrs. George Curfman the ladies will meet for a special entertainment. Luncheon will be served for the visiting doctors at the Elks club.

The evening social features for all who come are unusual and a surprise. All visiting doctors in the city are invited and welcome to attend this meeting.

CARIGNAN INFANT DIES  
AT PONCHA THURSDAY

### FOOD DEMONSTRATION AT PUBLIC SERVICE OFFICE THIS WEEK

Housewives of Salida are delighted with the newer methods of cookery. Mr. Bates of the Public Service has been fortunate in securing the services of Miss Ina Scrivner, a home economist, to show a marvelous electric cooker that operates from a lamp socket. Miss Scrivner insists there is no charm in her methods, it all lies in the cooker. The display in the window at the Public Service shows the perfection of the foods cooked in this manner.

The Hotel Antero at the Princeton Hot Springs, reports the hotel filled and business better than for several years. Bungalows and cottages on Chalk creek and at Cottonwood lake, are all occupied and the Webb and Dodge camping cottages in town are well filled with tourists, stopping over night or for a few days.

The Arkansas Doctors' Association now in convention in Salida are to be entertained with a dinner and dinner in the Hotel Antero, Saturday night, to which the public is not excluded.

Every housewife in Salida should make it a point to call at the Public Service office and see this cooker. Miss Scrivner will be at Public Service office the remainder of the week and will be pleased to tell you about the marvels of electric cookery.

### TELEPHONE LINE MAKING PROGRESS BETWEEN HERE AND CANON, REPORTED

Rapid progress is being made by the construction gang working on the Mountain States Telephone and Telegraph company toll line to Salida. Poles have been set to a point considerably west of Parkdale and the wires are on the cross-arms as far as Gorgemore, the main camp of the construction outfit.

About thirty

### GOLD DREDGE AT GRANITE STILL OPERATES

The gold dredge in the Arkansas river at Granite, is still working successfully, sucking up the sand and gravel from the bed of the river, recovering the free gold by amalgamation and concentrating the black sands, which are said to carry high gold values, which are to be treated in a mill to be built in Granite.

The small experimental smelting furnace recently erected in Buena Vista, was started up Wednesday evening on a quantity of shale brought from Wyoming, which is said to contain gold values in considerable amounts, that cannot be recovered by the usual methods of treatment. F. C. Fisk, capitalist, of Buffalo, New York, who is backing the dredging operations in Granite and the experimental furnace in Buena Vista, is here watching developments. Mr. Noble, who is in charge of the dredge and the furnace, which is an invention of his own is very confident of complete success in both instances.

The Hotel Antero at the Princeton Hot Springs, reports the hotel filled and business better than for several years. Bungalows and cottages on Chalk creek and at Cottonwood lake, are all occupied and the Webb and Dodge camping cottages in town are well filled with tourists, stopping over night or for a few days.

The Arkansas Doctors' Association now in convention in Salida are to be entertained with a dinner and dinner in the Hotel Antero, Saturday night, to which the public is not excluded.

Mrs. R. L. Nafziger, who was so painfully injured in her knee by a fall in St. Elmo, two weeks ago, after ten days treatment in a Salida hospital, returned to her new \$20,000 bungalow on the heights overlooking the Hotel Antero, Monday. Mrs. Nafziger's leg is still in a plaster cast and she will be compelled to use crutches for a time.

While the almost continuous daily and nightly rains have inflicted considerable damage on growing crops, the roads and highways have not suffered sufficiently to seriously interfere with traffic. Some small washings and wash-outs in places, the surfacing material washed away, exposing the rough rubble subsurface, is about the extent of the damage.

Four to five hundred cars are

### BREWERY NOW CHEESE FACTORY-KEPT BUSY

Milwaukee, Wisconsin—Men driving trucks, boys tugging little red wagons, girls pushing empty baby carriages, all made their way recently to the great plant of the Pabst Corporation, successors of the Pabst Brewing company, which before prohibition was one of the largest breweries in the United States.

Their object? To get the empty beer cases offered them free for kindling. Some 150,000 old wooden cases have thus been disposed of. The corporation has no further use for them.

Today new industry is growing on the site of the old in the big plant of five square city blocks.

The Pabst corporation is one of its buildings is turning out daily from 40,000 to 50,000 pounds of cheese. In addition, a new cheese product goes out at the rate of 60,000 to 70,000 packages a day.

In a refrigerated room where once kegs of beer were filled or "racked" some 5,000,000 pounds of big round cheese are stored for a 6 to 10 month's aging process designed to give it the right flavor.

And how did the Pabst Corporation happen to go into the cheese business? Fred Pabst, president of the corporation, had a prize herd of Holstein cattle at Oconomowic, Wis., before anyone thought of his Milwaukee plant making a dairy product. The milk from the herd was used to make cheese on the farm, and the steps that led to the establishment of the manufacturing business in the brew house can easily be guessed.

When the beer industry was ruled out of existence, owners of the plant and the travellers were given a drink of pure artesian water. Sugar beets were shown at the W. L. Starbucks ranch and J. W. Prentites showed the party different varieties of peas and a discussion was held on the sub-irrigation of crops.

Pea variety tests were conducted at the Pabst plant and the potato grading plant at Center, said to be the largest potato grading plant of its type in the United States, was also visited and inspected. A lunch was given the travellers in Center.

### Dead Lie in Trenches, As Diggers on Strike

New York—Temporary burial of the dead in trenches, reminiscent of war times, was resorted to today at Calvary cemetery in Queens, where a week-old strike of grave diggers resulted in an accumulation of 600 bodies.

Since the start of the strike bodies have been placed in the cemetery's temporary receiving vaults which have accommodation for nearly 1,000 bodies. Under the law, however, a body must be buried within four days after death, and over the week-end men were placed at work digging three long trenches.

There will be the usual free barbecue, a distinctive feature of Lettuce Day celebrations, and a big dance Monday evening. The races will be better than ever before and a number of new features will be introduced. A new scheme of colored lights will be used on the streets, and it now seems certain that there will be a splendid parade, a feature that was missing last year.

A new feature will be the Air Circus with passenger carrying, airplane stunts, an air race and probably a parachute jump. The landing field is in excellent condition and this feature of the celebration is attracting a great deal of interest. A committee is also making arrangements to place in the Community House the best agricultural display ever attempted in Buena Vista.

The free barbecue, the rodeo, the big dance, the air circus, the parade and a number of other new features will make this the best short celebration put on in Colorado. Lettuce day at Buena Vista has become recognized as one of the permanent and successful shows of the state. This year no large posters will be used. Two thousand hand bills have been printed and will be distributed by an air plane in adjoining towns. Newspaper locals and picture show ads will be freely used and present indications point to the best show and the largest crowd in the history of Buena Vista.

### 8TH ANNUAL LETTUCE DAY BUENA VISTA

Everything is in full swing for the Lettuce Day celebration, September 1 and 2nd and all committees are organized and hard at work. The finance committee is meeting with encouraging success and the general opinion is that this will be the best celebration yet staged.

There will be the usual free barbecue, a distinctive feature of Lettuce Day celebrations, and a big dance Monday evening. The races will be better than ever before and a number of new features will be introduced. A new scheme of colored lights will be used on the streets, and it now seems certain that there will be a splendid parade, a feature that was missing last year.

cent of the taxes," he said.

The state constitution, Loomis said, provides such heavy taxation on intangible property that the law is not enforced, throwing the burden of taxes upon real estate. If the intangible property tax was enforced, he said, wealth would be driven from the state, shocks, bonds and credits go untaxed, he told the club.

In view of the experience of the recent trans-Atlantic flyers we are wondering whether Noah didn't find a stowaway or two on the Ark.
